NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Alliance Solutions Group LLC powered by TalentLaunch 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonunion and non-highly compensated employees, as defined, of Alliance Solutions Group, LLC (the Company). The Plan was amended effective January 1, 2019, to make changes related to certain eligibility and entry date requirements. Full-time employees over the age of 21 become eligible to participate immediately upon hire. Part-time employees are required to have 1,000 hours of service to become eligible to participate. The Plan entry dates are the first day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustees.

Contributions

Each year, participants may make voluntary pre-tax and Roth contributions up to 100% of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective January 1, 2019, the Plan no longer has an auto-enrollment provision. The Company may, at its discretion, make matching contributions. The Company may also authorize discretionary profit sharing contributions to the Plan for the related year. These contributions are funded in the year subsequent to their authorization. Qualified non-elective contributions (QNECs) and qualified matching contributions (QMACs) may also be authorized by the Company. No discretionary matching, profit sharing, QNECs, or QMACs were authorized for 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's matching and profit sharing contributions are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and any QNECs or QMACs plus actual earnings thereon. Vesting in any Company matching or profit sharing contributions and earnings thereon is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is $5,000 or less, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. A participant may elect to receive a lump-sum in-service distribution upon attaining the age of 59 ½ from their fully vested account balance. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or to reduce future employer contributions. At both December 31, 2019 and 2018, forfeited nonvested accounts totaled $2,561. During 2019, no forfeitures were used to reduce employer contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value by John Hancock Life Insurance Company (John Hancock), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by John Hancock as of December 31, 2019 and 2018, representing investments in pooled separate accounts.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2019 and 2018, and for the year ended December 31, 2019, the Plan did not have a liability for unrecognized tax benefits.

3. INFORMATION CERTIFIED BY CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by John Hancock, the custodian.

John Hancock has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the daily net asset value (NAV) of each account, as reported by the custodian, which primarily includes a mix of mutual funds, common/collective trust funds, and managed accounts. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by each account.

Stable value pooled separate account: A stable value account that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the account, as reported by the custodian. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a partial or full redemption of the stable value account, as defined, the issuer reserves the right to require 30 days or 12 months' notification, respectively, in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value are comprised of the following at December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Investments measured at NAV:				
Pooled separate accounts	$ -	$ -	$ -	$ 3,227,254
Stable value pooled separate account	-	-	-	48,036
	$ -	$ -	$ -	$ 3,275,290

Assets measured at fair value are comprised of the following at December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Investments measured at NAV:				
Pooled separate accounts	$ -	$ -	$ -	$ 2,309,492
Stable value pooled separate account	-	-	-	22,455
	$ -	$ -	$ -	$ 2,331,947

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock. John Hancock is the custodian and record-keeper as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Effective January 1, 2019, Trinity Pension Consultants Inc. (Trinity) provides certain administrative services to the Plan pursuant to an Administration Services Agreement (ASA) between the Company and Trinity. Trinity receives revenue from mutual fund service providers for services Trinity provides to the funds. This revenue is used to offset certain amounts owed to Trinity for its administrative services to the Plan.

If the revenue received by Trinity from such mutual fund service providers exceeds the amount owed under the ASA, Trinity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019 there were no excess amounts. The Plan or the Company may make a payment to Trinity for administrative expenses not covered by revenue sharing.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

7. TAX STATUS

The Plan has adopted a volume submitter plan provided by Trinity. Trinity has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. CORRECTIVE CONTRIBUTIONS PAYABLE

During 2019, Plan management determined participant contributions were remitted to the Plan for five ineligible participants during 2018. These contributions, plus related earnings, totaled $8,127, and are reported as a liability with a corresponding reduction to contributions for 2018. Such amounts were returned to the ineligible participants on April 15, 2019.

10. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

The impact of the coronavirus (COVID-19) outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions. These developments and the impact of COVID-19 on the financial markets and the overall economy are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially affected.
