NOTE 1 – DESCRIPTION OF PLAN

CIMA 401(k) Plan (the Plan) is a qualified retirement plan covering employees of CIMA Services Management, Inc. (the Company) to provide them with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective on January 1, 2015, and amended and restated on January 1, 2019, to conform to new tax laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – Employees (except for union employees and certain nonresident aliens) who have attained the age of 18 and completed 60 days of service are eligible to participate in the Plan. The entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may defer additional amounts as catch-up contributions. Participants may modify or revoke their salary deferrals at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. During 2019, the Company made a matching contribution equal to 50% of a participant's deferral contribution up to 6% of a participant's compensation.

Participants are also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollovers, and actual investment earnings thereon. Vesting in the employer contribution portion of their accounts plus actual investment earnings thereon is based on vesting years of service. Participants vest as follows:

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

Investment Options – Participants direct the investment of their entire interest in the Plan into investment securities offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Participants may redirect the investment of future contributions or exchange existing balances among available investment securities at any time.

Notes Receivable From Participants – A participant may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the participant's vested account balance. The loans are secured by the balance in the participant's account. The loan is charged a reasonable rate of interest. Principal and interest is paid ratably through payroll deduction.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, normal retirement, disability, or death. If the vested account does not exceed $5,000, then the vested account balance is distributed to the participant in a single lump-sum payment. If the vested account balance exceeds $5,000, the participant must consent to any distribution before it is made and elect to receive the distribution in a single lump-sum payment or partial withdrawals.

Participants may also receive a distribution from the Plan from certain account prior to termination of employment provided they have attained age 59½. A hardship distribution may also be made to satisfy certain immediate and heavy financial needs that a participant has.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or reduce employer contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $22,102 and $11,561, respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 2, 2020, the date the financial statements were available to be issued. See *Note 10* for discussion of subsequent events.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2 –** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract – Valued at fair value as reported by the custodian. The credited rate is communicated to the Plan and credited daily. Any market value adjustment or contract surrender charge will be based on the formulas and schedules in the contract. The credited interest rate, account balance, and formulas upon which payments are based are observable through the contract and related communications. Fund balances are published on statements and the custodian's website.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 2,412,209**	**$ -**	**$ -**	**$ 2,412,209**

Investments at fair value	**$ 2,412,209**	**$ 51,145**	**$ -**	**$ 2,463,354**

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,580,183	$ -	$ -	$ 1,580,183
Guaranteed investment contract	-	34,926	-	34,926
Investments at fair value	$ 1,580,183	$ 34,926	$ -	$ 1,615,109

NOTE 4 – CERTIFIED INVESTMENTS

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Financial. Voya Retirement Insurance and Annuity Company is the custodian for the Plan, and Voya Financial recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants will become 100% vested. The Company will direct the distributions of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

On March 31, 2014, the Internal Revenue Service (IRS) stated the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualified under Internal Revenue Code (IRC) section 401. The Plan has not requested a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2019, the Company failed to remit participant contributions in a timely manner. The Company identified a total of $204,500 in which participant contributions were remitted to the Plan in violation of DOL's regulations. Delays in remitting contributions to the custodian were related to administrative errors. The Company intends to make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. The Company believes these prohibited transactions do not affect the tax status of the Plan, and the Company intends to pay all excise taxes imposed.

During 2018 and 2017, the Company failed to remit participant contributions in a timely manner. The Company identified a total for 2018 and 2017 of $233,085 in which participant contributions were remitted to the Plan in violation of DOL's regulations. As of April 27, 2020, the Company subsequently corrected and paid lost earnings to the Plan on these delinquent participant contributions outside of the Voluntary Fiduciary Correction Program.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent to year-end, many countries around the world, including the United States of America, were impacted by the COVID-19 outbreak. While the virus is continuing to evolve, its implications are triggering volatility in financial markets and a significant negative impact to the global economy. As a result, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. At this time, the Company cannot quantify the extent of any market fluctuations that the virus may have on the Plan's financial information.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act includes certain relief provisions available to tax-qualified retirement plans and their participants. The Company is continuing to evaluate the relief provisions available to Plan participants under the CARES Act and evaluating provisions for implementation by the Plan.
