The following description of the Larson Manufacturing and Affiliates 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering all employees of Larson Manufacturing, Inc, Larson Manufacturing Company of Iowa Inc, AEI, LLC, and Superior Homes, LLC (collectively the "Company") originally effective January 1, 2002. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective May 1, 2018 to allow the employees who were employees with AEI, LLC on December 31, 2017 to become eligible to participate in the Plan, effective May 1, 2018. The Plan excludes leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for the oversight of the plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. During 2019, Superior Homes LLC was sold and thus the contributing plan participants are no longer included in the Plan as of December 31, 2019.

Eligibility

Employees shall be eligible to participate in the salary reduction arrangement in the Plan after attaining age 18 and completion of 60 days of service. Employees automatically enter the Plan on the first day of the month following the completion of the eligibility requirements, unless they affirmatively elect not to participate in the Plan. However, AEI, LLC employees are not subject to the automatic enrollment in the Plan. As of May 1, 2018, employees of AEI, LLC became participants of the Plan regardless of length of service or age. The Plan credits service with Comfort Bilt LLC as service for eligibility purposes. Nonelective contributions are only allocated to employees still employed on the last day of the plan year and who have obtained 1,000 hours of service.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited to 90% by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make qualified matching or nonelective contributions to the Plan. Each employer separately determines its matching and nonelective formula for contributions. Matching contributions are only allocated to employees of the contributing employer. However, nonelective contributions are allocated pro rata as a uniform percentage of participant contributions. For the years ended December 31, 2019 and 2018, Larson Manufacturing, Inc., Larson Manufacturing Company of Iowa, Inc., and AEI, LLC elected not to make matching or nonelective contributions. However, for years ended December 31, 2019 and 2018, Superior Homes LLC elected to provide a 25% match of employee contributions up to the first 6% of compensation. For 2019 and 2018, the employer's matching contributions were $9,977 and $14,251, respectively.

Note 1: Description of Plan (Continued)

Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants may change their investment options at any time by accessing their account online. They can also make changes through the benefits help line using a toll-free number. Wells Fargo Bank, N.A. holds all the Plan's investments.

Participant Accounts

Each participant account is credited with the participant's contribution, Company discretionary matching contributions, and allocations of the Company's discretionary non-elective contribution, and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company discretionary matching contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary non-elective contribution portion of a participant's account is based on the number of years of service, as follows:

Years of service	Vesting percentage
Less than 2 years	- %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more	100 %

All participants become fully vested on death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years or longer for the purchase of a primary residence. The maximum number of loans a participant may have outstanding at any one time is two. As of December 31, 2019 and 2018 interest rates ranged from 4.25% to 8.50%.

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary with a vested account balance in excess of $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments over a specified period of time. If a participant terminates employment and the participant's account balance is less than $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In order to receive a distribution of company matching or nonelective funds, a participant must be at least 55 years of age. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant recordkeeping and specific participant transactions are charged directly to the participants account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2020, which is the date the financial statements were available to be issued.

On July 1, 2020, all net assets of the Comfort Bilt, LLC 401(k) plan were merged into the existing net assets of the Larson Manufacturing and Affiliates 401(k) Plan.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies is used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of the units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair values of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds - Total investment assets in the fair value hierarchy	$ 19,313,595	$ -	$ -	$ 19,313,595
Investment assets measured at NAV				9,443,665
Total investment assets at fair value				$ 28,757,260

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds - Total investment assets in the fair value hierarchy	$ 15,735,588	$ -	$ -	$ 15,735,588
Investment assets measured at NAV				8,629,621
Total investment assets at fair value				$ 24,365,209

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the Trustee of the Plan.

Note 5: Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

Note 6: Tax Status

The Company adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A., is the Trustee as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid directly by the Plan. In 2019 and 2018, the Plan made direct payments to the Trustee for recordkeeping and investment management services of $118,624 and $121,663, respectively. The Company pays directly any other fees related to the Plan's operations.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Larson Manufacturing and Affiliates 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering all employees of Larson Manufacturing, Inc, Larson Manufacturing Company of Iowa Inc, AEI, LLC, and Superior Homes, LLC (collectively the "Company") originally effective January 1, 2002. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective May 1, 2018 to allow the employees who were employees with AEI, LLC on December 31, 2017 to become eligible to participate in the Plan, effective May 1, 2018. The Plan excludes leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for the oversight of the plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. During 2019, Superior Homes LLC was sold and thus the contributing plan participants are no longer included in the Plan as of December 31, 2019.

