Note 1 - Description of the Plan

The following description of the Wrist North America, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the *Plan Document* for more complete information.

General

The Plan is a defined contribution plan pursuant to Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan was adopted effective January 1, 2010 with its latest amendment effective October 1, 2018, by Wrist North America, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

All of the Company's employees who are not covered by a collective bargaining agreement, not acquired in an asset or stock acquisition, merger or similar transaction during the transition period only, and who are not nonresident aliens are eligible to participate in the Plan. Employees are eligible after attaining 21 years of age and completing three months of eligible service. Effective October 1, 2018, the service requirement was removed. Employees can elect to contribute to the Plan immediately upon meeting the eligibility requirements. Employees must complete one year of service before they become eligible for the employer matching contributions or employer profit sharing contributions.

Plan custodians and recordkeeper

Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC ("Great-West" or "Custodians") are the custodians of the Plan. Empower Retirement ("Empower") is the recordkeeper of the Plan.

Contributions

Participants can contribute pre-tax and after-tax contributions to the Plan subject to certain limitations established by the IRC.

The Company matches 100% of participant contributions up to 3% of the participant's eligible compensation, plus 50% of deferrals up to the next 2% of eligible compensation. Effective January 1, 2018, the Plan adopted the Safe Harbor provisions of the IRC. The matching contribution is computed based on each payroll period. The Company may also make an annual profit-sharing contribution to the Plan. No profit-sharing contributions were made during the 2019 and 2018 Plan years.

During 2018, the Company made a contribution to the Plan for corrections related to World Ship Supply Inc. 401(k) Profit Sharing Plan & Trust for plan years ending December 31, 2006 through 2011. The World Ship Supply Inc. 401(k) Profit Sharing Plan & Trust was merged with the Plan in 2011. The contribution was recorded as other employer contributions receivable.

Note 1 - Description of the Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, the Employer's contributions, if any, Safe Harbor employer matching contributions, an allocation of Plan earnings or losses, and administrative expenses. These allocations are based on the participant's eligible compensation, as defined, and account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account balance.

Investment options

Upon enrollment in the Plan, participants may direct their contributions into any of the investment options offered by the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the percentage allocation of future contributions.

Vesting

Participants are immediately vested in their contributions, Safe Harbor employer matching contributions, and the actual earnings thereon. The Employer's contributions vest based on a 6 year graded vesting schedule. Participants or their beneficiaries shall be immediately vested in their accounts upon death, retirement, or total and permanent disability.

Year(s) of Service	Percent Vested
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

Notes receivable from participants

Participants may borrow up to the lesser of $50,000, reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period, or 50% of the vested balance of their accounts, without penalty, subject to IRC regulations. The minimum amount that a participant may borrow is $1,000, with only one note outstanding at any time. Note terms are not to exceed five years, unless the note is used to acquire a principal residence, in which case, the Plan administrator may permit a longer repayment term. The notes are secured by the balance in the participant's account and bear a rate of interest equal to the prime interest rate plus one percent.

Participant withdrawals

Upon termination of services due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount or installment payments. If the value of the participant's account is less than $1,000, the payment will be made in cash in a single lump-sum. If the participant's account balance is more than $1,000 but less than $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Note 1 - Description of the Plan (Continued)

Participant withdrawals (continued)

Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Forfeitures

The Plan provides that nonvested portions of Employer contributions that are forfeited by terminated participants may be applied, at the Company's discretion, to Plan expenses, reallocated to participants or used to reduce future Employer contributions. Forfeitures from the participants' non-vested accounts of $8,836 and $19,860 were used to reduce employer contributions for the year ended December 31, 2019 and 2018, respectively. Total forfeitures available for use by the Plan were $544 and $353 as of December 31, 2019 and 2018, respectively.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated by the Company, all participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Investment valuation and income recognition

Mutual fund investments are reflected at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

The fixed income fund is fully benefit-responsive and is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The Plan recognizes net appreciation or depreciation in the fair value of its investments. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments on the statements of changes in net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds and a fixed income account. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any Plan investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Recent accounting pronouncement

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* in August 2018. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of the ASU are not expected to have a material impact on the Plan's financial statements.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;

Note 3 - Fair Value Measurements (Continued)

- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quotes prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or

- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued daily using quoted market prices. The mutual funds are measured at level 1 as of December 31, 2019 and 2018.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investment with Insurance Company

The fixed account holds a benefit-responsive investment contract (the "Contract") with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value

Note 5 - Tax Status

The volume submitter plan adopted by the Company received its latest favorable determination letter dated September 30, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2019.

Wrist North America, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019

Note 5 - Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Information Certified by the Custodians (Unaudited)

For 2019 and 2018, the financial information included in the Plan's financial statements and the supplemental schedule except for the other employer contributions receivable, contributions, participant withdrawals and administrative expenses, has been derived from information certified as complete and accurate by the Custodians, in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Related Party Transactions

Certain Plan assets are managed by the Custodians and, therefore, qualify as party-in-interest transactions.

Note 9 - Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen and have caused significant volatility in the U.S. markets. However, the financial impact and duration cannot be reasonably estimated at this time.

The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was passed by Congress and signed into law on March 27, 2020. Plan Management is currently evaluating the CARES Act and its impact on the Plan.

Management has evaluated subsequent events through October 12, 2020, which was the date that the financial statements were available to be issued and has determined that there are no other subsequent events to be disclosed.
