INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Tasman Geosciences Inc 401(k) Profit Sharing Plan & Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tasman Geosciences Inc 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the Statement of Net Assets Available for Benefits as December 31, 2019, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mid Atlantic Trust Company, the Custodian for the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as listed in the accompanying Table of Contents as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – Prior Period Compilation

The statement of net assets available for benefits for the year ended December 31, 2018 was compiled by us and our report thereon, dated October 12, 2020, stated we did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule as of and for the year ended December 31, 2019, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2019

1. Description of Plan

The following description of the Tasman Geosciences Inc 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan, under which participants may direct their contributions into various investment options (generally mutual funds) offered by the Plan. An employee may participate on the first day of the month after completing two consecutive months of eligibility service and after reaching age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Mid Atlantic Trust Company (Mid Atlantic) serves as the Plan custodian and trustee, and an affiliate, Paychex, Inc., serves as the plan recordkeeper. The Board of Trustees is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may generally defer annual compensation to a specified limit (\$19,000 in 2019), as defined in the Plan and by statute. Annual additions to the plan are also limited to the lesser of annual compensation or a statutory limit (\$56,000 in 2019). Participants may also transfer in amounts representing distributions from other qualified plans (rollovers). Contributions are also subject to other statutory limitations, with certain "catch-up" adjustments also permitted for participants age 50 or older. Participant contributions are limited to 92% of eligible Compensation as defined in the Plan document.

The Company can contribute discretionary Profit Sharing contributions. No discretionary contributions were made in 2019. The Plan is a Safe-Harbor plan, with a matching contribution of 100% of the first 3% of deferrals, then 50% of the deferrals greater than 3%, but less than or equal to 5% (4% maximum).

Participants may designate all or a portion of their elective deferrals as Roth elective deferrals.

Rollovers from other qualified plans are permitted.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company Safe Harbor contributions, as well as allocations of the Company discretionary contributions (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses (mainly Mid Atlantic fees) that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions, Safe Harbor contributions, and earnings thereon. Vesting in non-Safe Harbor Company contributions and earnings thereon is based on total years of vesting service and shall be allocated only to participants who were employed on the last day of the plan year. A year of service is determined by the hours of service method.

The vesting schedule for non-Safe Harbor Contributions is as follows:

<u>Total years of service</u>	<u>% Vested</u>
Less than One	20%
1	40%
2	60%
3	80%
4	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts an amount equal to the lesser of \$50,000 (with certain reductions for loans already outstanding) or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.75% to 6.5%, which are commensurate with prevailing rates at the origination of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions, generally over terms not exceeding five years, with longer terms for loans used to acquire a primary residence.

Payment of Benefits

Distributions under the Plan are generally made in lump sums although partial withdrawals are permitted. Hardship distributions are permitted, and in-service distributions may be made if the participant has reached age 59 ½. Distributions of less than \$5,000 do not require participant consent.

Forfeited Accounts

There are generally no forfeitures as participants are immediately vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are generally reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies based on input from the custodian and recordkeeper. See note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is reported on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS, if any, are recorded as a liability with corresponding reduction to contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the related participant, and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Company paid for certain direct Plan administrative and other expenses, which are excluded from these financial statements. Additionally, Company employees provide certain administrative duties at no charge to the Plan. Certain fees are paid through the Plan for trustee services and investment management.

3. Tax Status

The Plan has not obtained a determination letter, but the volume-submitter plan document has received a letter dated April 10, 2014, from the IRC that its form is acceptable under section 401 of the Internal Revenue Code. The Plan has since been amended, but the Plan Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable tax authorities.

3. Tax Status (continued)

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Because plan management believes that the Plan had no taxable income, no income tax returns have been filed for 2019 or prior years.

4. Information Prepared and Certified By Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

All investments
Investment income (loss)

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions (i.e. any non-Safe Harbor contributions).

6. Party in Interest Transactions

Paychex and its affiliates receive 12(b)(1) fees or similar revenue-sharing from Plan investments for plan advisory services, and these are included in net appreciation.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Section 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 from those used in the prior year.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at unit price, published daily.

8. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2019.

	December 31, 2019			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$1,785,618	\$ -	\$ -	\$1,785,618
Stable Value Fund	-	11,349	-	11,349
Total investments at fair value	<u>\$1,785,618</u>	<u>\$ 11,349</u>	<u>\$ -</u>	<u>\$1,796,967</u>

9. Stable Value Investment

The Plan has investments in the Reliance Trust Stable Value Fund, a common collective trust. Participants may make withdrawals at any time at unit quoted price. If the Plan decides to discontinue the contract, then withdrawals will be subject to a market value adjustment. The contract is subject to various other covenants and provisions and participants should refer to the agreement for the full terms.

10. Subsequent Events

Management has conducted a review of subsequent events for possible disclosure in or correction of these financial statements through October 12, 2020, the date the financial statements were available to be issued.

11. COVID-19

In 2020, the coronavirus known as COVID-19 was officially declared a pandemic and spread throughout the world disrupting global economies. The virus resulted in the closure of many businesses throughout the United States. As is the case with most business entities, operating results of the plan sponsor and the plan were affected. This situation could affect various aspects of Plan operations as a result, and any such impact will not be known until a later date.

12. Recent Pronouncements

In August, 2018, FASB issued ASU 2018-13 (effective for the 2020 plan year) to modify certain disclosure requirements on fair value measurements. These primarily relate to transfers between levels of the fair value hierarchy, level 3 measurements and entities that calculate net asset value. Plan management believes this pronouncement will not significantly impact the plan's financial statements.