Eligibility

Employees shall be eligible to participate in the salary reduction arrangement in the Plan after attaining age 18 and completion of 60 days of service. Employees automatically enter the Plan on the first day of the month following the completion of the eligibility requirements, unless they affirmatively elect not to participate in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make qualified matching or nonelective contributions to the Plan. Each employer separately determines its matching and nonelective formula for contributions. Matching contributions are only allocated to employees of the contributing employer. However, nonelective contributions are allocated pro rata as a uniform percentage of participant contributions. For the years ended December 31, 2019 and 2018, Larson Manufacturing, Inc., Larson Manufacturing Company of Iowa, Inc., and AEI, LLC elected not to make matching or nonelective contributions. However, for years ended December 31, 2019 and 2018, Superior Homes LLC elected to provide a 25% match of employee contributions up to the first 6% of compensation. For 2019 and 2018, the employer's matching contributions were $9,977 and $14,251, respectively.

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies is used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of the units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair values of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds - Total investment assets in the fair value hierarchy	$ 19,313,595	$ -	$ -	$ 19,313,595

Investment assets measured at NAV				8,629,621

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the Trustee of the Plan.

Note 5: Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

Note 6: Tax Status

The Company adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A., is the Trustee as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid directly by the Plan. In 2019 and 2018, the Plan made direct payments to the Trustee for recordkeeping and investment management services of $118,624 and $121,663, respectively. The Company pays directly any other fees related to the Plan's operations.

Larson Manufacturing and Affiliates 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Larson Manufacturing and Affiliates 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering all employees of Larson Manufacturing, Inc, Larson Manufacturing Company of Iowa Inc, AEI, LLC, and Superior Homes, LLC (collectively the "Company") originally effective January 1, 2002. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective May 1, 2018 to allow the employees who were employees with AEI, LLC on December 31, 2017 to become eligible to participate in the Plan, effective May 1, 2018. The Plan excludes leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for the oversight of the plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. During 2019, Superior Homes LLC was sold and thus the contributing plan participants are no longer included in the Plan as of December 31, 2019.

Eligibility

Employees shall be eligible to participate in the salary reduction arrangement in the Plan after attaining age 18 and completion of 60 days of service. Employees automatically enter the Plan on the first day of the month following the completion of the eligibility requirements, unless they affirmatively elect not to participate in the Plan. However, AEI, LLC employees are not subject to the automatic enrollment in the Plan. As of May 1, 2018, employees of AEI, LLC became participants of the Plan regardless of length of service or age. The Plan credits service with Comfort Bilt LLC as service for eligibility purposes. Nonelective contributions are only allocated to employees still employed on the last day of the plan year and who have obtained 1,000 hours of service.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited to 90% by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make qualified matching or nonelective contributions to the Plan. Each employer separately determines its matching and nonelective formula for contributions. Matching contributions are only allocated to employees of the contributing employer. However, nonelective contributions are allocated pro rata as a uniform percentage of participant contributions. For the years ended December 31, 2019 and 2018, Larson Manufacturing, Inc., Larson Manufacturing Company of Iowa, Inc., and AEI, LLC elected not to make matching or nonelective contributions. However, for years ended December 31, 2019 and 2018, Superior Homes LLC elected to provide a 25% match of employee contributions up to the first 6% of compensation. For 2019 and 2018, the employer's matching contributions were $9,977 and $14,251, respectively.

Note 1: Description of Plan (Continued)

Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants may change their investment options at any time by accessing their account online. They can also make changes through the benefits help line using a toll-free number. Wells Fargo Bank, N.A. holds all the Plan's investments.

Participant Accounts

Each participant account is credited with the participant's contribution, Company discretionary matching contributions, and allocations of the Company's discretionary non-elective contribution, and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company discretionary matching contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary non-elective contribution portion of a participant's account is based on the number of years of service, as follows:

Years of service	Vesting percentage
Less than 2 years	- %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more	100 %

All participants become fully vested on death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years or longer for the purchase of a primary residence. The maximum number of loans a participant may have outstanding at any one time is two. As of December 31, 2019 and 2018 interest rates ranged from 4.25% to 8.50%.

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary with a vested account balance in excess of $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments over a specified period of time. If a participant terminates employment and the participant's account balance is less than $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In order to receive a distribution of company matching or nonelective funds, a participant must be at least 55 years of age. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant recordkeeping and specific participant transactions are charged directly to the participants account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2020, which is the date the financial statements were available to be issued.

On July 1, 2020, all net assets of the Comfort Bilt, LLC 401(k) plan were merged into the existing net assets of the Larson Manufacturing and Affiliates 401(k) Plan.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies is used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of the units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair values of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Note 4: Information Prepared and Certified by the Trustee

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the Trustee of the Plan.

Note 5: Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

Note 6: Tax Status

The Company adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with applicable sections of the IRC.
