**ZEBRA 401(K) PLAN formerly known as ZEBRA TECHNOLOGIES CORPORATION
PROFIT SHARING AND SAVINGS PLAN**

**Notes to the Financial Statements
December 31, 2019 and 2018**

(1) Description of Plan

The following description of the Zebra 401(k) Plan, formerly known as Zebra Technologies Corporation Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Zebra Technologies Corporation (Zebra) and its affiliated companies that have adopted the Plan subject to certain service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. Effective April 1, 2018, the Plan changed its name to the Zebra 401(k) Plan.

Contributions

Each year, non-highly compensated participants may contribute 1% to 75% of eligible compensation on a pretax and/or post-tax Roth basis within certain specified limitations. Highly compensated participants are limited to 15% of eligible compensation. The Plan permits a discretionary Company match and a discretionary profit sharing contribution by Zebra. Participants are eligible for the Company match and profit sharing contributions on the date of eligibility in the Plan.

The Company will match 100% of the first 2% of gross eligible earnings, and will also match the next 4% of gross eligible earnings at the rate of 50%. The Company may contribute additional amounts to the Plan at the discretion of the Board of Directors, subject to certain legal limits. No such contributions were made during 2019 and 2018.

The Plan permits eligible employees to make additional elective deferrals to the Plan known as "catch-up" contributions, as permitted by the Economic Growth and Tax Relief Reconciliation Act of 2001. Catch-up contributions are excluded from Zebra's matching contribution.

At December 31, 2019, the Plan offered 26 mutual funds, a money market fund, a stable value collective trust fund and a brokerage account which offers a wide range of mutual fund investments as investment options for participants.

The Plan includes a true-up provision on the company match contribution. This true-up provision ensures that participants who are contributing to the Plan receive the maximum Company contribution allowed regardless of their savings strategy. True-up contributions are made during the first quarter, after the end of the Plan year, and are recorded as a receivable at December 31, 2019 and 2018.

Automatic Enrollment: An eligible employee shall automatically become a participant of the Plan as soon as administratively practicable. Participants shall be deemed to have elected a before-tax contribution of 3% of compensation. The amount of the deemed contribution shall increase by 1% on the anniversary of the participant's entry date until the before-tax contributions equals 10% of the

**ZEBRA 401(K) PLAN formerly known as ZEBRA TECHNOLOGIES CORPORATION
PROFIT SHARING AND SAVINGS PLAN**

**Notes to the Financial Statements

participants' compensation. Effective April 1, 2019 the auto escalation cap was increased from 10% to 15% of the participant's before-tax contributions. The participant may elect, at any time, not to make a before-tax contribution, elect a different level of before-tax contributions, or elect to make after-tax Roth contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer's matching and discretionary profit sharing contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan was amended effective April 1, 2018 to fully vest the accounts of all participants who are actively employed by the Company and to provide for immediate vesting for all new participants who enter the Plan thereafter. For those participants who were not actively employed on April 1, 2018, they will vest ratably over 5 years at a rate of 20% each year.

Forfeited Accounts

Forfeited nonvested accounts may be used to pay Plan expenses or to reduce employer contributions. The forfeiture balance as of December 31, 2019 totaled \$2,531 and \$228,019 as of December 31, 2018. In 2019, \$373,849 of forfeitures were used to reduce employer contributions, and \$79,888 of forfeitures were used to reduce plan expenses. In 2018, \$155,761 of forfeitures were used to reduce employer contributions, and \$97,104 of forfeitures were used to reduce plan expenses.

Payment of Benefits

Benefits are recorded when paid. Payments of benefits are in the form of lump sum distributions.

Hardship/Withdrawals

Participants may withdraw funds from their savings contribution account after meeting certain criteria as defined in the Plan.

Notes Receivable from Participants

Loans are available to plan participants at the prime interest rate plus 1% (as published by the *Wall Street Journal*), under circumstances as described in the Plan. Notes receivable from participants are secured by their vested balance and may not exceed the lesser of 50% of their vested balance or \$50,000. Notes receivable from participants are repaid through payroll deductions and bear interest at rates ranging from 4.25% to 9.25%.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and accompanying notes. Actual results could differ from those estimates.

(3) Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

PROFIT SHARING AND SAVINGS PLAN**

**Notes to the Financial Statements
December 31, 2019 and 2018**

(4) Administrative Expenses

The Plan's trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. To the extent expenses are not paid by the Plan, they are paid by the Company.

(5) Unaudited information – Certified Investments and Notes Receivable from Participants

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee. This information has not been audited by independent accountants.

(6) Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. ASC 820 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

**ZEBRA 401(K) PLAN formerly known as ZEBRA TECHNOLOGIES CORPORATION
PROFIT SHARING AND SAVINGS PLAN**

**Notes to the Financial Statements
December 31, 2019 and 2018**

Stable Value Collective Trust Fund: The fair values of participation units in the stable value collective trust fund are based upon the NAV of such funds, as reported by the fund managers as of the Plan's financial statement dates which is supported by recent transaction prices. The Vanguard Retirement Savings Trust III invests in conventional and synthetic investment contracts issued by life insurance companies, banks and other financial institution, with the objective of a high level of return that is consistent with also providing stability of investment return, preservation of capital, and liquidity of pay plan benefits of its retirement plan investors. The stable value collective trust fund provides for daily redemptions by the Plan participants at reported NAVs per share, with no advance notice requirement.

Brokerage account: Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1).

Money Market Deposit Account: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer. (Level 2 inputs). The Plan's investments in the money market deposit account occasionally exceed the federally insured balance.

Investments measured at fair value on a recurring basis at December 31, 2019 and 2018 are summarized below using:

December 31, 2019:

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

(7) Party-In-Interest Transactions

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Zebra pays certain professional fees for the administration and audit of the Plan. At December 31, 2019 and 2018, the Plan held units of a stable value collective trust fund managed by Vanguard Fiduciary Trust Company (Vanguard) and shares of mutual funds held by an affiliate of Vanguard. Vanguard is the Plan's Trustee as of December 31, 2019 and 2018. These investments and transactions are considered party-in-interest. Investment management and transaction fees are charged to the Plan by investment managers, with these fees being reflected in the investment income reported by the Plan. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

Participants are also allowed to take out a loan in the form of a Note Receivable (Notes) from their accounts in the Plan. These Notes also qualify as party-in-interest transactions.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, liquidity, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**ZEBRA 401(K) PLAN formerly known as ZEBRA TECHNOLOGIES CORPORATION
PROFIT SHARING AND SAVINGS PLAN**

**Notes to the Financial Statements
December 31, 2019 and 2018**

(9) Termination of the Plan

Although Zebra has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

(10) Subsequent Events

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020 and a pandemic on March 11, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Effective January 1, 2020 the TempTime Corporation 401(k) Retirement Plan merged into the Plan. In connection with the merger, assets of approximately \$11.2 million transferred into the Plan during January 2020.

Plan management has evaluated subsequent events for recognition and disclosure through October 9, 2020, which is the date the financial statements were available to be issued.
