SEATEX LTD. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 (audited) and 2018 (unaudited)

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Seatex Ltd. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Seatex LLC and adopting affiliates (the "Company"). Employees are eligible to participate in the Plan on the first day of the month coinciding with or immediately following the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90% of eligible compensation into the Plan, subject to certain limitations, deferred on a pre-tax basis. Participants may designate some or all of their contributions as an after-tax Roth contribution, also subject to limitations. Participants who have attained the age of 50 before the end of the plan year may make additional catch-up contributions. The Plan allows rollover contributions from other qualified retirement plans.

The Company contributes a 401(k) safe harbor matching employer contribution each plan year equal to 100% of the first 6% of each participant's eligible compensation contributed to the Plan. The Company may also make a discretionary nonelective employer contribution each plan year for all participants who have completed at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. The Company did not make a discretionary nonelective employer contribution for 2019.

The Plan is participant directed and participants may change their contribution rates as of the beginning of each payroll period and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions as well as allocations of Plan earnings. In addition, participants are charged with any applicable administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting/Payment of Benefits

Participants are at all times fully vested in their contributions, 401(k) safe harbor matching employer contributions, and the appreciation or depreciation thereon. Vesting in the nonelective employer contribution and frozen employer matching contributions portion of their accounts plus earnings thereon is based on the elapsed time method. Participants vest 20% per year after two years of service and are 100% vested after six years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Normal retirement age under the Plan is 65. Upon a participant's termination or retirement, the vested funds in the participant's account may be distributed in a lump-sum payment. The Plan also allows for hardship withdrawals from a participant's salary deferral account and age 59 ½ withdrawals from a participant's vested account balance.

Notes Receivable from Participants

Plan participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance in the Plan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or 10 years for the purchase of a primary residence. The loans bear interest at reasonable rates and are secured by the participant's vested account to the extent of the principal amount of the loan plus accrued interest. Participants may only have one loan outstanding at any time.

Forfeitures

Forfeitures of nonvested employer contributions shall be used to pay administrative expenses or to reduce future employer contributions. The forfeitures balance at December 31, 2019 and 2018 was $27,949 and $22,682, respectively. No forfeitures were used to pay administrative expenses or reduce employer contributions during 2019.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2019 and 2018, no allowance was considered necessary by management.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2019 or 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$5,841,121			$5,841,121

	2018			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$5,096,032			$5,096,032

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTE 5 - TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds managed by entities related to Fidelity. Fidelity is the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

Less: Contributions receivable for 2019	(229,733)
Change in net assets available for benefits per the Form 5500	$ 698,970

NOTE 9 - FIDELITY BOND

SEATEX LTD. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 (audited) and 2018 (unaudited)

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Seatex Ltd. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Seatex LLC and adopting affiliates (the "Company"). Employees are eligible to participate in the Plan on the first day of the month coinciding with or immediately following the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90% of eligible compensation into the Plan, subject to certain limitations, deferred on a pre-tax basis. Participants may designate some or all of their contributions as an after-tax Roth contribution, also subject to limitations. Participants who have attained the age of 50 before the end of the plan year may make additional catch-up contributions. The Plan allows rollover contributions from other qualified retirement plans.

The Company contributes a 401(k) safe harbor matching employer contribution each plan year equal to 100% of the first 6% of each participant's eligible compensation contributed to the Plan. The Company may also make a discretionary nonelective employer contribution each plan year for all participants who have completed at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. The Company did not make a discretionary nonelective employer contribution for 2019.

The Plan is participant directed and participants may change their contribution rates as of the beginning of each payroll period and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions as well as allocations of Plan earnings. In addition, participants are charged with any applicable administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting/Payment of Benefits

Participants are at all times fully vested in their contributions, 401(k) safe harbor matching employer contributions, and the appreciation or depreciation thereon. Vesting in the nonelective employer contribution and frozen employer matching contributions portion of their accounts plus earnings thereon is based on the elapsed time method. Participants vest 20% per year after two years of service and are 100% vested after six years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Normal retirement age under the Plan is 65. Upon a participant's termination or retirement, the vested funds in the participant's account may be distributed in a lump-sum payment. The Plan also allows for hardship withdrawals from a participant's salary deferral account and age 59 ½ withdrawals from a participant's vested account balance.

Notes Receivable from Participants

Plan participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance in the Plan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or 10 years for the purchase of a primary residence. The loans bear interest at reasonable rates and are secured by the participant's vested account to the extent of the principal amount of the loan plus accrued interest. Participants may only have one loan outstanding at any time.

Forfeitures

Forfeitures of nonvested employer contributions shall be used to pay administrative expenses or to reduce future employer contributions. The forfeitures balance at December 31, 2019 and 2018 was $27,949 and $22,682, respectively. No forfeitures were used to pay administrative expenses or reduce employer contributions during 2019.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2019 and 2018, no allowance was considered necessary by management.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2019 or 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$5,841,121			$5,841,121

	2018			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$5,096,032			$5,096,032

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTE 5 - TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds managed by entities related to Fidelity. Fidelity is the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - FIDELITY BOND

During 2019, the Plan was covered by a fidelity bond that was not in accordance with ERISA requirements. Effective February 1, 2020, the Plan obtained coverage in compliance with ERISA requirements.
