INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Gulf Coast Ford Nissan Toyota 401(k) Plan
Angleton, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gulf Coast Ford Nissan Toyota 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GULF COAST FORD NISSAN TOYOTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Plan description, eligibility and funding policies:

General

The following description of the Gulf Coast Ford Nissan Toyota 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a self-directed, defined contribution plan, covering all full-time employees of the of Gulf Coast Ford, Ltd. d/b/a Gulf Coast Ford, BDB Interest LC, d/b/a Gulf Coast Nissan, BCB Interest, LLC d/b/a Gulf Coast Toyota and Gulf Coast Auto Park, LLC d/b/a Gulf Coast Chevrolet Buick GMC (the "Company") who meet the eligibility requirements detailed below. It is subject to the provisions of the Employee Retirement Income Act of 1974 (ERISA).

Eligibility

Any employee of the Company is eligible to participate in the Plan provided that they are at least age 18 years of age and have completed three months of service.

For purposes of this section, an eligible employee will be deemed to have completed three months of service if they are in the employment of the employer at any time three months after employment commencement date. Employment commencement date shall be the first day that they are entitled to be credited with an hour of service for the performance of duty.

An eligible employee shall become a participant effective as of the first day of the next month following the date on which such employee met the eligibility requirements. Participants may commence salary deferrals on the effective date of participation and on the first day of each Plan month.

Contributions

Participant contributions consist of pre-tax and after-tax (Roth) elective deferrals. Participants may contribute pre-tax and after-tax (Roth) elective deferrals up to the dollar limitation contained in section 402(g) of the Internal Revenue Code in effect at the beginning of the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan agreement.

Employer contributions include discretionary matching contributions and discretionary contributions. The Company did not make a discretionary non-elective contribution in 2019.

1. Plan description, eligibility and funding policies: (cont'd.)

Participant accounts and vesting

Each participant's account is credited with the participant's contributions, the employer's contributions, an allocation of the Plan's earnings and charged with an allocation of investment management fees. The Plan's earnings and investment management fees are allocated according to participants' relative account balances in the investment options. Certain participant and loan fees, if applicable, are also charged to participant accounts.

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participant's account attributable to any employer matching contributions and employer discretionary contributions is fully vested after completion of six years of service. Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan agreement or in the event of death or total disability.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in a lump sum payment or elected to defer receipt of their benefits to a later date. These participants share in the earnings of the investments.

Participants are at all times vested in their deferral and rollover contributions and the appreciation or depreciation thereon. Vesting in the Company's contributions portion of their account plus earnings thereon is based on years of continuous service. Participants are 20% vested after two years of service and vest an additional 20% each year, becoming 100% vested after the completion of six years of service.

Allocation of forfeitures

Forfeitures of employer contributions will be allocated at the earlier of the end of the Plan year in which a distribution to a participant occurs or at the end of the Plan year after five (5) consecutive one-year breaks in service to reduce employer's matching contributions.

Distributions to participants

Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan agreement, or in the event of death or total and permanent disability. After a participant reaches age 59 1/2, they may request an in-service distribution from accounts the participant is fully vested. There is no minimum in-service distribution amount. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited accounts the participant is fully vested. There is a $500 minimum hardship distribution. Benefits payments upon termination of employment are distributed as a lump sum. Distributions may be deferred until the participant reaches the age of 70 1/2 if the value of the distribution is not less than $5,000. However, the Plan agreement stipulates that minimum distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 1/2.

1. Plan description, eligibility and funding policies: (cont'd.)

   Loans to participants

   Participants may borrow the lesser of one-half of their vested account balance or $50,000. The minimum loan available is $1,000. Participant notes are carried at face value and are generally repaid through payroll deductions with after-tax dollars over a period up to 5 years. At termination of employment, the loan will become due.

   Plan termination

   Although they have not expressed any interest to do so, should the Plan sponsor discontinue their operations, the Plan would also be terminated, and each participant would receive their individual plan account balance as adjusted by vesting of the sponsor's contributions.

2. Summary of significant accounting policies:

   Date of Management's review

   Subsequent events were evaluated through September 30, 2020, which is the date the financial statements were available to be issued.

   Accounting basis

   The financial statements of the Plan have been prepared on an accrual method basis of accounting.

   Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the term of the plan.

   Use of estimates

   The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

2. Summary of significant accounting policies: (cont'd.)

Investment valuation and income recognition

The Plan's investments are stated at fair market value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan provides for investments in various investment securities. In general, investment securities are exposed to various risks, such as interest rate, credit, and overall volatility risks. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Investment and administrative expenses

Investment expenses and plan servicing fees are charged to participants based on their investment elections. The investment expenses vary between the various investment options and funds selected. Fees are charged to individual participant's accounts base upon services provided. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Company.

Federal income taxes

The Plan has adopted a non-standardized profit sharing plan, which obtained its latest opinion letter on September 30, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

3. Parties-in-interest:

The Plan invests in various mutual funds offered by John Hancock Life Insurance Company, the trustee of the Plan. These investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

4. Commitments and contingencies:

The administrative committee has represented to us that there are no legal or un-asserted claims against the Plan, no unfulfilled commitments, the Plan has been properly administered and all documents have been properly updated to reflect all current requirements and regulations to keep the Plan qualified. There are no irregularities, errors or illegal acts involving management or employees that could have a material adverse effect on the Plan. There are no unusual or extraordinary transactions with related parties nor are there any items pending that would represent a contingent loss.

