Daniels Sharpsmart, Inc. 401(k) Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Daniels Sharpsmart, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by the Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A – PLAN DESCRIPTION

The following description of the Daniels Sharpsmart, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) plan sponsored by Daniels Sharpsmart, Inc. (the "Company" and "Employer") with a plan year end of December 31st. The original Plan became effective January 1, 2013. The most current revision to the plan became effective on April 4, 2016 and included moving the Plan to the mid-market ADP Platform and instituted an employer match. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to make contributions to the Plan as a percentage of their eligible compensation, from 1% to 90%, either in pre-tax contributions or in after-tax Roth contributions, subject to the maximum allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In general, employees are permitted entry into the Plan on the first day of the month coinciding with or next following their hire date. There are no age or service requirements to enter the Plan.

Effective, April 4, 2016, the Company began offering a matching contribution of 33%, up to 3% of the participant's eligible compensation.

The Plan also allows for a nonelective Social Security integrated discretionary employer contribution. Nonelective discretionary contributions, if any, will be determined as of the end of the plan year and participants must be active on the last day of the plan year to receive a contribution. The Company did not make a nonelective discretionary contribution for the plan year ending December 31, 2019 or 2018. Contributions are subject to certain IRS limitations. Company contributions are invested per the participant's instructions.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Employer matching or nonelective discretionary contributions paid on the participants' behalf are subject to a six year graded vesting schedule. In addition, a participant becomes fully vested upon death, disability or attainment of normal retirement age of 65.

NOTES RECEIVABLE FROM PARTICIPANTS
Participants may borrow funds from their accounts up to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at fixed rates equal to the published prime rate, plus two percent. The term of the loan cannot exceed five years, except for loans used to finance the purchase of the participant's primary residence, in which case the loan term may not exceed thirty years. Principal and interest is paid ratably through payroll deductions. A participant may only have one loan outstanding at any time.

NOTE A – PLAN DESCRIPTION – Cont.

BENEFIT PAYMENTS
Upon termination of employment, death, disability, or normal retirement, a participant (or designated beneficiary) may elect to receive 100% of his or her vested account balance in either a lump sum cash payment or a direct rollover to another qualified plan. Participants who have attained age 59 1/2 may also withdraw all or a portion of their vested account balances. Distribution of a participant's salary deferral contributions and Company contribution accounts may also be made in the case of certain financial hardships. Minimum distributions are required once the participant reaches age 70 1/2.

FORFEITED ACCOUNTS
Non-vested portions of participant accounts, if any, are forfeited upon termination of employment. Forfeited accounts may be used to reduce employer contributions. There were no material unapplied forfeitures at December 31, 2019 or 2018. Forfeitures were used to reduce employer contributions in the amount of $29,114 for the year ended December 31, 2019.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

EXCESS CONTRIBUTIONS PAYABLE
Amounts payable to participants for contributions in ecess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributons. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – Cont.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through September 9, 2020, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after September 9, 2020.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the custodian, Reliance Trust Company, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits. Information related to the notes receivable from participants.

b. Net investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

Mutual Fund Shares: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Shares: Valued at the NAV of the units in the Invesco Stable Value Fund and the State Street Global Advisors trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 201,9 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	$3,402,305	-	-	$3,402,305
Other Investments Measured at Net Asset Value (a)	-	-	-	259,098
Total Assets at Fair Value	$3,402,305	-	-	$3,661,403

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,204,524	-	-	$2,204,524
Other Investments Measured at Net Asset Value (a)	-	-	-	138,642
Total Assets at Fair Value	$2,204,524	-	-	$ 2,343,166

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

There were no transfers between levels during the 2019 or 2018 Plan years.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share as of December 31, 2019, and 2018, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 259,098	N/A	Daily	30 days

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 138,642	N/A	Daily	30 days

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are sponsored by the custodian and these transactions qualify as party-in-interest transactions, along with the notes receivable from participants. Fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of investments and are paid through revenue sharing, rather than a direct payout. The Company provides certain accounting and administrative services to the Plan for which it receives no compensation. Legal, accounting and some administrative fees are paid directly by the Company and are not included in these financial statements.

NOTE F – TAX STATUS

The Plan, which is a prototype plan sponsored by ADP, Inc. has received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service has stated that the Plan document is acceptable under Section 401 of the Internal Revenue Code and therefore not subject to tax. The plan has been amended since receiving the opinion letter, however, the plan sponsor is not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan became effective in 2013, and it is not subject to income tax examinations for years prior to 2016.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts including employer contributions.

NOTE I – SUBSEQUENT EVENTS

In the first three quarters of 2020, a novel strain of coronavirus has caused general business disruption throughout North America. It has also created frequent financial market fluctuations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Therefore, while the Plan does not expect this matter to result in Company layoffs or employee terminations over the next few months, the related overall long-term impact to the Plan and the duration of the impact cannot be reasonably estimated at this time.

