NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Transdev North America, Inc. 401(k) Plan for Collectively Bargained Employees (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees covered by a collective bargaining unit of Transdev North America, Inc. (the "Company"). The Company has multiple operating locations throughout the United States, and plan provisions specific to a location are specified in that location's governing adoption agreement. Employees of the Company are eligible to participate upon completion of a service period and age requirement, as specified in each respective location's adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

The Plan is funded by voluntary contributions of participants and matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued matching contributions of \$3,547,397 in 2019. In addition, the Company also made or accrued profit sharing contributions of \$3,698,697 in 2019.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Retirement Committee. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching or profit sharing contributions, and an allocation of plan earnings. The Company's matching contribution is allocated based on a percentage of the participant's contribution, as defined in each respective location's adoption agreement. The Company's profit sharing contribution is allocated based on either the participant's compensation or the number of eligible hours worked by the participant during the year, as defined in each respective location's adoption agreement. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of the participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portions of the participants' accounts attributable to the Company's contributions become vested at various rates, as defined in each respective location's adoption agreement. In the event of death, disability, or attainment of the Plan's normal retirement age of 65, participants become fully vested.

6. Payment of Benefits

Upon termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service withdrawals are allowed for participants who have attained age 59½ or who have funds from a rollover contribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25% to 9.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments.

9. Forfeitures

At December 31, 2019 and 2018, unallocated plan assets resulting from forfeited nonvested accounts totaled \$4,252 and \$11,031, respectively. These accounts will be used to reduce future Company contributions or pay plan administrative expenses. During 2019, forfeitures used to pay plan administrative expenses approximated \$69,000. No forfeitures were used to reduce Company contributions during 2019.

10. Plan Transfers

Participants may transfer their accounts to or from the Transdev North America, Inc. 401(k) Plan for Non-Collectively Bargained Employees, another Company-sponsored qualified plan, due to changes in the participant's job classification. In the event of a transfer, the participant's vested account balance in the new plan will equal the vested account balance in the previous plan upon the transfer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of government agency securities, corporate debt instruments, and other fixed income securities that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

- * Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	<u>2019</u>	<u>2018</u>
Investments, at fair value		
Mutual funds	\$ 132,992,726	\$ 105,514,593
Stable value collective trust fund	9,308,604	8,427,402
Notes receivable from participants	<u>7,219,604</u>	<u>7,059,554</u>
	<u>\$ 149,520,934</u>	<u>\$ 121,001,549</u>

The trustee also certified the completeness and accuracy of \$15,743,960 of net appreciation in fair value of investments, \$7,872,732 of interest and dividends related to the aforementioned investments, and \$384,449 of interest from notes receivable from participants for the year ended December 31, 2019.

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code and is, therefore, exempt from income taxes.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE H - EXCESS CONTRIBUTIONS PAYABLE

Excess contributions and payable represents amounts withheld from participants in excess of IRS limitations that are to be refunded at year end. As of December 31, 2019, \$8,889 of excess contributions and earnings thereon are required to be refunded prior to December 31 of the subsequent year. These amounts were refunded to participants prior to March of the year following the plan year end. Excess contributions are netted against contributions in the statement of changes in net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 7, 2020, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those described in Note H and below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.

As a result of the outbreak mentioned above, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") has been formally enacted. Certain provisions of the CARES Act could have future impact on the Plan for certain eligible participants. The exact effects of the CARES Act on the Plan are currently unknown. Interested parties should refer to the CARES Act for a more complete description of the provisions.

During 2019, the Retirement Committee voted to merge the assets of the Transdev On Demand, Inc. National 401(k) Plan (TOD Plan) into the Plan. The assets attributable to the accounts of the participants of the TOD Plan were merged into the assets of the Plan as of close of business on July 8, 2020.
