1. DESCRIPTION OF THE PLAN

The following brief description of the CleanCraft LLC 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan and associated Summary Plan Description for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of CleanCraft LLC (the Plan Sponsor). The Plan was effective as of March 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility
All employees who have attained 21 years of age, with the exception of part time, temporary, or seasonal employees, are eligible to begin salary deferrals and receiving employer contributions upon the first of the month coinciding with or next following meeting the eligibility requirements.

Vesting
Participants are immediately vested in all salary deferrals and employer safe harbor contributions and earnings thereon. Vesting in employer non-elective profit-sharing contributions is based on years of service. Participants vest 20% each year after the second year of service and are fully vested after six years of service.

Contributions
Participants may make voluntary pre-tax contributions in the form of salary reductions up to 90% of their annual compensation, as defined, subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC).

The Plan Sponsor will contribute an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Additionally, the Plan Sponsor may make a discretionary profit-sharing contribution for all eligible participants. There was no discretionary profit-sharing contribution in the period from inception (March 1, 2019) to December 31, 2019.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Plan's matching contribution, the Plan's profit-sharing contribution, and an allocation of Plan earnings, and is charged with an allocation administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $500 up to a maximum of $50,000, but no more than 50% of the participant's account balances. The loans are collateralized by the balance in the participant's account and bear interest at rates equivalent to the prime rate plus 1%. Principal and interest are paid through payroll deductions over a term of five years, except for loans used to purchase a participant's principal residence, which may be repaid over a time determined to be reasonable, but no longer than thirty years.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted under certain circumstances.

Benefit Payments
Upon termination of service, a participant may elect to leave their funds in the Plan, receive a lump-sum amount equal to the value of the account, or rollover their funds into another plan in accordance with Plan provisions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investments
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Fair Value Measurement - Definition and Hierarchy
The Plan may use various valuation techniques in determining fair value. FASB Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Administrative Expenses
The Plan Sponsor pays a substantial portion of Plan expenses with the remainder allocated to participants in the Plan pro-rata.

Benefit Payments
Benefit payments are recorded when paid.

Forfeitures
Forfeitures of employer non-elective contributions are used to reduce future employer contributions or pay administrative expenses. There were no forfeitures for the period from inception (March 1, 2019) to December 31, 2019.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Reliance Trust Company, the trustee, as of and for the period ended December 31, 2019, and is included in the accompanying financial statements and supplemental schedule:

	2019
Investments, at fair value	$ 97,208
Notes receivable from participants	$ 724
Investment income	$ 7,426
Interest income on notes receivable from participants	$ 16
Schedule of Assets (Held at End of Year)	Schedule I

4. INVESTMENTS

The Plan's investments are measured at fair value on a recurring basis as of December 31, 2019.

The Plan's assets fall within the fair value hierarchy as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 97,208	$ -	$ -	$ 97,208

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds: valued at fair value based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated July 16, 2014 that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth by ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31, 2019:

8. PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company (Reliance) is the trustee of the Plan. CleanCraft LLC is the Plan Sponsor. As such, transactions among Reliance and the Plan and CleanCraft LLC and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants are party-in-interest transactions.

9. SUBSEQUENT EVENTS

Subsequent to year-end, the Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

9. SUBSEQUENT EVENTS (Continued)

Subsequent events have been evaluated through October 9, 2020, which is the date the financial statements were available to be issued.
