The Plan is a defined contribution plan established by The Stratton Corporation (Stratton) in June 1978. Effective August 1, 2018, the 401(k) plans of several resorts merged into the Plan, and the Plan changed its name from Intrawest 401(k) Retirement Plan to Alterra Mountain Company US Inc. 401(K) Retirement Plan, which included a switch in Plan trustee from Vanguard Fiduciary Trust Company to Fidelity Management Trust Company. All employees of Stratton, Snowshoe Mountain, Inc., Intrawest Retail Group, Inc., Playground Destination Properties, Inc., IRG Restaurant Company, Intrawest Shared Services, Inc., Intrawest Hospitality Management, LLC, Intrawest/Winter Park Operations Corporation, Steamboat Ski & Resort Corporation (Steamboat), Intrawest Restaurants California, LLC, Deer Valley Resort Company, LLC, Mammoth Mountain Ski Area, LLC, Squaw Valley Ski Holdings, LLC, Snow Summit Ski Company, LLC, Alpine Meadows Ski Resort LLC, Squaw Valley Resort, LLC, Solitude Mountain Ski Area LLC, Crystal Mountain, Inc. and Alterra Mtn Co U.S. Employment Inc. (collectively referred to as "the Company") are able to contribute to the Plan if eligible. The Plan is subject to the provisions of ERISA.

The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Through July 31, 2018, employees were eligible to participate in the Plan if they had completed one year of service and were 21 years of age. A year of service for purposes of eligibility was a consecutive 12-month period during which the employee had 1,000 or more hours of service. Effective August 1, 2018, employees are eligible to participate in the Plan upon hire, if they are at least 21 years of age.

Entry Date

Through July 31, 2018, employees were able to enter the Plan on the first day of the calendar quarter coinciding with or following the date they satisfy the Plan's eligibility requirements. Effective August 1, 2018, employees may enter on the first day of the calendar month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Through July 31, 2018, the Company contributed 50% of the first 3% of eligible compensation. Effective August 1, 2018, the Company contributes at the discretion of its 401(k) Retirement Committee and elected to contribute 50% of the first 6% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants hired before August 1, 2018 are vested immediately in their contributions, employer contributions, plus actual earnings thereon. For participants hired on or after August 1, 2018 vesting in employer contributions is set forth in the following table:

Participant's Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4	100%

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $82,249 and $8,871 respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2019, employer contributions were reduced by $85,026 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loan interest rate, determined monthly, is equal to the prime interest rate published by *Reuters*. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 10 years. Through July 31, 2018, a participant could have no more than 1 general purpose and 1 home loan outstanding at any one time. Effective August 1, 2018, a participant could have no more than 1 loan outstanding at any time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds (including money market mutual fund) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Stable Value fund – Valued at fair value based on the NAV of units held of the stable value funds. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 200,125,181	$ -	$ -	$ 200,125,181
Money market mutual fund	82,270	-	-	82,270
Stable value fund	-	8,581,085	-	8,581,085
Investments at fair value	$ 200,207,451	$ -	$ -	$ 208,788,536

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 154,318,736	$ -	$ -	$ 154,318,736
Money market mutual fund	823	-	-	823
Stable value fund	-	9,201,922	-	9,201,922
Investments at fair value	$ 154,319,559	$ 9,201,922	$ -	$ 163,521,481

Transfers Between Levels

For the years ended December 31, 2019 and 2018, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 4 - Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Fidelity Management Trust Company, the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule H, line 4i-schedule of assets held at end of year.

The trustee has certified its statement of accounts as of December 31, 2019 and 2018, and for the year ended December 31, 2019. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity Management & Research Company, which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stated that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and money market mutual funds managed by Fidelity Trust Management Company, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Plan Amendments

Effective June 1, 2019, the Plan was amended to include Alterra Mtn Co U.S. Employment Inc. as a participating employer.

Effective July 1, 2019 the Plan was amended to increase the employee contribution deferral limit from 75% of an employee's pretax annual compensation to 90% of the employee's pretax annual compensation.

Note 9 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was $730,303 and $888,964 for the years ended December 31, 2019 and 2018, respectively.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, to Form 5500:

Net assets available for benefits per the financial statements	$ 209,920,424

Add excess employer contributions payable - December 31, 2019	106,096
Total employer contributions per the Form 5500	$ 3,732,509

Note 11 - Subsequent Events

The plan sponsor has evaluated subsequent events through October 7, 2020, the date which the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended, and a 401(k) safe harbor employer matching contribution was adopted. Under this provision, all eligible employees receive an employer contribution equal to 100% of the participant's first 4% of eligible compensation contributed to the Plan. In addition, all employer contributions are immediately 100% vested, and all previous employer contributions in the Plan were deemed 100% vested.

Effective January 14, 2020, the Plan was amended to include Sugarbush Mountain Resort Inc. as a participating employer.

Subsequent to year-end, the United States and global markets experienced significant volatility in value resulting from uncertainty caused by the world-wide coronavirus pandemic. The plan sponsor is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of this volatility. The Plan's financial statements do not include adjustments to fair value that have resulted from this volatility.

