1. DESCRIPTION OF PLAN

The following description of S & S Wholesale Tire of Knoxville, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for eligible employees of S & S Wholesale Tire of Knoxville, Inc. ("Sponsor," or the "Company"). The Plan was originally effective on January 1, 1994 and was amended on September 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Company serves as its own administrator (the "Plan Administrator"). The Plan has contracted with John Hancock Life Insurance Company to serve as custodian (the "Custodian") and Acuff & Associates to serve as the recordkeeper (the "Recordkeeper").

Participation

The Plan covers substantially all employees of the Company. Eligible employees for Plan participation are defined as employees who have completed 90 days of service and have attained age 18. Actual entrance to the Plan will occur once eligible participants reach the Entry Date. Entry Date is defined as the date the eligibility requirements are satisfied.

Contributions

Participants may elect to defer a percentage of their annual compensation, as defined, subject to the limitations prescribed by the Internal Revenue Code (the "Code"). The Company may also elect to make contributions to the Plan and these contributions are discretionary. The Company made contributions of $117,058 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings, and charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on eligible compensation or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

1. DESCRIPTION OF PLAN

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any investment option offered by the Plan. The Plan Administrator provides information on investment options and the frequency with which a participant can change the options.

Vesting

Participants are fully vested in their contributions at all times. Vesting in the Company's discretionary contributions is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. The loans are secured by participants' vested interest in the Plan and bear interest at two percentage points above the prime interest rate. The interest rate will be fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions and are to be repaid over periods not exceeding five years, except for those utilized for the acquisition or improvement of a qualified residence, which may permit a longer repayment term.

Withdrawals and Distributions

Upon severance of employment, death or disability, or attainment of age 60, a participant or beneficiary will receive a lump sum amount equal to the value of his or her account as provided for by the Plan. Upon termination of service for a reason other than normal retirement, death or disability, a participant may elect to receive the value of the vested interest in his or her account as provided for by the Plan.

In the event of a hardship as defined by the Plan, participants may withdraw an amount not to exceed the total of all their salary reductions as provided for by the Plan.

1. DESCRIPTION OF PLAN

Plan Expenses

Plan expenses are generally allocated among all participant accounts. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of Participants in the Plan.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and may be used to pay administrative expenses or to reduce employer matching contributions. At December 31, 2019 and 2018, forfeited, non-vested accounts totaled approximately $0 and $0, respectively. Forfeitures in the amount of $0 and $0 were used in 2019 and 2018, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. As of December 31, 2019 and 2018, the Plan held an interest in a guaranteed interest account, which is fully benefit-responsive. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments in mutual funds are valued based on the quoted market prices. The Plan's investment in a guaranteed interest account is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents consist primarily of a demand deposit account, which is stated at cost which approximates fair value.

Payment of Benefits

Benefit distributions to participants are recorded when paid by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability. The Plan distributes the excess contributions to the applicable participants the subsequent year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. As of December 31, 2019 and 2018, an allowance of $0 and $0 has been recorded for credit losses, respectively. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. FAIR VALUE MEASUREMENTS

The Plan has adopted Accounting Standards Codification 820, *Fair Value Measurement Disclosures ("ASC 820").* ASC 820 established a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities inputs (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

December 31, 2019	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 6,792,147	$ -	$ -	$ 6,792,147
Total	$ 6,792,147	$ -	$ -	$ 6,792,147
December 31, 2018				
Mutual Funds	$ 5,773,968	$ -	$ -	$ 5,773,968
Total	$ 5,773,968	$ -	$ -	$ 5,773,968

4. GUARANTEED INTEREST ACCOUNT

In 2015, the Plan entered into a 10-year guaranteed interest account contract with John Hancock Life Insurance Company (John Hancock). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan over a defined 10-year term, provided all contributions remain in the account until the end of the guarantee period.

Because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The guaranteed interest account is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. GUARANTEED INTEREST ACCOUNT

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed account at December 31, 2019 and 2018 was $8,659 and $7,392, respectively. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account in that month. For other types of contributions, interest rates may differ and may change during the month.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information reported by the Custodian of the Plan for 2019 and 2018. The Plan Administrator has obtained certifications from the Custodian that such information is complete and accurate at December 31, 2019 and 2018.

	2019	2018
Statement of net assets available for benefits		
Investments at fair value	$ 6,792,147	$ 5,765,968
Investments at contract value	$ 8,578	$ 8,000
Cash	$ 122	$ 114
Statement of changes in net assets available for benefits		
Net appreciation in fair value of mutual funds	$ 1,130,683	
Interest and dividends	$ 93	

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the opinion letter and submitted a determination letter request to the IRS which is pending. However, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. ADMINISTRATIVE COSTS

During the year ended December 31, 2019, the S & S Wholesale Tire of Knoxville, Inc. 401(k) Plan incurred administrative costs of $2,032. These administrative fees were paid by S & S Wholesale Tire of Knoxville, Inc. 401(k) Plan. Other administrative fees were paid by the Plan Sponsor.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. EXEMPT PARTY IN INTEREST TRANSACTIONS

During 2019, the Plan paid administrative fees to John Hancock Life Insurance Company. These fees were paid by the Plan by netting against investment returns.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018 is as follows:

	2019	2018
Net assets available for benefits per the financial statements	$ 6,928,144	$ 5,948,592
Adjustment in fair value of investments	-	7,581
Net assets available for benefits per the Form 5500	$ 6,928,144	$ 5,956,173

A reconciliation of net increase in the net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019 is as follows:

	2019
Net increase per the financial statements	$ 979,552
Adjustment in fair value of investments - December 31, 2018	(7,581)
Net increase in net assets per Form 5500	$ 971,971

11. RISKS AND UNCERTAINTIES

The Plan's investments include mutual funds and a guaranteed interest account. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the levels of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and supplemental schedules.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2020, which is the date the financial statements were available to be issued, and has determined that there are no additional subsequent events other than the following that require disclosure under the Subsequent Events topic of ASC 855, *Subsequent Events*.

- On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets.
