Independent Auditor's Report

To the Management of the Bunting Bearings LLC Retirement Savings 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bunting Bearings LLC Retirement Savings 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively "Great-West"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that Great-West holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from Great-West as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by Great-West is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Bunting Bearings LLC Retirement Savings 401(k) Plan
Notes to the Financial Statements
December 31, 2019

A. PLAN DESCRIPTION

The following description of the Bunting Bearings LLC (the “Company”) Retirement Savings 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of the Company who have one year of service and are age 21 or older, as defined in the Plan document and adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan spun off from the Non-Ferrous Founders’ Society MEP (“NFFS MEP”). Initial funding for the Plan from the NFFS MEP, in the amount of \$2,693,678, was received on December 31, 2018 and became assets of the Plan on January 1, 2019, the Plan’s effective date.

Contributions - Each year, participants may contribute up to 90% of annual compensation, as defined in the Plan, on a pretax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes auto-enrollment and auto-escalation provisions whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participant deferral rates increase by 1% each year until a maximum of 6% is reached.

The Plan requires the Company to make a safe-harbor matching contribution of 100% of the first 4% and 50% of the next 2% of base compensation that a participant contributes to the Plan. Catch-up contributions are eligible for the safe-harbor matching contribution. Additional discretionary matching contributions and profit sharing contributions may be contributed each year as determined by the Company. Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, Company safe-harbor matching contributions, Company discretionary matching contributions, as well as allocations of the Company’s discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options - Participants may direct their contributions to any of the investment options offered by the Plan. Participants may change their allocation of contributions or transfer money between investment options at any time during the year.

Vesting - Participants are vested immediately in their contributions and the Company’s safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - The full value of a participant's account, excluding any non-vested Company contributions, is payable to the participant upon retirement, death, or total disability. Distributions of a participant's account may be authorized at any time by the Plan Administrator under certain hardship conditions and for in-service distributions. Participants are not taxed on any earnings or Company contributions until the funds are withdrawn from the Plan.

Forfeited Accounts - At December 31, 2019, forfeited nonvested accounts totaled \$34,996. These accounts will be used to reduce future employer contributions. No forfeitures were used to reduce employer contributions during the year ended December 31, 2019.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to full benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a Fixed Account. The Fixed Account is included in the financial statements at contract value.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Great-West, the custodian of the Plan.

Great-West has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of and for the year ended December 31, 2019.

Great-West has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2019.

D. INVESTMENT IN FIXED ACCOUNT

The Fixed Account, known as the Key Guaranteed Portfolio Fund, an annuity product issued by Great-West Life & Annuity Insurance Company ("Great-West"), is an account credited with a declared rate of interest and valued daily. The effective annual interest rate will never be less than 0% and the interest rate to be credited will be determined prior to the last day of the previous calendar quarter. The average yield earned by the Plan was 1.20% for 2019. The actual average yield earned by the Plan was 1.20% for 2019.

Amounts allocated to the Fixed Account are held in the general account of Great-West, are managed on an aggregate basis, and support the general activities of Great-West.

The Fixed Account is included in the financial statements at contract value. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract values for credit risk of contract issues or otherwise.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The Fixed Account does not permit the trust company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The level of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements is described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's assets at fair value as of December 31, 2019:

	Level 1
Mutual Funds	3,139,032
Investments measured at fair value	<u>\$ 3,139,032</u>

F. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Great-West, the custodian of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

H. FEDERAL INCOME TAX STATUS

The Plan has adopted a volume submitter plan provided by Nova Associates, the Plan's independent third party administrator. Nova Associates has received an opinion letter, dated March 31, 2014, from the IRS. The opinion letter states that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

J. SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant fluctuations in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan and the net assets available for benefits cannot be reasonably estimated at this time.

Notes to the Financial Statements
December 31, 2019

Effective April 4, 2020, the Plan has implemented the requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which change the Plan to, among others, suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan has evaluated subsequent events through October 8, 2020, which is the date that the Plan’s annual financial statements were available to be issued.
