(1) Plan Description

The following description of the Tectran Mfg Inc. 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is intended to comply with the provisions of the ERISA and Section 401(a) and Section 401(k) of the Internal Revenue Code (IRC).

The Plan covers all employees of the Plan's sponsor, Tectran Mfg Inc. ("the Sponsor"), Tectran Group, Inc., and Tectran Canada Corp. (collectively "the Company"), except nonresident aliens with no U.S. income. To become eligible to participate in the plan, employees must have a minimum of twelve months of service and have attained age 21. Plan entrance dates, for those who meet the eligibility requirements, are on the first day of each calendar quarter. None of the participants in the Plan during 2018 and 2019 were employed by Tectran Group, Inc. or Tectran Canada Corp.

Contributions

Participants may elect to make before-tax contributions of up to 100% of their annual compensation, as defined by the Plan, up to $19,000, the maximum contribution for 2019 excluding catch-up provisions for participants age 50 and above, for which the maximum contribution is $6,000. Employees may also make rollover contributions by which they transfer to the Plan all or a portion of the proceeds they receive from any other qualified plan. Participants may also make Roth salary deferral contributions, which are made on an after-tax basis. There are no provisions in the Plan for employer contributions. Participants direct the investment of their contributions and other plan activity to be allocated to their accounts among several options.

Participant Accounts

Each participant's account is credited with the participant's contributions and related investment earnings. Allocations are based on investment earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in their before-tax contributions, after-tax contributions, and rollover contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to either a portion or the full value of the participant's vested interest in his or her account, or in installment payments. Accounts of terminated employees whose balance does not exceed $5,000 must be distributed by the Plan. The Plan permits in-service withdrawals upon attainment of age 59 1/2. The Plan also permits withdrawals if a participant reaches age 55 and has ceased employment, as well as if an employee is a qualified reservist or experiences a financial hardship.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan's pooled separate accounts are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in fair value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan offers a choice of mutual funds via non-registered pooled separate accounts, managed by Principal Life Insurance Company, that include money market, bond, equity, blended, and target date funds, for various levels of risk tolerance. The Plan's investments in the separate accounts are valued daily based on the market value of the underlying assets of each separate account plus income accrued but not yet received less operating expenses accrued but not deducted, if any. See Note 3 for discussion of fair value measurements.

The Plan offers an investment in an unallocated annuity contract of the Plan custodian. The custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by the custodian. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1
Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2
Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts

The Plan's investments in pooled separate accounts ("PSA") are valued daily based on the market value of the underlying assets of the separate account plus income accrued but not yet received less operating expenses accrued but not deducted, if any. These PSAs are classified as Level 2. The redemption frequency of each of these PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in PSAs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

December 31, 2019	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 597,840	$ -	$ 597,840
Investments at fair value	$ -	$ 597,840	$ -	$ 597,840

December 31, 2018	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 425,728	$ -	$ 425,728
Investments at fair value	$ -	$ 425,728	$ -	$ 425,728

(4) Certification by the Plan's Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian, Principal Life Insurance Company, as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

	2019	2018
Investments:		
Pooled separate accounts	$ 597,840	$ 425,728
Unallocated insurance contracts, at contract value	38,591	33,591
	$ 636,431	$ 459,319

	2019
Investment income:	
Net appreciation in fair value of investments	$ 93,972
	$ 93,972

(5) Tax Status

On September 4, 2014 the Plan adopted the Principal Basic Plan Document No. 2, a prototype plan for which the IRS issued an advisory letter dated March 31, 2014 which states that the prototype plan is acceptable under IRC Section 401 for use by employers for the benefit of their employees.

Although the Plan was amended since the date of adoption of the plan document, the Plan administrator believes that the Plan has been designed and operated in compliance with the applicable requirements of the IRC therefore no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Termination of the Plan

While it is the intention of the Company to continue the Plan indefinitely, the Company reserves the right to amend or terminate the Plan at any time.

(7) Parties-In-Interest

The Plan's investments are managed by Principal Securities (PS). The custodian, Principal Life Insurance Company, is related to PS and, therefore, these transactions qualify as party-in-interest

(Continued)

transactions. Direct compensation paid by the Plan to PS for commissions and service fees was $3,397 for the year ended December 31, 2019.

The Company provides certain administrative services to the Plan for which no fees are charged. Shareholders of the Company and the Plan Administrator, an employee of the Company, are participants in the Plan.

(8) Excess Contributions Refundable

The Plan did not satisfy a discrimination test required by the Internal Revenue Code for the years ended ended December 31, 2019 and 2018. Excess contributions of $17,509 and $10,605 are reported as refundable to Plan participants in the accompanying Statement of Net Assets Available for Benefits at December 31, 2019 and 2018, respectively. Employee contributions for the year ended December 31, 2019 were reported net of $17,509 of excess contributions refundable in the Statement of Changes in Net Assets Available for Benefits.

(9) Prohibited Transactions – Participant Contributions

During 2013, 2014, 2018, and 2019, the Plan's sponsor failed to remit to the Plan's custodian employee contributions and loan payments totaling approximately $43,722, within the periods prescribed by the Department of Labor regulations. The delays were due to administrative errors. The Company made additional contributions in 2020 totaling $59 to the affected participants' accounts for estimated lost investment income due to the delays.

(10) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500, Schedule H, as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 618,981	$ 448,714
Employer contributions receivable	(59)	-
Accrual for excess contributions refundable	17,509	10,605
Net assets per Form 5500, Schedule H	$ 636,431	$ 459,319

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500, Schedule H, for the year ended December 31, 2019:

Net increase in net assets available for benefits per the financial statements	$	170,267
Current year accrual for employer contributions receivable		(59)
Current year accrual for excess contributions refundable		17,509
Prior year accrual for excess contributions refundable		(10,605)
Net income per Form 5500, Schedule H	$	177,112

(11) Subsequent Events

In preparing the accompanying financial statements, the Plan has evaluated all subsequent events through October 7, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The Company is not able at this time to estimate the full impact on the Plan's financial statements.

In April 2020 the Plan was amended to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("the Act") that was signed into law on March 27, 2020. The amendment (a) allows eligible participants to take a COVID-19 related distribution up to $50,000 from the Plan from January 1, 2020 to December 30, 2020, (b) allows qualified participants to defer loan payments for one year, and (c) suspended the 2020 calendar year required minimum distribution.

The Plan was amended, effective July 1, 2020, reducing the participant eligibility requirement from 12 months of service to 90 days of service, and changing plan entry dates from the first day of every calendar quarter to the first day of every month. Further, the amendment allows participants to take a loan from their account. Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance, but not less than $1,000. The term of each loan may not exceed five years, unless the funds are used to acquire a principal residence, in which case the loan may be repaid over a period of up to ten years.
