Note 1 - Plan Description

The following description of Iron Woman 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Administration

Iron Woman Partners, LLC, (the "Company"), is the sponsor of the Plan and has responsibility for the administration of the Plan. Transamerica Life Insurance Company functioned as the trustee of the Plan for the period from January 1, 2019 to June 25, 2019. Reliance Trust Company functioned as the trustee of the Plan for the period from June 26, 2019 to December 31, 2019. As of June 26, 2019, the Standard Insurance Company serves as the Plan's third-party administrator.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and are age 18 or older. The entry date for eligible participants is the first day of the first month coinciding with or following obtaining eligibility.

Excluded employees include union employees covered by a collective bargaining agreement, nonresident aliens with no U.S. income, residents of Puerto Rico or any employee performing services in Puerto Rio, leased employees, or reclassified employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended January 1, 2019 to allow for participant loans, change the employer match to a safe harbor match, and increase the force out limit to $5,000 for former participants.

The Plan was amended and restated effective June 1, 2019 when the Plan switched service providers. The Plan was amended and restated to allow for participants' employer contributions to be 100 percent vested after two years of service, removed the discretionary match, and the Plan is no longer a profit-sharing plan. Participants are automatically enrolled in the Plan and will have 3 percent withheld as elective contributions, unless the participant elects a different percentage or opts out of participation. Participants who are automatically enrolled in the Plan will also be enrolled in the Plan's automatic contribution increase program (1 percent per year up to 10 percent).

Contributions

The Plan provides for employee salary deferral contributions up to maximum tax-deferred limitations established by the Internal Revenue Code. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employee contributions to the Plan are made through regular payroll deductions.

The Plan allows participants to elect that some or all of their 401(k) contributions be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law. The Plan does not allow for in-plan Roth rollover contributions.

The Plan provides for employer matching contributions of 100 percent of the participant's elective contributions not to exceed 1 percent of the employee's compensation, plus 50 percent of elective contributions exceeding 1 percent but not exceeding 6 percent of compensation.

Certain participant contributions in 2018 were paid after the time frame required by the Department of Labor. The Company is in the process of remitting these contributions and related to lost earnings to the Plan.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 5.00 percent to 6.50 percent, which are commensurate with local prevailing rates, as determined periodically by the plan administrator at loan origination, and mature at various dates through January 2025. Principal and interest are paid ratably through weekly payroll deductions, and the carrying value of participant notes receivable is recorded at amortized cost plus accrued interest.

There were no deemed distributions in the current year.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. For the period from January 1 to June 1, 2019, discretionary profit-sharing contributions had a six-year graded schedule. For the period from January 1 to June 1, 2019, the Company's matching contributions vested according to the following schedule:

Years of Service	Vesting Percentage
<1	- %
1-2	25
2-3	50
3-4	75
>4	100

As of June 1, 2019, the Plan was amended and restated to the following vesting schedule:

Years of Service	Vesting Percentage
< 1	- %
1	25
2	100

For company matching contributions prior to June 1, 2019, the prior vesting schedule remains applicable.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan.

Note 1 - Plan Description (Continued)

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited account balances totaled $21,942 and $2,216, respectively.

The Plan did not apply forfeitures to reduce employer contributions during the year ended December 31, 2019.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation

Investments held by the Plan are stated at fair value, except as noted below. The fully benefit-responsive investment contract was valued at contract value (see Note 6).

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policy utilizing information provided by the investment advisors, including the appointment of investment managers, and by monitoring the performance of the Plan's investment funds.

Investments in money market fund and mutual funds are reported at the last reported sale price at the end of the respective periods using quoted market values.

The pooled separate accounts were valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of Significant Accounting Policies (Continued)

See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Investments

At December 31, 2019 and 2018, four and three investments accounted for 63 percent and 59 percent, respectively, of total investments at fair value. During the year ended December 31, 2019, one investment accounted for 11 percent of investment income. A significant change in the market value of this investment would significantly affect the net assets available for benefits and related investment income of the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2020, which is the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended to allow for participants to make elective deferrals as of the first day of any month instead of as of each payroll period. In addition, definition of compensation was amended.

Note 3 - Unaudited Information

In 2019, the Plan changed its trustee from Transamerica Life Insurance Company to Reliance Trust Company (collectively, the "Trustees"). The Trustees of the Plan held the Plan's investments and executed all investment transactions during the periods under audit. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustees.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan with Transamerica had received a favorable notification letter from the IRS dated March 31, 2017, which was the plan document utilized as of December 31, 2018 and for the period from January 1, 2019 to June 25, 2019. The volume submitter plan under The Standard has received a favorable notification letter from the IRS dated March 31, 2017, which was the plan document utilized for the period from June 26, 2019 through December 31, 2019. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following table presents information about the Plan's assets measured at fair value at December 31, 2019:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019		
	Level 1	Level 2	Level 3
Money market fund	$ 99,352	$ -	$ -
Mutual funds	2,435,780	-	-
Total	$ 2,535,132	$ -	$ -

Note 5 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Investments measured at NAV - Pooled separate accounts *				$ 1,079,178

*Investments measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

There were no changes to valuation techniques used during the period.

Note 6 - Investment Contracts

As of December 31, 2018 and through June 25, 2019, the Plan invested in a fully benefit-responsive traditional investment contract held in the Transamerica Stable Value Advantage Option (the "Stable Value Advantage Option"). The contributions were maintained in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The effective rate of interest was established every January 1 and July 1 and was based on the daily balance at a rate that was the daily equivalent of the effective annual rate of interest applicable for the six-month period. There was no stated minimum or maximum interest rate. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract met the fully benefit-responsive investment criteria and, therefore, was reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limited the ability of the Plan to transact at contract value with Transamerica. Such events included amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. The plan administrator did not believe any events were probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

Note 7 - Administration of the Plan

The sponsor provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.
