1. Description of the Plan

The following description of the Phillips Auctioneers LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Phillips Auctioneers LLC (the "Plan Sponsor" or "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Prior to January 1, 2019, all employees who had attained the age of 21 were eligible to participate in the Plan and to receive the Company's matching contributions. Effective January 1, 2019, an exclusion of part time, temporary, contractual or seasonal employees who have not worked at least 1,000 hours during the 12 month eligibility computation period, were excluded from the plan. Entry into the Plan is the first day of the month coinciding with or next following the date the employee has met the eligibility requirements.

Contributions

Prior to January 1, 2019, employees could elect to defer, through payroll deductions, a portion of their compensation up to the maximum allowable by the law. These deferrals may be made as either pretax or Roth contributions. Effective January 1, 2019, eligible employees are automatically enrolled in the plan as a pretax deferral of 1%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations as defined by the Internal Revenue Code ("IRC").

The Company may make a discretionary matching contribution equal to the percentage of each qualifying contributing participant's elective deferral which the Company, in its sole discretion, determines from year to year. The amount, the allocation formula, and the percentage or dollar amount limit applicable to such match, if any, is at the complete and sole discretion of the Company and may vary from year to year. For the years ended December 31, 2019 and 2018, there was an employer matching contribution of $407,594 and $320,921, respectively.

The Company may make a discretionary profit sharing contribution. The profit sharing contribution would be allocated to each eligible participant's account in the proportion of the individual participant's compensation to total participants' compensation. A participant must be employed at the end of the year or terminated during the Plan year due to death, disability or retirement. There were no employer profit sharing contributions made in 2019 or 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2, but less than 3	50%
At least 3, but less than 4	75%
4 years or more	100%

Payment of Benefits

A participant's vested interest in the Plan's assets is distributable generally upon termination of service due to death, disability, or retirement. Withdrawals from the Plan may also be made upon attainment of age 59 ½ or circumstances of financial hardship in accordance with Plan provisions.

Participants may elect to receive distributions as either a lump-sum amount equal to the value of the participant's vested interest in her or her account, annual installments over a period not exceeding the life expectancy of the participant or elected beneficiary, or through the purchase of an annuity contract.

Forfeitures

Forfeitures resulting from the non-vested portions of accounts of participants who terminate prior to being fully vested are generally used to reduce future Company contributions or to pay administrative expenses. Forfeited amounts at December 31, 2019 and 2018 were $13,100 and $23,473, respectively. During the plan year ended December 31, 2019 and 2018, forfeitures of $83 and $13,880, respectively, were used to reduce Company contributions. Additionally, $3,424 were used to reduce Company expenses during the year ended December 31, 2019.

Notes Receivable from Participants

Participants may borrow from their pretax account balance a minimum of $1,000. The maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half of the vested account balance or 50% of the total vested account balance excluding the Roth contribution balance. Under no event will the loan amount exceed $50,000. The $50,000 is reduced by the loan balance during the 1 year period ending on the day before the date of the loan agreement becomes effective. A participant may have one loan outstanding at any time. The loans are secured by the vested account balance in the participant's account and bear interest at 2% over the prime interest rate that ranged from 4.25% to 7.50% at December 31, 2019 and 4.25% to 7.25% at December 31, 2018. The loans are repaid ratably through payroll deductions over a period of 4.5 years or less with the exception of loans used to acquire a primary residence.

Administrative Expenses

Expenses associated with the administration of the Plan may be paid by forfeitures (if any) of the Plan or by the Plan Sponsor. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as, interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid except for refunds of any employee contributions in excess of IRC limitations discussed in Note 1 are accrued.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update (ASU) No. 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 eliminates certain disclosures, including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures, including disclosing purchases, sales and transfers for Level 3 investments instead of the Level 3 roll-forward. ASU No. 2018-13 is effective for periods beginning after December 15, 2019. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the Plan's financial statements.

Evaluation of Subsequent Events

The Plan and Management have evaluated events and transactions that occurred through October 8, 2020, which is the date that the financial statements were available to be issued. There were no subsequent events to be reported other than the following:

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 Outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 Outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 Outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and instability in financial markets. As a result of the uncertainty surrounding market conditions, the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions. The amount of losses that could be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Effective June 1, 2020, in order to curb the impact of the COVID-19 outbreak on the financial condition of the Plan Sponsor, the Plan elected to place the employer discretionary match on hold through September 30, 2020.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Allow special coronavirus distributions up to $100,000
- Extend the period for loan repayments, as discussed in Note 1 if applicable, up to one year
- Suspend required minimum distributions for 2020

Although Plan management cannot estimate the length or gravity of the impact of the COVID-19 Outbreak at this time, if the pandemic continues, it may have an adverse effect on the Plan.

3. Information Certified by Trustee

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Reliance Trust Company, the trustee of the Plan as of and for the years ended December 31, 2019 and 2018.

All investment and notes receivable from participants information disclosed in the accompanying financial statements held at December 31, 2019 and 2018, the net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2019 and 2018, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee, as of December 31, 2019 and 2018.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 – Quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by unobservable market data by correlation or other means.

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following summarizes the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value:

	Investment Assets at Fair Value at December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	**$9,060,275**	**$ -**	**$ -**	**$ 9,060,275**
Total	**$9,060,275**	**$ -**	**$ -**	**$ 9,060,275**

	Investment Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,249,484	$ -	$ -	$ 5,249,484
Total	$ 5,249,484	$ -	$ -	$ 5,249,484

5. Party-In-Interest Transactions

Certain Plan investments were held by the Trust Company. The Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. During the years ended December 31, 2019 and 2018, fees paid by the Plan to the trustee amounted to $24,835 and 17,503, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested in the Company's contributions.

7. Tax Status

The Plan is based on the Prototype Non-standardized Profit Sharing Plan With CODA sponsored by ADP ("ADP Plan"). The IRS ruled on July 8, 2014 that the ADP Plan qualifies under Section 401(a) of the IRC and the related trust is, therefore, not subject to tax under the present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
