401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Lane-Valente Industries, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a "Safe harbor" defined contribution plan covering eligible employees of the Company who have met the following requirements: federal law minimum age requirement or older and will have worked 1,000 hours a year. Eligible employees who have met the requirements may enroll in the plan after a 60 day waiting period. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 90% of pretax or post-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make annual catch-up contributions up to the maximum allowable under the Internal Revenue Code ("IRC"). Contributions are subject to certain limitations.

The Company makes safe harbor matching contributions of 100% of the first 3% of total compensation that a participant contributes to the plan plus 50% of participant contributions between 3% and 5% of total compensation. Contributions are limited to certain IRS limitations. The Company may also make discretionary profit sharing contributions.

Participants Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's safe harbor matching contribution, as well as allocations of the Company's discretionary non-elective contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LANE-VALENTE INDUSTIRES, INC.
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (cont'd).

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contribution plus actual earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts is based on continuous service. A participant is 100% vested in discretionary non-elective contributions after six years of credited service.

Forfeitures

The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as transfers to (from) the investment fund from (to) the Participants' notes fund. Loan terms range from 1 – 5 years. A participant may only have up to two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at 1% above prime rate, as defined. Interest on notes receivable from participants is currently being charged at rates ranging from 4.25% to 6.50% per annum. Participant loan principal and interest are paid ratably through payroll deductions. However, participants have the option to make additional loan repayments in addition to the payroll deductions.

Payment of Benefits

Upon termination of service due to death, retirement or becoming disabled as defined under the Federal Social Security Act, distributions from the plan will be made in one lump sum payment, installment payments or annuity contracts. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or have the vested interest distributed to another qualified retirement account designated by the participant, subject to certain restrictions.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are financed and included in notes receivable. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2 - Summary of Accounting Policies (cont'd).

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan that are paid by the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Note 3 - Information Certified by the Plan's Trustee (Unaudited)

At December 31, 2019 and 2018, the Plan's investments are held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as being complete and accurate. Accordingly, as permitted by section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to information in Notes 4 and 5 and supplemental schedule, related to the following investments:

	December 31, 2019	December 31, 2018
Investments at Fair Value:		
Mutual funds	$ 15,686,043	$ 11,851,430

The trustee also certifies to the completeness and accuracy of the following investment income for the year ended December 31, 2019:

NOTES TO FINANCIAL STATEMENTS

Note 4 - **Fair Value Measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- **quoted prices for similar assets or liabilities in active markets;**
- **quoted prices for identical or similar assets or liabilities in inactive markets;**
- **inputs other than quoted prices that are observable for the asset or liability;**
- **inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Note 4 - Fair Value Measurements (cont'd).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

LANE-VALENTE INDUSTIRES, INC.
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 5 - Discretionary Contributions

For the year ended December 31, 2019, the Company has elected not to provide discretionary profit sharing contributions.

Note 6 - Related Party Transactions and Party In Interest Transactions

The Plan pays administrative fees to a third party administrator and certain investment related expenses to the trustee. Fees incurred by the Plan for custodian directed services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. Such parties are parties-in-interest under ERISA. During the year ended December 31, 2019, the Plan made direct payments to the third party administrator and the trustee a total amount of $60,983. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8 - Tax Status

The Plan has a prototype plan designed to be qualified under applicable provisions of the IRC and is not subject to Federal and State income taxes. The prototype plan obtained an opinion letter dated July 16, 2014, in which the Internal Revenue Services ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Tax Status (cont'd).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income examinations for the years prior to 2016.

Note 9 - Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Subsequent Events

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. The Employer has concluded that while it is reasonably possible that COVID-19 could have a negative effect on the fair value of the plan's investments and results of its operations, the specific impact to the Plan, participants, and Employer is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Plan has evaluated subsequent events through October 6, 2020, the date the financial statements were available to be issued.
