NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Cavallo Point LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Cavallo Point LLC (the Company), as defined in the respective Plan documents and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In addition to optional Company contributions to the Plan, the Plan includes a voluntary employee deferred salary arrangement.

Participant Contributions: Each year, eligible participants may contribute to the Plan up to 90% of pre-tax annual compensation, up to a maximum amount determined by the Internal Revenue Service ($19,000 for 2019 and $18,500 for 2018). The Plan allows all participants who have attained age 50 before the end of the Plan year to make catch-up contributions in accordance with Section 414(v) of the Internal Revenue Code ($6,000 for 2019 and 2018). The Plan allows participants to make two kinds of contributions; pre-tax elective deferrals and Roth elective deferrals. Participants may also contribute amounts representing distributions, or roll-overs, from other qualified retirement plans.

Company Contributions: The Company may make voluntary matching contributions to the Plan at the discretion of the Company's Board of Directors. Eligible participants must make elective deferrals to the Plan to receive matching contributions. Additionally, the Company may, at the discretion of its Board of Directors, make a nonelective contribution to the Plan. The nonelective contribution is allocated to all eligible participants.

Participant Accounts: Each eligible participant's account is credited with the participant's salary reduction contributions and allocations of the Company's contributions, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants: Participants may borrow from their fund accounts, a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest are paid through payroll deductions over a period not to exceed five years unless the loan is used to purchase a primary residence. Loans used to purchase a primary residence must be repaid within a period of no more than thirty years.

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF THE PLAN-Continued

Vesting: Participants are vested immediately in their salary reduction contributions plus actual earnings thereon. The full amount credited to a participant's account is vested when the participant attains age 65 or when participation terminates by reason of death or disability. The account of a participant otherwise vests as follows:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits: Upon termination of employment, participants with vested account balances less than $5,000 will receive their distribution in a lump sum as soon as administratively feasible. If upon termination of employment with a vested account balance that exceeds $5,000, the Plan will commence distributions to the participant in the manner elected by the participant and allowed by the Plan. On termination of service due to disability, a participant with a vested account balance greater than $5,000 may elect to receive either a lump-sum, part lump-sum and part installments, installment payments or a joint and survivor annuity. If the disabled participant's vested account balance does not exceed $5,000, the Plan will distribute that amount in a lump-sum as soon as administratively feasible. On termination of service due to death, the Plan pays the participant's designated beneficiary in the form and at the time elected by the beneficiary, unless, the participant specified the timing and form of the beneficiary's distribution.

Upon reaching age 59 1/2, a participant may elect to receive all or part of the vested interest in his or her account while employed by the Company.

The Plan allows financial hardship distributions caused by certain events as defined in the Plan.

Forfeited Accounts**:** Participants who terminate their employment forfeit their unvested balances to the Plan. At December 31, 2019 and 2018, there are no forfeited non-vested accounts.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF ACCOUNTING POLICIES-Continued

Use of Estimates: The preparation of the Plan's financial statements requires the Plan administrator to make estimates and judgments that affect the reported statements of net assets and changes available for benefits. Such estimates relate primarily to the valuation of investments not traded on an established market. Actual results could differ from those estimates.

Risk and Uncertainties: Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation and Revenue Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in the fair value of investments consists of the unrealized appreciation (depreciation) and the realized gains or (losses) on the sales of investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019, or 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE C - INVESTMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal market for the asset or liability in an orderly transaction between market participants on the measurement date. U.S. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE C – INVESTMENTS-Continued

U.S. GAAP prescribes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities, which are considered to be most reliable.
Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data.
Level 3 - Unobservable inputs reflecting the reporting entity's own assumptions, which require the most judgment.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no significant changes in the methodologies used during the years ended December 31, 2019 and 2018.

Mutual funds are traded on a national securities exchange and are stated at the last reported sale or settlement price on the day of valuation.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019	
	Level 1	**Total**
Mutual funds	$ 1,324,630	$ 1,324,630
Total assets in the fair value hierarchy	1,324,630	1,324,630
Total Investments at Fair Value	**$ 1,324,630**	**$ 1,324,630**

	Assets at Fair Value as of December 31, 2018	
	Level 1	**Total**

NOTE E - PLAN TERMINATION

NOTE G – TAX STATUS

The Plan has adopted a prototype plan which received an advisory letter from the IRS on July 8, 2014, which stated that the prototype plan is designed in accordance with the applicable section of the IRC. In Accordance with Revenue Procedures 2017-6 and 2011-49, the Company has determined that it is eligible to and has chosen to rely on the current advisory letter. The plan has also adopted discretionary amendments. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, is exempt from federal income taxes.

NOTE I – SUBSEQUENT EVENTS

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 8, 2020 the date that the financial statements were available to be issued.

In March 2020, the World Health Organization classified the outbreak of the novel coronavirus ("COVID-19") as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, investments held by the Plan have incurred significant declines in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report and the Plan continues to evaluate the nature and extent of the impacts to its financial condition.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act" or the "Act") was signed into law. The CARES Act allows retirement plan participants to have greater access to their savings if they are impacted by COVID19, as defined in the Act. The Plan has adopted these provisions which are generally set to expire on or about December 31, 2020.
