401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Note A - Plan Description

The following description of the Valley Retina Institute PA 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by affiliated companies for the benefit of their employees. All eligible employees of Valley Retina Institute PA, Ophthalmic Consultants of Texas PA, The Center for Laser Vision Corrections LP, Precision View Management LLC, Accent Diabetic Health Products LLC, and RGV Optical Images LLC (collectively the Company, Employer, or Plan Sponsor) may participate in the Plan. The Plan is a defined contribution plan, covering all full-time employees of the Company who have one year of service and are age twenty-one or older.

A decision was made to terminate the Plan as of December 31, 2019. Distributions of Plan assets will be made during the year ended December 31, 2020.

Contributions

Each year, participants may make elective deferrals up to the maximum percentage allowed by Internal Revenue Code (IRC) regulations. The Company did not make a discretionary contribution to the Plan during the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary contributions, if any, and an allocation of Plan earnings and charged with benefits paid to participants and an allocation of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's respective vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after six years of service.

Benefits Paid to Participants

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installments as determined by the Plan. For termination of service for other reasons, participants may receive the value of the vested interest as a lump-sum distribution.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts were not material to the financial statements.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Aside from amounts discussed in Note G, expenses of maintaining the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

Note C - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Statements of Net Assets Available for Benefits.

Note D - Plan Termination

The Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Plan Sponsor terminated the Plan effective December 31, 2019. In conjunction, the Plan stopped allowing employee contributions during the year ending December 31, 2019. Employee contributions remitted during the year ended December 31, 2019 were from prior years.

Note E - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2019 and 2017.

Mutual Funds: Valued at quoted market prices (Level 1).

Money Market Fund: Valued using $1 for the Net Asset Value (NAV) (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E - Fair Value Measurements – Continued

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 687,772	$ -	$ -	$ 687,772
Money Market Fund	48,564	-	-	48,564
	$ 736,336	$ -	$ -	$ 736,336

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 584,818	$ -	$ -	$ 584,818
Money Market Fund	40,847	-	-	40,847
	$ 625,665	$ -	$ -	$ 625,665

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

Note F - Unaudited Information Prepared and Certified by Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Nationwide Financial Services, Inc. including its subsidiary Nationwide Trust Company, FSB, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

	2019	2018
Investments	$ 736,336	$ 625,665
Net appreciation in fair value of investments	$ 124,490	*

*Not required to be reported.

Note G - Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Nationwide Financial Services, Inc. including its subsidiary Nationwide Trust Company, FSB. Purchases and sales of investment units of these mutual funds qualify as party-in-interest transactions as defined by ERISA. Administrative expenses paid for the year ended December 31, 2019 amounted to $3,989.

Note H - Income Tax Status

The Plan is a Prototype Plan which has received a favorable determination letter from the Internal Revenue Service stating that the plan is a qualified plan. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for tax years ending prior to December 31, 2016.

Note I- Prohibited Transaction

The participant payroll deferrals for certain payrolls during years ended December 31, 2016, 2017, and 2018 were not remitted to the trustee within the normal timeframe established by the Company. The Company has corrected some of these amounts and expects to correct the remaining late remittances during year ended December 31, 2020.