Subsequent to year-end, the Company adopted various provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 to allow qualified participants to delay payment of loans. In addition, these provisions allow qualified participants to take a distribution of up to $100,000 penalty free. These provisions expire on December 31, 2020.

Note 1 - Description of Plan

The following brief description of the Alterra Mountain Company US Inc. 401(K) Retirement Plan, formerly known as the Intrawest 401(k) Retirement Plan, is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Stratton Corporation (Stratton) in June 1978. Effective August 1, 2018, the 401(k) plans of several resorts merged into the Plan, and the Plan changed its name from Intrawest 401(k) Retirement Plan to Alterra Mountain Company US Inc. 401(K) Retirement Plan, which included a switch in Plan trustee from Vanguard Fiduciary Trust Company to Fidelity Management Trust Company. All employees of Stratton, Snowshoe Mountain, Inc., Intrawest Retail Group, Inc., Playground Destination Properties, Inc., IRG Restaurant Company, Intrawest Shared Services, Inc., Intrawest Hospitality Management, LLC, Intrawest/Winter Park Operations Corporation, Steamboat Ski & Resort Corporation (Steamboat), Intrawest Restaurants California, LLC, Deer Valley Resort Company, LLC, Mammoth Mountain Ski Area, LLC, Squaw Valley Ski Holdings, LLC, Snow Summit Ski Company, LLC, Alpine Meadows Ski Resort LLC, Squaw Valley Resort, LLC, Solitude Mountain Ski Area LLC, Crystal Mountain, Inc. and Alterra Mtn Co U.S. Employment Inc. (collectively referred to as "the Company") are able to contribute to the Plan if eligible. The Plan is subject to the provisions of ERISA.

The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Through July 31, 2018, employees were eligible to participate in the Plan if they had completed one year of service and were 21 years of age. A year of service for purposes of eligibility was a consecutive 12-month period during which the employee had 1,000 or more hours of service. Effective August 1, 2018, employees are eligible to participate in the Plan upon hire, if they are at least 21 years of age.

Entry Date

Through July 31, 2018, employees were able to enter the Plan on the first day of the calendar quarter coinciding with or following the date they satisfy the Plan's eligibility requirements. Effective August 1, 2018, employees may enter on the first day of the calendar month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Through July 31, 2018, the Company contributed 50% of the first 3% of eligible compensation. Effective August 1, 2018, the Company contributes at the discretion of its 401(k) Retirement Committee and elected to contribute 50% of the first 6% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants hired before August 1, 2018 are vested immediately in their contributions, employer contributions, plus actual earnings thereon. For participants hired on or after August 1, 2018 vesting in employer contributions is set forth in the following table:

Participant's Years of Service	Vested Percentage
1	25%
2	50%

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $82,249 and $8,871 respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2019, employer contributions were reduced by $85,026 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loan interest rate, determined monthly, is equal to the prime interest rate published by *Reuters*. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 10 years. Through July 31, 2018, a participant could have no more than 1 general purpose and 1 home loan outstanding at any one time. Effective August 1, 2018, a participant could have no more than 1 loan outstanding at any time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds (including money market mutual fund) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Stable Value fund – Valued at fair value based on the NAV of units held of the stable value funds. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total

Transfers Between Levels

For the years ended December 31, 2019 and 2018, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 4 - Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Fidelity Management Trust Company, the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule H, line 4i-schedule of assets held at end of year.

The trustee has certified its statement of accounts as of December 31, 2019 and 2018, and for the year ended December 31, 2019. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity Management & Research Company, which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stated that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and money market mutual funds managed by Fidelity Trust Management Company, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Plan Amendments

Effective June 1, 2019, the Plan was amended to include Alterra Mtn Co U.S. Employment Inc. as a participating employer.

Effective July 1, 2019 the Plan was amended to increase the employee contribution deferral limit from 75% of an employee's pretax annual compensation to 90% of the employee's pretax annual compensation.

Note 9 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was $730,303 and $888,964 for the years ended December 31, 2019 and 2018, respectively.

Note 10 - Reconciliation of Financial Statements to Form 5500

Note 11 - Subsequent Events

The plan sponsor has evaluated subsequent events through October 7, 2020, the date which the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended, and a 401(k) safe harbor employer matching contribution was adopted. Under this provision, all eligible employees receive an employer contribution equal to 100% of the participant's first 4% of eligible compensation contributed to the Plan. In addition, all employer contributions are immediately 100% vested, and all previous employer contributions in the Plan were deemed 100% vested.

Effective January 14, 2020, the Plan was amended to include Sugarbush Mountain Resort Inc. as a participating employer.

Subsequent to year-end, the United States and global markets experienced significant volatility in value resulting from uncertainty caused by the world-wide coronavirus pandemic. The plan sponsor is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of this volatility. The Plan's financial statements do not include adjustments to fair value that have resulted from this volatility.

Subsequent to year-end, the Company adopted various provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 to allow qualified participants to delay payment of loans. In addition, these provisions allow qualified participants to take a distribution of up to $100,000 penalty free. These provisions expire on December 31, 2020.
