NOTE 1 DESCRIPTION OF PLAN

The following description of the Eddy Packing Co. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective August 1, 2012. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of Eddy Packing Co. Inc. and Beeman Transportation, Inc. (collectively, the Company), who have attained the age of 21 and completed 90 days of service are eligible to participate in the Plan. The Plan has monthly entry dates for participants who attain eligibility.

Contributions

Participating employees may defer and direct the Company to contribute a percentage of their annual compensation through pre-tax payroll deductions each year. In addition, participants age 50 and over are allowed to make additional "catch-up" contributions, as defined by the Plan. Total contributions for each participant cannot exceed the limits imposed by the Internal Revenue Service (IRS) regulations as defined in the Plan agreement.

For 2019 and 2018, the Plan is a safe harbor plan which requires the Company make a matching contribution of 100% of the elective deferral that does not exceed 3% of an employee's eligible compensation plus 50% of the elective deferral that exceeds 3% of eligible compensation but does not exceed 5% of eligible compensation. The Plan also allows for a discretionary profit sharing contribution. There was no profit sharing contribution for 2019 and 2018.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and an allocation of (a) the related Company contributions and (b) the Plan's investment earnings (losses) and charged with an allocation of administrative expenses. Plan investment income or loss within each fund is allocated to participants based upon their relative account balances as a percentage of the total account balances of all participants in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

All participant contributions and safe harbor employer contributions are immediately fully vested. The balance in a participant's account relating to Company profit sharing contributions becomes 25% vested after one year of credited service and such vesting increases ratably to 100% after four years. Participant accounts are 100% vested upon retirement, disability, or death.

Benefit Payments

On termination of service, a participant receives the vested portion of his or her account in a lump sum or installment payments. Upon reaching 59½ years of age, a participant with a fully vested account may receive an in-service distribution prior to separation from service.

If a terminating participant's vested account balance does not exceed $5,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested account balances exceeding $5,000 are paid at the participant's discretion, or can be left in the Plan until such time the participant wishes to withdraw it, with the account continuing to share in the trust fund income and losses. Distribution cannot be delayed past April 1 following the year that the participant attains age 70½.

Forfeited Accounts

Forfeited nonvested accounts are retained in the Plan and are used to reduce Plan expenses or future Company contributions. Forfeited nonvested accounts as of December 31, 2019 and 2018 totaled $-0-. There were $-0- of forfeitures used to pay administrative expenses for the years ended December 31, 2019 and 2018. There were $684 and $1,160 of forfeitures used to reduce Company contributions for the years ended December 31, 2019 and 2018, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and insurance company. See Note 4 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Expenses associated with the administration of the Plan are paid from the assets of the Plan.

Subsequent Events

Effective January 1, 2020, the Plan's Third-Party Administrator (TPA) and custodian were changed to Loren D. Stark Company and John Hancock Life Insurance Company, respectively.

Effective January 1, 2020, the Plan added an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 3%.

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic. This could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

The Plan has evaluated subsequent events through October 1, 2020, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Principal Life Insurance Company, the insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2019.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions. Each Pooled Separate Account is invested in only one mutual fund, is valued at fair value and can be redeemed on a daily basis.

Collective Trust Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 FAIR VALUE INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 1,069,217	$ -	$ -	$ 1,069,217
Collective Trust Fund	79,139	-	-	79,139
Total Investments at Fair Value	$ 1,148,356	$ -	$ -	$ 1,148,356

	2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 763,625	$ -	$ -	$ 763,625
Collective Trust Fund	54,239	-	-	54,239
Total Investments at Fair Value	$ 817,864	$ -	$ -	$ 817,864

NOTE 5 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore, not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by Principal Life Insurance Company (Principal). Principal is the insurance company as defined by the Plan, and therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
