Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Such contributions are 100% vested and nonforfeitable. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer matching contributions: The Company makes matching contributions equal to the lesser of (a) 50% of the participant's contribution for the plan year, (b) 2.5% of the participant's compensation for the plan year, or (c) $3,750. These employer matching contributions are subject to overall employer contribution limits and additions to individual participant account limits. Participants are immediately 100% vested in employer matching contributions.

Employer discretionary contributions: The Company may make employer discretionary contributions to the Plan. The employer discretionary contributions would be allocated to participant accounts in the same ratio as the participant's compensation bears to total compensation of eligible participants. These employer discretionary contributions are subject to limits stated in the plan document and to individual participant account limits. Each participant will be vested in employer discretionary contributions per the vesting schedule. The Company elected to make discretionary contributions in the amount of $1,613,380 for the year ended December 31, 2019.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Substantially all front office employees, other than players, who have worked 500 hours in a twelve month period beginning on the date the employee completes one hour of service, are eligible for participation as of the next succeeding entry date, which is the first day of each calendar quarter.
Forfeitures	:	At December 31, 2019, the forfeiture account held by the Plan totaled $12,044. Forfeitures are used as of the end of the plan year in which the forfeiture occurred to reduce future discretionary contributions and matching contributions. In 2020, forfeited nonvested accounts totaling $12,044 were used to fund a portion of the plan year 2019 employer discretionary contributions.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer matching contributions, an allocation of the employer's discretionary contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $1,000. Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Vesting : Participants are vested immediately in their participant salary reduction contributions, employer matching contributions and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts (employer discretionary contributions) is based on years of service for periods of prior or subsequent employment with any designated organization, as defined by the Plan. Accrued benefits vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	60%
4	80%
5 or more	100%

For vesting purposes, a year of service is defined as a plan year in which an employee works at least 1,000 hours.

Participants become fully vested upon termination for reason of retirement, death or if the Plan is terminated. Non-vested benefits are forfeited by participants upon termination for reasons other than normal retirement or death.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting : The financial statements of the Plan are presented on the accrual basis of accounting.

Administrative expenses : All administrative, accounting, legal and audit services of the Plan are provided by the Company at no cost, or paid by the Company.

Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits : Benefits are recorded when paid.

Subsequent events : The Plan has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates : The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by PNC Bank, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2019 and 2018. Certified information is summarized as follows:

	2019	2018
Common/collective trusts, at fair value	$ 30,560,504	$ 23,289,346
Mutual fund, at fair value	874,709	846,486
Total assets certified by the custodian	$ 31,435,213	$ 24,135,832

Changes in net assets certified by the custodian and not audited for the year ended December 31, 2019, include the following:

Net appreciation in fair value of investments	$ 5,916,966
Interest income on investments	17,818

NOTE 4--FAIR VALUE MEASUREMENTS

The fair value measurement authoritative accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the fair value measurement authoritative accounting literature and a description of the valuation methodologies used for assets measured at fair value are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2019 and 2018.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan held no level 3 assets as of December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual fund	$ 874,709	$ 0	$ 0	$ 874,709
Total assets in fair value hierarchy	$ 874,709	$ 0	$ 0	874,709
Investments measured at NAV using the practical expedient				30,560,504
Total investments, at fair value				$ 31,435,213

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual fund	$ 846,486	$ 0	$ 0	$ 846,486
Total assets in fair value hierarchy	$ 846,486	$ 0	$ 0	846,486
Investments measured at NAV using the practical expedient				23,289,346
Total investments, at fair value				$ 24,135,832

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Common/collective funds are valued at the NAV of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments for which fair value is measured at NAV per share (or its equivalent) using the practical expedient as of December 31, 2019 and 2018:

NFL Reciprocal Trust	12/31/2019 Fair Value	12/31/2018 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts	$ 30,560,504	$ 23,289,346	None	Monthly	Monthly

NOTE 5--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6--TAX STATUS

The IRS has determined and informed the Company by a letter dated January 26, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in process.

NOTE 7--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and common/collective trust funds managed by PNC Bank. PNC Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan’s operations.

NOTE 8--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9--NONEXEMPT TRANSACTIONS

During the plan year 2019, participant contributions of $311 was withheld from participants' pay and were not remitted to the Plan timely. Each remittance constituted a loan from the Plan to the plan sponsor. The late contributions were remitted to the Plan during the December 31, 2020 plan year. Lost earnings on these participant contributions were determined to be immaterial and the Company expects to remit these lost earnings during plan year December 31, 2020 (See attached Schedule H – Line 4a).

NOTE 10--SUBSEQUENT EVENT

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
