Independent Auditor's Report

To the Trustee and Pension Plan and Benefits Committee of
Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan
Columbus, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pediatric Academic Association, Inc. 403(b) Tax-Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3-5 which were certified by Ameriprise Trust Company and RiverSource Life Insurance Company; AXA Equitable Life Insurance Company; Fidelity Management Trust Company; Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF); T. Rowe Price Trust Company; Vanguard Fiduciary Trust Company; Variable Annuity Life Insurance Company; and Voya Retirement Insurance and Annuity Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the custodians is complete and accurate.

As described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Pediatric Academic Association, Inc. (the Association) 403(b) Tax-Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1982 and is a tax-sheltered annuity plan meeting the requirements of Section 403(b) of the Internal Revenue Code (the Code). The Plan was amended and restated effective January 1, 2009 to incorporate regulatory changes under Section 403(b) of the Code and provisions of the Pension Protection Act of 2006. All employees are eligible to participate in the salary reduction contribution on the first date of employment. The Plan is subject to the provisions of ERISA.

Contributions

Participants may elect to contribute up to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the Internal Revenue Service (IRS). A participant who is also an active employee may contribute to the Plan, as a rollover contribution, a distribution from another qualified retirement plan. During 2019 and 2018, rollover contributions totaled \$887,249 and \$617,554, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of plan earnings. The Plan's earnings are allocated based on the participant account balances as defined.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings/losses thereon, thus, there would not be any forfeitures in relation to participant deferrals.

Investments

Under the terms of the agreement between the plan custodians and the Plan, the custodians manage the funds on behalf of the Plan. Plan participants may select how their accounts are invested from investments offered by each custodian. Effective October 1, 2012, TIAA-CREF became the only custodian approved to hold new participant contributions. Plan contributions made prior to October 1, 2012 were permitted to remain with the custodians previously approved to hold plan assets. During 2019, all investments held by Variable Annuity Life Insurance Company were distributed to participants and no investments are held with this custodian as of December 31, 2019. See Note 3 for the fair value of investments.

Payment of Benefits

At termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary may receive an annuity distribution or lump-sum amount equal to 100 percent of the participant's account balance. Normal retirement age is 65, with in-service withdrawals allowable

Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan

Notes to Financial Statements

at age 59 ½. For termination of service due to other reasons, a participant will receive the value of the vested interest as a lump-sum or an annuity distribution. Benefits are recorded when paid.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need, as defined in the Plan agreement.

Notes Receivable from Participants

Effective January 1, 2018, participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. All loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1% at loan inception. Principal and interest is paid ratably through payroll deductions. Loan terms shall not exceed five years, unless the loan was used to acquire a principal residence. See Note 9 for subsequent amendment.

Administrative Fees

Beginning October 2019, the Plan pays for certain professional fees for the administration of the Plan. The Plan paid administrative expenses of \$6,153 for the year ended December 31, 2019. During 2018, all administrative expenses of maintaining the Plan were paid by the Association.

Plan Servicing Credit

The Plan servicing credit is the balance in the Plan's Revenue Credit Account (RCA) where credits are earned from the fund within the RCA and then are returned to participants based on the Plan's choice of the five allocation methods allowed by TIAA-CREF. The Plan elected "asset based - all investments" allocation method, which returns plan servicing credits to the participants based on each participant's plan assets in relation to total plan assets. The Plan had no revenue credits for the year ended December 31, 2019 and \$59,390 in total revenue credits for the year ended December 31, 2018, that were allocated to participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at

Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan

Notes to Financial Statements

the measurement date. Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. See Note 3 for discussion of fair value measurements.

Excluded Contracts and Accounts

The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with DOL field assistance bulletin 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract is fully vested in the contract or account.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are reclassified as deemed distributions based on the terms of the plan document. As of December 31, 2019, there were \$52,193 of loans outstanding from participants. As of December 31, 2018, no loans were outstanding from participants.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2020 and October 9, 2020, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements. See Note 9.

3. Fair Value Measurements

The accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest

Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan

Notes to Financial Statements

priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurement* are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: The accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market holdings are generally valued at amortized cost. Each Account determines its unit value each day.

Fixed annuity contracts: Valued at contract value which approximates fair value, using a guaranteed minimum interest rate between 1% and 3%, plus additional interest if declared.

Pooled separate accounts: Valued at net asset values of such accounts which are provided by the custodian. The net asset value is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The accounts, with the exception of TIAA Real Estate Account, allow for daily redemptions and contributions. The TIAA Real Estate Account restricts redemptions to 1 per calendar quarter.

Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan

Notes to Financial Statements

Guaranteed interest accounts: Valued at fair market value, using a guaranteed minimum crediting interest rate.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019

4. Investment in Fully Benefit-Responsive Contract

The Plan contains benefit-responsive investment contracts with TIAA-CREF (TIAA Traditional Benefit Responsive and TIAA Stable Value). TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The contract has no stated maturity date. At December 31, 2019 and 2018, there were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$4,012,937 and \$3,609,296, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The contract provides a guaranteed minimum rate of interest between 1-3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum.

Pediatric Academic Association, Inc.
403(b) Tax-Sheltered Annuity Plan

Notes to Financial Statements

The repayment of principal and interest credited to participants holding the investments is a financial obligation of TIAA-CREF. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of TIAA-CREF, the TIAA Traditional Benefit Responsive or TIAA Stable Value investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with TIAA-CREF and participants holding the investment is not probable.

5. Summary of Financial Data Certified by the Custodians

Certain Plan investments are held and administered by the following custodians: Ameriprise Trust Company and RiverSource Life Insurance Company; AXA Equitable Life Insurance Company; Fidelity Management Trust Company; TIAA-CREF; T. Rowe Price Trust Company; Vanguard Fiduciary Trust Company; Variable Annuity Life Insurance Company; and Voya Retirement Insurance and Annuity Company. These custodians have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule. The Plan also holds investments with two custodians, American Century Investments and American Funds, amounting to \$2,363,137 and \$2,139,010 at December 31, 2019 and 2018, respectively, that have not been certified as complete and accurate by the custodians.

In accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the custodians have certified complete and accurate the following information at December 31, 2019 and 2018 including the comparable information in the accompanying supplemental schedule:

<i>As of December 31,</i>	2019	2018
Investments:		
Mutual funds	\$ 53,831,977	\$ 40,124,372

 Certified total investment income (loss)	 \$ 12,658,736	 \$ (3,129,664)

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

6. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration and audit of the Plan are paid by the Association on behalf of the Plan.

The Plan invests in mutual funds, variable annuity contracts, fixed annuity contracts, pooled separate accounts, and guaranteed interest accounts sponsored by the plan's custodians, as defined by the Plan, and therefore, these investments and all transactions with them qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

Effective April 1, 2020, the Plan was converted from an individually designed plan to a prototype plan. Prior to this date, the Internal Revenue Service (IRS) was not issuing determination letters on 403(b) plans. Prototype plans do not require individual plan determination letters. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if

Pediatric Academic Association, Inc.

Notes to Financial Statements

the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any and related impact on the Plan’s liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and effective April 20, 2020 has implemented the following provisions:

- Special coronavirus distributions up to \$50,000
- Increase the available loan amount as described in Note 2 to the lesser of \$50,000 or 100% of the participant’s vested account balance
- Extend the period for loan repayments, up to one year
- Suspended required minimum distributions for 2020
