1. DESCRIPTION OF THE PLAN:

The following description of the Sunshine State Plumbing 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, adopted effective July 1, 2017, is a defined contribution plan covering substantially all employees of Southeast Mechanical Systems, Inc. (the Company or the Employer) who are age twenty-one or older. The Plan is a salary reduction plan, or 401(k) profit sharing plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of pre-tax or post-tax annual compensation, as defined in the plan document, up to the amount permissible by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also transfer amounts representing distributions from other eligible retirement plans as set forth in the plan document. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer makes an employer matching contribution to eligible participants of 100% of the first 3% of compensation deferred to the Plan each pay period. Employer matching contributions during the year ended December 31, 2019 were $88,781. The Employer, at its discretion, may also make annual nonelective contributions in an amount equal to the ratio that each eligible participant's qualifying compensation bears to total qualifying compensation paid to all eligible participants for the contribution period. To be eligible, the participant must have been employed by the Company for a minimum of 12 months and must have been employed by the Company on the last day of the plan year. There were no discretionary, nonelective contributions for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer matching contributions, Plan earnings or losses, and an allocation of administration expenses that are paid by the Plan. Allocations of administrative expenses are based on account balances, or specific participant transactions, as defined. Investment earnings are based on the participants' account balances and their investment elections, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED):

Vesting

Participants are immediately vested in their own contributions and rollover contributions. Vesting in employer matching contributions and additional discretionary nonelective contributions is based on years of service. Participants with less than three years of service are 0% vested and become fully vested after maintaining three years of service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution or a non-recurring partial payment equal to the value of the vested portion of their account. Upon termination of service, account balances of less than $5,000 are automatically distributed. Participants are allowed to make in-service withdrawals from their fully vested account balances upon reaching the age of 59 ½. The Plan also permits hardship withdrawals, in accordance with provisions specified in the Plan document.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are not to exceed five years, unless for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Financial Statement Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowances for credit losses have been recorded as of December 31, 2019 and 2018. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines valuation policies utilizing information provided by advisors and the recordkeeper. See Note 3 for discussion of fair value measurements.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan; others are paid by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan's management has evaluated subsequent events for adjustment to or disclosure in the Plan's financial statements through October 9, 2020, the date the financial statements were available to be issued. Except as noted below, no recordable or disclosable events occurred through this date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Subsequent Events (Continued)

A novel strain of coronavirus (COVID-19) was first identified in December 2019, and has subsequently been declared a pandemic by the World Health Organization during the first quarter of 2020. The outbreak of COVID-19 has caused significant volatility in the U.S. and international financial markets impacting the Plan's investments. There have been some early signs of improving market conditions, however, the extent and duration of the pandemic and related market volatility remains unclear.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 481,372	$ ---	$ ---	$ 481,372
Total investments, at fair value	$ 481,372	$ ---	$ ---	$ 481,372

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 207,247	$ ---	$ ---	$ 207,247
Total investments, at fair value	$ 207,247	$ ---	$ ---	$ 207,247

4. CERTIFIED INVESTMENTS:

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has elected that information certified by the trustee not be subjected to any auditing procedures except for comparing such information to the information contained in the accompanying financial statements and supplemental schedules. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

	2019	2018
Mutual funds	$ 481,372	$ 207,247
Notes receivable from participants	1,472	---
Net appreciation in fair value of investments	50,114	
Interest and dividends	10,704	
Interest income on notes receivable from participants	24	

4. CERTIFIED INVESTMENTS (CONTINUED):

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. PARTIES-IN-INTEREST TRANSACTIONS:

Certain Plan investments in mutual funds are managed by The Vanguard Group, Inc. (Vanguard). Vanguard also performs recordkeeping and various services and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues notes to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS:

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with CODA Plan Document. The Prototype Plan received a favorable opinion letter from the Internal Revenue Service (IRS) on January 1, 2018. The letter states the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer matching and nonelective contributions.

8. CONCENTRATIONS:

Four investments comprised approximately 76% of net assets available for benefits as of December 31, 2019. Five investments comprised approximately 92% of net assets available for benefits as of December 31, 2018.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. PROHIBITED TRANSACTIONS:

As described in the schedule of delinquent participant contributions (included in the supplemental information), the Employer did not remit certain contributions to the Plan in a timely manner, as defined by ERISA. These items were fully corrected during the year ended December 31, 2019.
