Trustees
Aquion, Inc. 401(k) Plan
Roselle, Illinois

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Aquion Inc. 401(k) Plan (Plan) as of December 11, 2019 and for the period January 1, 2019 through December 11, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to and have not expressed an opinion on those financial statements as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Standards also require that we communicate to you the following information related to our audit.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

We had no discussions with management regarding alternative accounting treatments within accounting principles generally accepted in the United States of America for policies and practices for material items, including recognition, measurement and disclosure considerations related to the accounting for specific transactions as well as general accounting policies.

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- See disclosures regarding plan merger and transfer of assets.

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. A misstatement is a difference between the amount, classification, presentation or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework. No adjustments were made or proposed as a result of the audit.

Auditor's Judgments About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable.

Other Information in Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (attached)

OTHER MATTERS

We observed the following matter and offer this comment and suggestion with respect to this matter which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, this matter is offered as a constructive suggestion for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss this matter further at your convenience and may provide implementation assistance for changes or improvements.

Minutes of Meetings

During the audit, we noted no formal plan-specific minutes were maintained. All committee meetings and discussions affecting the Plan should be documented by written minutes. Such minutes serve not only for future reference but also document certain investment management responsibilities that fiduciaries are required to perform. These minutes should include matters that affect the Plan including, but not limited to, the following:

- Modifications to agreements with investment advisors, recordkeepers, third-party administrators, trustees, etc.
- Discussion regarding the adoption of plan amendments and reasons therefore
- Discussions regarding investment alternatives offered, with detail of the factors that went into the decisions, relevant circumstances prevailing at the time and information used to make informed decisions
- Review and approval of fees paid to covered service providers as required under Section 408(b)(2) of the *Employee Retirement Income Security Act of 1974*
- Any other operational issues concerning the Plan

We are providing this letter in connection with your audits of the financial statements of Aquion, Inc. 401(k) Plan (the Plan) as of December 11, 2019 and for the period from January 1, 2019 through December 11, 2019 and as of and for the year ended December 31, 2018. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control, and preventing and detecting fraud.

As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated May 14, 2020 for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.
6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.
7. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) There were no administrative committee meetings held through the date of this letter.
 - (e) All significant contracts.

8. All transactions have been recorded in the accounting records and are reflected in the financial statements.
9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets or liabilities.
10. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
12. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
13. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.
 - (e) Agreements to purchase assets previously sold.
 - (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
14. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.

15. We acknowledge the Plan does not meet the definition of a “public entity” under generally accepted accounting principles.
16. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney’s services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
17. Adequate allowances have been provided for any material losses from uncollectible receivables.
18. The fair values of financial assets and liabilities recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
19. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we do not intend to continue them as a qualified Plan and trust. The Plan merged with the Pentair Inc. Retirement Savings and Stock Incentive Plan and all Plan assets have been transferred to the Pentair Inc. Retirement Savings and Stock Incentive Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.
20. The adoption date of the most recent plan amendment was April 1, 2019, as provided to you.
21. The Plan operates under a non-standardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by Principal Life Insurance Co. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.
22. The Plan has complied with the fidelity bonding requirements of ERISA.

23. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
24. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).
25. Except as disclosed in the financial statements, the Plan has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
26. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
27. With respect to any nonattest services you have provided us during the year, including preparation of the financial statements:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
28. We have reviewed the reports of all transactions processed by third-party servicers, **and, based on our review, we believe the transactions shown in the reports are valid** and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
29. We have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.

30. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the plan.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee held the Plan's investment assets and notes receivable from participants and executed transactions related to these assets. The plan administrator has obtained certifications from the trustee as of December 11, 2019, and for the period from January 1, 2019 to December 11, 2019, and as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

Aquion, Inc. 401(k) Plan
Notes to Financial Statements
December 11, 2019 and December 31, 2018

Note 1: Description of the Plan

The following description of the Aquion, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan became effective June 1, 1999, and is a defined contribution plan covering eligible employees of Aquion, Inc. and its subsidiaries, Clearwater Technology and ProCam Controls, Inc. (acquired November 10, 2015), (collectively, the Company), who are age 18 or older and have completed 30 days of entry service as defined by the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as subsequently amended.

Plan Merger

On December 11, 2019, the Plan was merged with Pentair, Inc. Retirement Savings and Stock Incentive Plan. On this date, all of the assets of the Plan in the amount of \$7,073,963, including \$174,580 of notes receivable from participants, were transferred into the Pentair, Inc. Retirement Savings and Stock Incentive Plan.

