Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated effective August 1, 2019, is a defined contribution plan covering all eligible employees of Magid Glove & Safety Manufacturing Company, LLC and Magid Manufacturing Co., Inc. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Charles Schwab Bank is the custodian of the Plan's investments and Schwab Retirement Plan Service, Inc. became the Plan's recordkeeper and third-party administrator as of August 1, 2019. Shore Tompkins Actuarial Services, LLC was the third-party administrator, and ASPire, Inc. was the Plan's recordkeeper up until August 1, 2019.

Eligibility

Employees are eligible to participate in making salary-deferral contributions to the Plan on their date of hire, provided the employee is not represented by a collective bargaining agreement, is not a nonresident alien, and is not a leased employee or independent contractor.

Participants are eligible for Company matching and profit-sharing contributions following completion of one year of service (at least 1,000 hours), as defined in the Plan, and upon being actively employed on the last day of the Plan year. A participant's account will share in Company matching and profit-sharing contributions in the event of the participant's death during the plan year.

Participants Contributions

Salary-deferral contributions: Each year, participants may contribute a portion of annual compensation, as defined in the Plan, as either a pretax or after tax Roth deferral, up to the maximum allowed by the Internal Revenue Code (IRC).

Catch-up deferral contributions: Each year, participants over age 50 may elect to make catch-up contributions up to the maximum allowed by the IRC.

Rollover and transfer contributions: Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Note 1: Description of Plan (Continued)

Company Contributions

*Matching contribution*s: The Company may make discretionary matching contributions on behalf of each participant in an amount equal to a percentage of the participant's deferral contributions during the plan year, as determined annually by the Company's board of directors. For 2019 and 2018, matching contributions equaled 25% of a participant's salary-deferral contribution, not to exceed $750 per participant. Matching contributions for the year ended December 31, 2019 totaled $189,253.

Profit-sharing contribution: The Company may also make a discretionary profit-sharing contribution, at the discretion of its board of directors, to be allocated to participants in proportion to a participant's compensation. The discretionary contribution totaled $1,281,315 for the year ended December 31, 2019.

Special contribution: The Company may also make a special contribution, which is nonelective and only allocated to certain non-highly compensated participants. The amount of this contribution shall not exceed the maximum annual addition that can be allocated to a participant's account for that year, reduced by all other annual additions. The special contribution for the year ended December 31, 2019, totaled $337,659.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Company's matching contribution and allocations of (a) the Company's discretionary profit-sharing and special contributions; (b) reallocations of forfeitures, if any; and (c) Plan earnings (losses). Additionally, each participant's account is charged with an allocation of administrative expenses. Allocations are based on a participant's compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts at the time of a distribution request.

Vesting

Participants are immediately vested 100% in their salary deferral contributions, Company matching and special contributions, and rollover contribution accounts, plus actual earnings thereon. Participant balances in the Company's discretionary profit-sharing contribution, and earnings thereon, vest based on a participant's years of service, at a rate of 20% per year beginning in year 2, with a participant being 100% vested after six years. Participants are immediately fully vested upon normal retirement (age 62), death, or permanent disability.

Note 1: Description of Plan (Continued)

Forfeitures

At both December 31, 2019 and 2018, forfeited nonvested accounts totaled approximately $1,200. These accounts will first be used to restore prior forfeitures of a former participant if that participant resumes employment with the Company prior to incurring a "break in service," as defined. They may then be used to reduce future Company contributions, be reallocated to participants as Company contributions, or to pay administrative expenses of the Plan in accordance with the plan document. Forfeitures of $98,840 were used to reduce the 2019 discretionary Company profit-sharing contribution that were paid in 2020. Forfeitures of $124,464 were used to reduce the 2018 discretionary Company profit-sharing contributions paid in 2019.

Notes Receivable From Participants

Plan participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, less their highest outstanding note amount during the prior 12 months, or one-half of their total vested account balance in the Plan. A participant may have only two notes outstanding at any given time. Notes are repaid, with interest, through equal payroll deductions over a term of one to five years, unless the borrowings are used to acquire a principal residence, at which time the note can be repaid over a reasonable period of time not to exceed thirty years. The notes are secured by the vested balance in the participant's accounts. The interest rate is determined by the plan administrator based on the prime lending rate offered by a qualifying financial institution for a similar type of note. The interest rates on outstanding notes ranged from 3.25% to 8.25% as of December 31, 2019.

Payment of Benefits

On termination of service for reasons other than death, participants may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump sum or, upon a participant's death, by payment options as defined in the Plan. In addition, while still employed by the Company, participants may make withdrawals from their accounts upon reaching age 59½ or by determination that a financial hardship has incurred, if they meet Internal Revenue Service (IRS) qualifications.

At December 31, 2019 and 2018, there were no amounts owed to former participants whose employment had terminated who requested payout of their account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees may be deducted from the proceeds of the loan and recorded as administrative expenses when incurred and/or charged to a participant account. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan expenses directly attributable to a participant, such as loan fees and withdrawal fees, are paid by the applicable participant. Investment advisory and certain administrative expenses are paid with forfeitures, Plan assets, or by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are charged to the Plan as a reduction of investment return and included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2020, which is the date the financial statements were available to be issued. See Note 9.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Fair values are based on net asset value (NAV) of shares held by the Plan at year-end. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Fair values are based on NAV of $1 per share at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,951,776	$ -	$ -	$ 39,951,776
Money market fund	3,645,026	-	-	3,645,026
Total investment assets at fair value	$ 43,596,802	$ -	$ -	$ 43,596,802

Note 3: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,879,935	$ -	$ -	$ 31,879,935
Money market fund	4,213,590	-	-	4,213,590
Total investment assets at fair value	$ 36,093,525	$ -	$ -	$ 36,093,525

Note 4: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank (CSB), the Custodian of the Plan.

Note 5: Related-Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds issued by CSB, and all investments are held by CSB, the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under the ERISA regulations. Fees paid by the Plan for investment advisory and other administrative expenses amounted to $91,583 for 2019. In addition, certain administrative functions are performed by trustees of the Plan or employees of the Company for which no compensation is received from the Plan for their services.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company profit-sharing contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7: Tax Status

Effective with the amendment and restatement of the Plan on August 1, 2019, the Company adopted a Prototype Non-Standardized Profit Sharing Plan With CODA (Prototype Plan) sponsored by Schwab Retirement Plan Services, Inc. The Prototype Plan obtained its latest determination letter on June 19, 2014, in which the Internal Revenue Service (IRS) stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own IRS determination letter. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid 19 virus crisis (CV19 Crisis). The Company's operations have not been significantly impacted by the CV19 Crisis and although not anticipated, future negative impacts cannot be reasonably estimated or predicted at this time.

The Plan intends to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available, for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the Plan year beginning on or after January 1, 2022, in accordance with the CARES Act regulations.