5. Information not covered by auditor's report:

Pursuant to the terms of the Plan, Gulf Coast Ford Nissan Toyota 401(k) Plan has entered into a trust agreement with John Hancock Life Insurance Company, whereby, the trustee holds the Plan's investment assets and executes transactions therein, including the receipt of income and payment of withdrawals. For financial reporting and disclosure purposes under the Employee Retirement Income Security Act of 1974, the administrative committee has elected the method for compliance permitted by of the Department of Labor Rules and Regulations 29 CFR 2520.103-8 which permits the Plan's administrative committee to rely on financial statement information certified by the Plan trustee and provides that the independent public accountant need not perform auditing procedures with respect to information certified to by the trustee of the Plan, John Hancock Life Insurance Company, whereby the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, in the Schedule H, Part IV, Line 4i - schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

6. Investments:

Fair value measurements

ASC 820, *Fair Value Measurements and Disclosures,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. A summary of the fair value hierarchy under ASC 820 is described below.

6. Investments: (cont'd.)

Fair value measurements

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Registered investment companies (mutual funds): Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. There are no plan assets requiring the use of level 2 inputs for the periods presented.

Level 3 Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

6. Investments: (cont'd.)

Fair value measurements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019		
	Level 1	Level 2	Total
Registered investment companies	$ 664,598	$ -	$ 664,598
Total investments at fair value:	$ 664,598	$ -	$ 664,598

	December 31, 2018		
	Level 1	Level 2	Total
Registered investment companies	$ 455,366	$ -	$ 455,366
Total investments at fair value:	$ 455,366	$ -	$ 455,366

Investments at contract value

As described in the Financial Accounting Standards Board ASC 962-325, Plan Accounting-Defined Contribution Pension Plans investment contracts held by a defined-contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment contract. Contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Investments: (cont'd.)

Investments at contract value (cont'd.)

The Plans assets are invested in a Guaranteed Interest Account which are held in John Hancock USA's general account to be allocated among investment options which include the Guaranteed Interest Account. The Guaranteed Interest Account is recorded at contract value and that the contract value is the most reasonable estimate of fair value based on the following information.

John Hancock USA does not segregate underlying assets of the Guaranteed Interest Account in a separate account for each account holder. Specific securities within the general account are not carved out and attributed to any specific account holder.

Interest rates are not based directly on the actual performance of the underlying securities in the account, but upon the claims paying ability of the issuing company, John Hancock.

Interest rates are established on the first day of each month an apply to all contributions made to the account in that month. At the end of the year, a "composite rate" of interest is determined, and the deposits made in that year will continue to earn that year's composite rate until the end of the guaranteed period.

The assets held in the Guaranteed Interest Account nay be subject to market value adjustment upon withdrawal as prior to the end of the guarantee period.

The underlying risks of the Guaranteed Interest Account are assumed by John Hancock, USA who is obligated to support the interest guarantees. The only risks passed on are John Hancock, USA's discretion to set the guaranteed rate of return, enforcement market value charges that may be triggered if the funds are withdrawn. The contract allows for transfer between the Guaranteed Interest Account and other investment options under the Company's plan without penalty.

The average interest rates for the Guaranteed Interest Account for the years ending December 31, 2019 and 2018 are 1.33% and 1.95%, respectively.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

Registered investment companies	$ 101,705

7. Nondiscriminatory refunds payable:

At December 31, 2019 and 2018, the Plan owed $42,864 and $15,271 respectively. to certain participants for salary deferral contributions in excess of amounts allowed by law. These amounts were paid in March of the following year and are shown as nondiscriminatory refunds payable in the statements of net assets available for benefits.

8. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 678,183	$ 514,113
Nondiscriminatory refunds payable	42,864	15,271
Net assets available for benefits per the Form 5500	$ 721,047	$ 529,384

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

Change in net assets available for benefits per the financial statements	$ 164,070
Less: nondiscriminatory refunds payable at December 31, 2018	(15,271)
Add: nondiscriminatory refunds payable at December 31, 2019	42,864
Change in net assets available for benefits per the Form 5500	$ 191,663

9. Subsequent event:

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

On March 27, 2020, the C.A.R.E.S. Act (Coronavirus Aid, Relief and Economic Security Act) was signed into law. Included in the legislation are several provisions that impact employer-sponsored retirement plans. Following is a summary of these provisions.

9. Subsequent event: (cont'd.)

Coronavirus related distributions

The law waives the 10% penalty on withdrawals up to $100,000 from a retirement plan for an individual who:

- Is diagnosed with COVID-19;
- Whose spouse or dependent is diagnosed with COVID-19;
- Experiences adverse financial consequences as a result of:
    - Being quarantined, furloughed, laid off, having hours reduced
    - Being unable to work due to lack of child care due to COVID-19,
    - Closing or reducing hours of a business owned or operated by an individual due to COVID-19.

Individuals will have the option to pay tax on the income from the distribution over a 3-year period, or repay that amount back to the plan – tax free over a 3-year period. Repayments are not subject to contribution limits.

Plan loans The law increases the amount a participant may borrow from his or her retirement account to the lesser of $100,000 or 100% of the participant's vested balance. The Act allows participants with outstanding loans to delay any loan payments due during the balance of 2020, for up to one year. To qualify, a participant must meet the same criteria as outlined under Coronavirus Related Distributions, above.

Required minimum distributions The law includes a temporary suspension of the required minimum distributions (RMD's) for 2020.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through September 30, 2020, the date these financial statements were issued.
