1. Description of the Plan

The following description of the Piping Rock 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, beginning January 1, 2018, is a participant-directed defined contribution plan covering all employees of Piping Rock Health Products, LLC and Natures Truth, LLC (the "Company," "Employer" or "Plan Sponsor") who have completed 60 days and have reached 21 years of age, except for members of a collective bargaining agreement, leased employees, non-resident aliens and reclassified employees. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust (the "Trustee") is the Plan's Trustee and J.P. Morgan is the Plan's Recordkeeper.

Contributions

Each year, participants may contribute to the Plan, on a pre-tax basis up to 100% of compensation, with dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also elect to contribute to the "after tax," Roth 401(k) Deferral Contribution. Except, with respect to the application of income taxes to Roth Deferral Contributions, Roth Deferral Contributions are subject to the same rules applicable to "pre-tax" Deferral Contributions, as described above. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations. The Plan provides for discretionary employer matching contributions for all eligible participants. For 2019, the employer matching contributions totaled $336,211.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and (ii) the participant's share of earnings or losses on contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions, profit sharing contributions and earnings thereon after three years of credited service.

Vesting (Continued)

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their contribution investment options weekly and may transfer part or all of past investments to other investment options weekly. Participants may elect to change their salary deferrals on a weekly basis.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested interest of the participant in the Plan. A participant may have no more than two loans outstanding at any time. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 10 years). The loans are secured by the balance in the participant's account and, unless otherwise determined by the plan administrator, bear interest at a fixed rate using the prevailing prime rate plus 1% that is set at the date of the loan. Participant's notes are valued at the outstanding loan balance, plus any accrued but unpaid interest. Principal and interest is paid ratably through weekly payroll deductions. Loans mature through May 2029 with interest rates ranging from 4.25% to 6.50%.

Forfeited Accounts

When termination of certain participants in the Plan occurs, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer matching contributions. At December 31, 2019 and 2018, forfeited accounts totaled $24,527 and $14,898, respectively.

In-Service Withdrawals

Plan participants may take hardship withdrawals from the vested portion of their account. The distribution is limited to the amount necessary to meet the financial need created by the hardship. Participants may withdraw all or a portion of any rollover contributions, plus earnings thereon, for any reason. Participants who have reached age 59 ½ may withdraw all or a portion of the vested portion of their account for any reason. Participants may not make elective deferrals for six (6) months after receiving a hardship distribution.

1. Description of the Plan (Continued)

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted. These amounts are no longer included in net assets available for benefits and are recorded as benefits paid to participants. There were $4,808 of deemed distributions for the year ended December 31, 2019.

Payments of Benefits

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account. Benefit payments to participants are recorded upon distribution. Total amounts for employees who were terminated as of December 31, 2019, but still maintained a balance in the Plan were approximately $170,036. As of December 31, 2019, all employees who elected to take distributions from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses are paid by the Plan Sponsor. The Plan Sponsor is under no obligation to pay such expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements). Interest income is recorded on the accrual basis. Purchases and sales of securities are reflected on a trade–date basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends Accounting Standards Codification ("ASC") 820 to add, remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others are applied prospectively. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, October 12, 2020.

The United States is presently in the midst of a national health emergency related to a virus, commonly known as Novel Coronavirus ("COVID-19"). Global financial markets have experienced and may continue to experience significant volatility resulting from the spread of COVID-19. The overall consequences of COVID-19 on a global, national, regional, and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the Plan and its future results and financial position is not presently determinable.

On March 27, 2020, U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. COVID-related loan limits increased to the lesser of $100,000 or 100% of the participant's vested balance, but the amount is reduced by the highest total loan balance in the last 12 months. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net appreciation in the fair value of the investments, interest and dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Investments reflected on the schedule of assets (held at end of year).

4. Fair Value Measurements

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the quoted market prices of shares or units held by the Plan.

Common/collective trusts: Valued by the issuer of the common/collective trust funds based on the net asset value ("NAV") of its underlying investments. The underlying investments are valued by the issuer using quoted market prices on active markets and provide for daily redemptions with one or two days' notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

As of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,786,190	$ -	$ -	$ 5,786,190
Investments measured at NAV practical expedient (1)				10,835
Investments at fair value				$ 5,797,025

As of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,440,411	$ -	$ -	$ 3,440,411
Investments measured at NAV practical expedient (1)				6,885
Investments at fair value				$ 3,447,296

(1) In accordance with FASB ASC Subtopic 820-10 "Fair Value Measurements," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

4. Fair Value Measurements (Continued)

The following table sets summarizes investments measured at fair value based on NAV per share (or its equivalent):

As of December 31, 2019:	Fair Value	2019 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Common collective trust	$ 10,835	-	Daily	Daily

As of December 31, 2018:	Fair Value	2018 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Common collective trust	$ 6,885	-	Daily	Daily

5. Stable Value Fund

As of December 31, 2019, the common/collective trust held by the Plan included the JP Morgan Stable Asset Income Fund ("Stable Asset Income Fund"). The Stable Asset Income Fund contains wrapper contracts comprised of both underlying investments and contractual components.

Participant-initiated transactions in the Stable Asset Income Fund are those transactions allowed by the Plan, including withdrawals for benefits, loans or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. Certain events limit the ability of the Plan to transact at NAV with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Exempt Party-in-Interest

At December 31, 2019 all Plan investments were in investment funds managed by J.P. Morgan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were $10,868 for the year ended December 31, 2019. Participant loans also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

8. Tax Status

Effective January 1, 2018, the Company adopted a prototype non-standardized profit sharing plan with Cash or Deferred Arrangement ("CODA") which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan does not believe that there are uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
