Note 1 Description of Plan

The following description of the Daybrook Fisheries Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description or Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Every employee who was employed on the effective date of the Plan, March 1, 1990, is automatically eligible to participate. Employees hired after the effective date are eligible upon satisfying specific service requirements. Any employee who has completed sixty consecutive days of service is eligible to participate in the Plan on the first day of the month coinciding with or next following the date he or she has satisfied such requirements.

Employee and Employer Contributions

Participants are eligible to make a salary reduction contribution up to the maximum amount allowed by law (\$19,000 for 2019). Employees who reach the age of 50 during the Plan year may elect to contribute certain additional amounts beyond their defined limits (\$6,000 for 2019).

The Company may make a discretionary Employer Contribution (“Employer Contribution”) in which all eligible participants will receive a portion of the Employer’s contribution of which is determined as a uniform percentage of compensation for all eligible participants. In order to receive the Employer Contribution, the participant must be employed on the last day of the plan year. As of December 31, 2019, the Company did not make an Employer Contribution to the Plan. In addition, the Plan is a Safe Harbor 401(k) Plan. As a Safe Harbor 401(k) Plan, the employer makes matching contributions to the account of each eligible participant in an amount equal to the sum of 100% of the amount of the participant’s elective deferrals that do not exceed 3% of the participant’s compensation, plus 50% of the amount of the participant’s elective deferrals that exceed 3% of the participant’s compensation, but do not exceed 5% of the participant’s compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the safe harbor 401(k) matching contributions, employer contribution, and Plan gains or losses. Earnings and loss for each fund are based on the change in the net value for the respective investment. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s account.

Investment Options

The participants’ contributions and the Employer’s Contributions are allocated to the various investment options offered by the Plan as directed by the participant. Participants may change their investment options at any time.

Note 1 Description of Plan (continued)**Vesting**

Participants are immediately 100% vested in their contributions plus actual earnings thereon and the Safe Harbor 401(k) matching contributions made by the Company. Vesting in the Company's Employer Contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Company Employer Contribution vests in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	66%
5 or more	100%

Payment of Benefits

Upon termination of service for any reason, a participant with a vested account balance greater than \$5,000 will receive a single lump-sum distribution equal to the value of the participant's vested interest in his or her account or have option to leave their balance in the Plan. A single lump-sum distribution will be made upon termination if the participant's vested account balance is less than \$5,000. The Plan also allows for in-service distributions of participant contributions when a participant becomes 59 ½ years of age, employer contributions at the Plan's normal retirement age of 65, and rollover contributions at any time. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to an amount not to exceed the lesser of (a) 50% of their vested account balance or (b) \$50,000. However, the \$50,000 is reduced by the highest outstanding loan balance the participant had under the Plan within the previous twelve-month period on the date the loan is made. Note repayments are made ratable through payroll deductions, with repayment terms ranging from up to 5 years or up to 10 years if for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at prime rate. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. As of December 31, 2019 and 2018, the annual interest rates ranged from 3.25% to 6.00%, respectively.

Forfeitures

At December 31, 2019 and 2018 forfeited non-vested accounts totaled \$22,853 and \$0, respectively. Forfeitures may be used to reduce employer contributions and administrative expenses of the Plan.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual amounts could differ from those estimates.

Investment Valuation and Income Recognition

Except for the group annuity contract with an insurance company, the Plan's investments are stated at fair value as reported on the last business day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 3). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a deemed distribution based on the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, plan distributions, and domestic relations orders are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Hardship Withdrawals

The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by the hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service rules and regulations. All contributions to the Plan will be suspended for six months following a hardship withdrawal.

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in methodologies used at December 31, 2019 and 2018.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Note 4 Information Prepared and Certified by the Plan's Trustee and Insurance Entity

The following is a summary of the investment information regarding the Plan as of December 31, 2019 and 2018 and for the year ended December 31, 2019, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Reliance Trust Company, the trustee, and Massachusetts Mutual Life Insurance Company, the insurance entity, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and the insurance entity that such information is complete and accurate.

	2019	2018
Investments at fair value	<u>\$ 5,267,229</u>	<u>\$ 4,226,641</u>
Investments at contract value	<u>\$ 273,365</u>	<u>\$ 269,480</u>
Notes receivable from participants	<u>\$ 290,743</u>	<u>\$ 190,010</u>
Net appreciation in fair value of investments	<u>\$ 862,905</u>	
Dividend income	<u>\$ 139,555</u>	
Interest income from notes receivable from participants	<u>\$ 12,090</u>	

Note 5 Concentrations

As of December 31, 2019 approximately 22% and 15% of the Plan's assets were invested in the Vanguard 500 Index Fund and BlackRock iShares US Ag Bond Index Fund, respectively. The underlying value of the growth fund is dependent on the performance of these two funds, and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the Vanguard 500 Index Fund and BlackRock iShares US Ag Bond Index Fund in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 6 Risks and Uncertainties

The Plan's investments, in general, are subject to various risks, such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Certain investments are less liquid and may have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7 Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and tax counsel believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Note 9 Related Party Transactions and Party-in-Interest Transactions

The Plan invests in mutual funds and a group annuity contract sponsored by Reliance Trust Company, the trustee, and Massachusetts Mutual Life Insurance Company, the insurance entity, respectively, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 10 Group Annuity Contract with Insurance Company

The Plan holds a fully benefit-responsive group annuity contract with Massachusetts Mutual Life Insurance Company ("Mass Mutual") that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates remained approximately at 2.27% and 2.50% for 2019 and 2018, respectively. The contract value of the group annuity contract was \$273,365 and \$269,480 for 2019 and 2018, respectively. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Such interest crediting rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Note 10 Group Annuity Contract with Insurance Company (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 11 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2019 and 2018 to Schedule H of Form 5500:

Note 12 Subsequent Events

The Plan has evaluated subsequent events through October 7, 2020, the date the financial statements were available to be issued.

- In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic. The COVID-19 pandemic has led to significant volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the statements of net assets available for benefits are unknown at this time. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on numerous evolving factors that are highly uncertain and cannot be accurately predicted.
- The Plan has elected to adopt certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which include several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted the provision that allows eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID- 19 pandemic and the provision that allows eligible plan participants to defer loan payments due between March 27, 2020 and December 31, 2020 until January 1, 2021.