Contributions

Effective November 19, 2015, participants may contribute up to 100% of their eligible compensation. Eligible compensation for any plan year shall not exceed the maximum provided by the Internal Revenue Code. Previously, the Plan provided for employee salary 401(k) contributions from 1% to 80% of the employee's pre-tax compensation. Contributions can be made on a pre-tax basis only and cannot exceed \$19,000 and \$18,500 in 2019 and 2018, respectively. Age 50 and over participants can contribute an additional \$6,000 in 2019 and 2018. A participant's account may include after-tax contributions made to another plan and transferred to the Plan as part of a rollover contribution. The Company amended the Plan to permit Roth contributions effective November 19, 2015.

Effective November 19, 2015, new participants or re-hired participants were automatically enrolled into the Plan at a contribution rate of 3% of pre-tax compensation, unless the participant opts out of the automatic enrollment. Unless a participant elects otherwise, deferral contributions are automatically increased annually by 1%, not to exceed 6% of compensation. Effective October 10, 2016, new participants or re-hired participants are automatically enrolled into the Plan at a contribution rate of 6% of pre-tax compensation, unless the participant opts out of the automatic enrollment. Unless a participant elects otherwise, deferral contributions are automatically increased annually by 1%, not to exceed 10% of compensation. Effective August 1, 2018, on each August 1, active participants not making elective deferral contributions of at least 6% will be automatically enrolled.

Effective January 1, 2015, the employer discretionary match was 50% of the employee's salary deferral amount on the first 6% of an employee's compensation. The employer made a 401(k)

discretionary match contribution in the amount of \$67,153 and \$244,685 for the period from January 1, 2019 to December 11, 2019, and the year ended December 31, 2018, respectively. There were no other employer discretionary contributions for the period from January 1, 2019 to December 11, 2019, and the year ended December 31, 2018.

Investment Options

Participants must direct their salary deferral contributions and the employer's contributions into a variety of investment funds. Participants may change their investment options at any time.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, Company discretionary contributions and related plan earnings and charged with withdrawals and an allocation of the Plan's income and certain administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions, the employer discretionary match contribution, the other employer discretionary contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Payment of Benefits

Upon termination of employment or attainment of normal retirement age, the participant, or in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$1,000 are paid in a single lump sum upon termination. Additionally, participants may elect to withdraw all or a portion of his/her elective or employer contribution accounts in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Participants Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence for which the loan period cannot exceed ten (10) years. Loans will be charged an interest rate equal to current prime loan rates. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. The Plan's investments in shares of registered investment companies are valued at quoted market prices of shares held by the Plan at year-end. Investments in common or collective trusts and pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Notes to Financial Statements
December 11, 2019 and December 31, 2018

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company on behalf of the Plan. Administrative expenses paid by the Plan totaled \$39,319 and \$56,515 for the period from January 1, 2019 to December 11, 2019, and the year ended December 31, 2018, respectively. Additionally, certain employees of the Company provide administrative services to the Plan and are not reimbursed by the Plan for such services. Certain investment management fees are netted in the net appreciation (depreciation) in fair value of investments.

Note 3: Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA). Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 11, 2019 and December 31, 2018, and the components of investment income (loss) and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the period from January 1, 2019 to December 11, 2019, and the year ended December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Aquion, Inc. 401(k) Plan
Notes to Financial Statements
December 11, 2019 and December 31, 2018

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 11, 2019 and December 31, 2018.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Fair Value Measurements at Reporting Date Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Registered investment companies (included in fair value hierarchy)	\$ 1,762,120	\$ 1,762,120	\$ -	\$ -
Investments measured at net asset value (A)	6,620,397	-	-	-
Total	<u>\$ 8,382,517</u>	<u>\$ 1,762,120</u>	<u>\$ -</u>	<u>\$ -</u>

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

December 11, 2019 and December 31, 2018

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2018				
Common or collective trust funds	\$ 6,255,132	\$ -	Daily	None
Pooled separate accounts	365,265	-	Daily	None

Note 5: Guaranteed Investment Contract

The Plan entered into a benefit-responsive group annuity contract with Principal Trust Company. Principal Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement attribute. Contract value, as reported to the Plan by Principal Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Investments may be redeemed daily without prior notice.

Certain events limit ability of the Plan to transact at contract value with Principal Trust Company. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6: Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by Principal Life Insurance Company. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 7: Party-In-Interest Transactions

Plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee, as defined by the Plan. Therefore, these transactions, qualify as party-in-interest transactions. Expenses paid during the period from January 1, 2019 to December 11, 2019, and the year ended December 31, 2018, were for legal, accounting and other professional services rendered by parties-in-interest.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

	<u>2018</u>
Net increase in net assets available for benefits per the financial statements	\$ 40,166
Excess contributions payable adjustment	<u>(1,454)</u>
Net increase in net assets available for benefits per the Form 5500	<u><u>\$ 38,712</u></u>

Note 9: Subsequent Events

Subsequent events have been evaluated through September 28, 2020, which is the date the financial statements were available to be issued.
