ISI HR, INC. dba STRATUS.HR RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF PLAN

ISI HR, Inc. dba Stratus.HR (The Company) is the sponsor of the ISI HR, Inc. dba Stratus.HR Retirement Plan (the Plan), a multi-employer plan. The Company is a professional employer organization which leases employees to approximately sixty-six other companies (participating employers). Each participating employer adopts its own participation requirements and features. The following description of the Plan sponsored by the Company provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

Participation

The Plan is a profit-sharing plan with a 401(k) salary deferral feature. Employees' eligibility to participate in the salary deferral feature of the Plan varies. Some employees are immediately eligible while other participating employers require the completion of one year of service. Some participating employers do not have an age requirement in order to participate in the Plan while others require attainment of age 18, 19, or 21 prior to participation. The intent of the Plan is to allow employees to save for retirement on a tax-advantaged basis. For tax-deferred employee contributions to the Plan, the employee is not taxed on the employee's contributions, employer matching contributions (if any), or earnings on the employee's account, until distributions are received from the Plan. For Roth contributions, the employee is taxed on the employee contributions in the year earned, but is not taxed at the time contributions and earnings are distributed from the Plan. The Plan's assets are held in trust and invested primarily in mutual funds held in pooled separate accounts (See Note 5).

Contributions

Each year, the Company contributes to the Plan the total amount of salary deferral elected by employees and a discretionary matching contribution (for some participating employers) equal to a uniform percentage of each eligible participant's deferred salary, or a 50% match up to 6% of covered compensation for others.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the (a) participating employer's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on each participant's compensation or account balances as defined.

Payment of Benefits

The Plan provides for the distribution of benefits upon retirement, death, termination of service, disability, or financial hardship (as defined by the Internal Revenue Code). Upon termination, a participant may elect to receive a lump-sum amount in cash or property equal to the value of his or her account or payments in monthly, quarterly, semiannual or annual cash installments. Vested benefits payable to terminated participants that have not requested a distribution of their account balance totaled \$1,048,267 and \$1,239,831 as of December 31, 2019 and 2018, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting and Forfeitures

Participants are immediately vested in their elected salary deferral and earnings thereon. Vesting in participating employer contributions is generally based on years of service. Employees of some participating employers are immediately vested in participating employer contributions while others vest at the rate of 20% for each year of service completed. If an employee terminates prior to being fully vested, the non-vested portion of their account is forfeited and becomes available to reduce future participating employer contributions. During the years ended December 31, 2019 and 2018, \$74,271 and \$64,290, respectively, of forfeitures became available.

Participant Notes Receivable

Some participating employers allow participants to borrow from fund accounts up to 50% of their vested account balance with a maximum of \$50,000. Loan transactions are treated as a transfer between the investment fund and the participant loan fund and have various maturities. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.5% (4.25% to 6.25% as of December 31, 2018). Principal and interest are paid through payroll deductions, but participants may also pay off their outstanding loan balances directly to Transamerica. Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 5). Investment transactions are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Changes in fair value during the year include realized appreciation or depreciation on investments sold during the year as well as unrealized appreciation or depreciation on investments held at year end. Unrealized appreciation or depreciation is determined based on the fair value of investments at the beginning of the Plan year. Interest income and the change in fair value during the year are included in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ISI HR, INC. dba STRATUS.HR RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2019 and 2018

NOTE 3 – QUALIFIED PLAN STATUS

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as well as provisions of the Internal Revenue Code (IRC). The Plan received a favorable determination letter from the Internal Revenue Service, dated July 7, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan sponsor and the Plan administrator believe the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the plan is qualified and the related trust is tax-exempt. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 – INVESTMENTS

The Trustees of the Plan administer the Plan's investments. Investment decisions are made in accordance with the Plan agreement and assets of the Plan are invested in various mutual funds managed by Transamerica Financial Life Insurance Company (U.S.A.). These funds include various equity and debt security mutual funds. All dividends are automatically reinvested.

The Transamerica Stable Value account (a fully benefit-responsive investment contract) is presented at contract value, which approximates fair value, on the statements of net assets available for benefits. The average yield interest rates earned by the Plan (which equals the rates credited to participants) for the years ended December 31, 2019 and 2018 were 1.60% and 1.40%, respectively. Generally, there are no events that could limit the Plan's ability to execute transactions at contract value with the issuer at any time. There are no events that allow the issuer to terminate the contract and settle at an amount materially different from the contract value.

Financial instruments measured at fair value on a recurring basis

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of the fair value hierarchy under FASB ASC 820 are defined as follows:

ISI HR, INC. dba STRATUS.HR RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2019 and 2018

NOTE 5 – INVESTMENTS (CONTINUED)

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market.

Level 2 – inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Insurance company general account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Pooled separate accounts: Valued at the net asset value of shares of underlying mutual fund investments, based on market quotations, held by the Plan at year-end.

The following summarizes financial assets and liabilities measured at fair value on a recurring basis by using the valuation hierarchy:

Assets at Fair Value at December 31, 2019