The company changed their recordkeeper as of March 2, 2020 to Empower along with a transfer of assets to Great-West Trust Company. At this time, the Plan document was modified to include an automatic escalation provision for employee contributions to increase the deferral percentage by 1% each year on the first day of the Plan year beginning at 3% up to a maximum deferral rate of 10%. In addition, assets and participants from The Medical Disposal Systems, Inc. 401(k) Plan were merged into this Plan. Participants should refer to the Plan Document for a complete description of all Plan provisions.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of and for the years ended December 31, 2019 and 2018:

Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Daniels Sharpsmart, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by the Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A – PLAN DESCRIPTION

The following description of the Daniels Sharpsmart, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) plan sponsored by Daniels Sharpsmart, Inc. (the "Company" and "Employer") with a plan year end of December 31st. The original Plan became effective January 1, 2013. The most current revision to the plan became effective on April 4, 2016 and included moving the Plan to the mid-market ADP Platform and instituted an employer match. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to make contributions to the Plan as a percentage of their eligible compensation, from 1% to 90%, either in pre-tax contributions or in after-tax Roth contributions, subject to the maximum allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In general, employees are permitted entry into the Plan on the first day of the month coinciding with or next following their hire date. There are no age or service requirements to enter the Plan.

Effective, April 4, 2016, the Company began offering a matching contribution of 33%, up to 3% of the participant's eligible compensation.

The Plan also allows for a nonelective Social Security integrated discretionary employer contribution. Nonelective discretionary contributions, if any, will be determined as of the end of the plan year and participants must be active on the last day of the plan year to receive a contribution. The Company did not make a nonelective discretionary contribution for the plan year ending December 31, 2019 or 2018. Contributions are subject to certain IRS limitations. Company contributions are invested per the participant's instructions.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Employer matching or nonelective discretionary contributions paid on the participants' behalf are subject to a six year graded vesting schedule. In addition, a participant becomes fully vested upon death, disability or attainment of normal retirement age of 65.

NOTES RECEIVABLE FROM PARTICIPANTS
Participants may borrow funds from their accounts up to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at fixed rates equal to the published prime rate, plus two percent. The term of the loan cannot exceed five years, except for loans used to finance the purchase of the participant's primary residence, in which case the loan term may not exceed thirty years. Principal and interest is paid ratably through payroll deductions. A participant may only have one loan outstanding at any time.

NOTE A – PLAN DESCRIPTION – Cont.

BENEFIT PAYMENTS
Upon termination of employment, death, disability, or normal retirement, a participant (or designated beneficiary) may elect to receive 100% of his or her vested account balance in either a lump sum cash payment or a direct rollover to another qualified plan. Participants who have attained age 59 1/2 may also withdraw all or a portion of their vested account balances. Distribution of a participant's salary deferral contributions and Company contribution accounts may also be made in the case of certain financial hardships. Minimum distributions are required once the participant reaches age 70 1/2.

FORFEITED ACCOUNTS
Non-vested portions of participant accounts, if any, are forfeited upon termination of employment. Forfeited accounts may be used to reduce employer contributions. There were no material unapplied forfeitures at December 31, 2019 or 2018. Forfeitures were used to reduce employer contributions in the amount of $29,114 for the year ended December 31, 2019.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

EXCESS CONTRIBUTIONS PAYABLE
Amounts payable to participants for contributions in ecess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributons. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – Cont.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through September 9, 2020, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after September 9, 2020.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the custodian, Reliance Trust Company, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits. Information related to the notes receivable from participants.

b. Net investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

Mutual Fund Shares: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Shares: Valued at the NAV of the units in the Invesco Stable Value Fund and the State Street Global Advisors trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 201,9 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	$3,402,305	-	-	$3,402,305
Other Investments Measured at Net Asset Value (a)	-	-	-	259,098
Total Assets at Fair Value	$3,402,305	-	-	$3,661,403

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,204,524	-	-	$2,204,524
Other Investments Measured at Net Asset Value (a)	-	-	-	138,642
Total Assets at Fair Value	$2,204,524	-	-	$ 2,343,166

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

There were no transfers between levels during the 2019 or 2018 Plan years.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share as of December 31, 2019, and 2018, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 259,098	N/A	Daily	30 days

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 138,642	N/A	Daily	30 days

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are sponsored by the custodian and these transactions qualify as party-in-interest transactions, along with the notes receivable from participants. Fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of investments and are paid through revenue sharing, rather than a direct payout. The Company provides certain accounting and administrative services to the Plan for which it receives no compensation. Legal, accounting and some administrative fees are paid directly by the Company and are not included in these financial statements.

NOTE F – TAX STATUS

The Plan, which is a prototype plan sponsored by ADP, Inc. has received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service has stated that the Plan document is acceptable under Section 401 of the Internal Revenue Code and therefore not subject to tax. The plan has been amended since receiving the opinion letter, however, the plan sponsor is not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan became effective in 2013, and it is not subject to income tax examinations for years prior to 2016.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts including employer contributions.

NOTE I – SUBSEQUENT EVENTS

In the first three quarters of 2020, a novel strain of coronavirus has caused general business disruption throughout North America. It has also created frequent financial market fluctuations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Therefore, while the Plan does not expect this matter to result in Company layoffs or employee terminations over the next few months, the related overall long-term impact to the Plan and the duration of the impact cannot be reasonably estimated at this time.

The company changed their recordkeeper as of March 2, 2020 to Empower along with a transfer of assets to Great-West Trust Company. At this time, the Plan document was modified to include an automatic escalation provision for employee contributions to increase the deferral percentage by 1% each year on the first day of the Plan year beginning at 3% up to a maximum deferral rate of 10%. In addition, assets and participants from The Medical Disposal Systems, Inc. 401(k) Plan were merged into this Plan. Participants should refer to the Plan Document for a complete description of all Plan provisions.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
