INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Foster Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Foster Corporation 401(k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and the supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FOSTER CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 Description of plan:

The following description of the Foster Corporation 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Foster Corporation, Foster West Corporation and Foster Delivery Science, Inc. ("Company") who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. The Company contributes 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. The matching Company contribution is invested as directed by the employee. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested as directed by the employee. Contributions are subject to certain limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and the Company's matching contributions, and the participant's earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are 100% vested immediately.

(See independent auditors' report)

FOSTER CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 Description of plan (continued):

Participant loans:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits:

On termination of service, a participant may elect to withdraw any portion of the value of the participant's vested interest in his or her account. Participants may withdraw all or any of their vested account balance in the event of severe financial hardship or upon attainment of age 59 1/2.

Forfeited accounts:

At December 31, 2019, forfeited nonvested accounts totaled \$4,822. These accounts may be used to reduce future employer contributions. In 2019, employer contributions were reduced by \$0 from forfeited nonvested accounts.

2 Summary of significant accounting policies:

Basis of accounting:

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized accounts receivable, accruals and accounts payable and their related effects on net assets available for benefits in the accompanying financial statements.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances. Interest income is recognized when received. Delinquent participant loans are recorded as benefit payments based upon the terms of the Plan document.

(See independent auditors' report)

FOSTER CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2 Summary of significant accounting policies (continued):

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividend income are recorded on the cash basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value investments. Fees for the administration of notes receivable - participant loans are charged directly to the participant's account and are included in administrative expenses.

Date of management's review:

Subsequent events were evaluated through October 11, 2020, which is the date the financial statements were available to be issued.

3 Information prepared and certified by trustee (unaudited):

The following information included in the accompanying financial statements and the supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2019	2018
Cash	411,084	214,151
Investments at fair value - mutual funds	12,833,360	10,095,895

4 Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds : Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(See independent auditors' report)

FOSTER CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

4 Fair Value Measurements (continued):

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

<i>Assets at Fair Value as of December 31, 2019</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 12,833,360	-	-	\$ 12,833,360
Investments at fair value	\$ 12,833,360	-	-	\$ 12,833,360

<i>Assets at Fair Value as of December 31, 2018</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 10,095,895	-	-	\$ 10,095,895
Investments at fair value	\$ 10,095,895	-	-	\$ 10,095,895

5 Related party and party-in-interest transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$9,387 for the year ended December 31, 2019.

Sagepoint Financial, Inc., provides investment advisory services thereby qualifying as a party-in interest as defined in Section 406 of ERISA. Fees paid to Sagepoint Financial, Inc. amounted to \$15,700 for the year ended December 31, 2019.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6 Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(See independent auditors' report)

FOSTER CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

7 Tax status:

The Plan has not requested a determination letter from the Internal Revenue Service. The Plan has adopted a pre-approved prototype plan dated March 31, 2014, and relies on the opinion letter received on the prototype document and not on its own individual determination letter. The Plan administrator believes that the plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan's tax filings are subject to examination by the appropriate tax jurisdictions and generally remain open for three years.

8 Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividend income are recorded on the cash basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value investments. Fees for the administration of notes receivable - participant loans are charged directly to the participant's account and are included in administrative expenses.

Date of management's review:

Subsequent events were evaluated through October 11, 2020, which is the date the financial statements were available to be issued.

4 Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds : Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5 Related party and party-in-interest transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$9,387 for the year ended December 31, 2019.

Sagepoint Financial, Inc., provides investment advisory services thereby qualifying as a party-in interest as defined in Section 406 of ERISA. Fees paid to Sagepoint Financial, Inc. amounted to \$15,700 for the year ended December 31, 2019.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6 Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7 Tax status:

The Plan has not requested a determination letter from the Internal Revenue Service. The Plan has adopted a pre-approved prototype plan dated March 31, 2014, and relies on the opinion letter received on the prototype document and not on its own individual determination letter. The Plan administrator believes that the plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan's tax filings are subject to examination by the appropriate tax jurisdictions and generally remain open for three years.

8 Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
