Report on the Financial Statements

We have audited the accompanying financial statements of the Jasmine Vineyards, Inc. Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Jasmine Vineyards, Inc. Profit Sharing Plan as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Plan Description

The following description of the Jasmine Vineyards, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document, adoption agreement, or summary plan description for a more complete description of the Plan's provisions.

General:

The Plan is a profit sharing plan covering the employees of Jasmine Vineyards, Inc. (the Company) who are age 18 and have completed 1,000 hours of service within a twelve-month period. Employees enter the Plan semiannually, on the first of January or July that occurs after the employee has completed the eligibility service period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

Contributions:

Company contributions are discretionary and may be made for the Plan year up to a percentage of eligible compensation as defined by the Plan document. Contributions are funded annually and are allocated to participants who worked at least 1,000 hours during the Plan year and are employed on the last day of the Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Contributions are calculated using cross-testing methods, testing contributions on an equivalent benefit basis using eligible income. The allocation of profit sharing contributions is based on levels of employment, including non-owners and owners.

Participant accounts:

Each participant's account is credited with the allocation of the Company's contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

The balance of vesting in the participants' accounts for the payment of benefits is based on years of service as follows:

Years of service	*Years*
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A year of service is credited when an employee works 1,000 hours within the Plan year. If an active participant dies or is disabled prior to attaining the normal retirement age, the participant becomes 100% vested.

Benefit payments and withdrawals:

On termination of service due to death, disability, or retirement, participants, or their beneficiaries, are entitled to a distribution of their vested account balance. On termination of service before retirement age, if the participant's vested account does not exceed $1,000, a lump sum distribution will be made. On termination of service before retirement age , if the participant's vested account balance exceeds $1,000, the participant may elect to have their vested account balance distributed as soon as administratively feasible.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. At December 31, 2019 and 2018, the forfeiture balance was $4,551 and $6,321, respectively. These accounts may be applied to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian, investment advisor, and third party administrator. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. All investments in the Plan are nonparticipant directed.

Benefit payments:

Benefits are recorded when paid.

Administrative fees:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Quarterly fees for investment advisor services are paid by the Plan and included in administrative expenses. Other investment related expenses are included in either net appreciation of fair value of investments or administrative fees.

Note 3. Nonparticipant Directed Investments and Fair Value Measurements

All of the assets in the Plan are nonparticipant directed, as such, all of the activity presented and disclosed about the Plan relate to nonparticipant directed net assets.

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2019 and 2018.

Interest-bearing cash: Valued at cost.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds (ETFs): Valued at the last sales price or official closing price on the exchange or primary market on which they trade. ETFs holds assets such as stock, commodities, or bonds and are designed to trade close to their net asset value. The fair values of exchange-traded funds are determined by obtaining quoted prices on nationally recognized securities exchanges. The ETFs held by the Plan are deemed to be actively traded.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1
Interest-bearing cash	$ 921,025
Mutual funds	4,752,712
Exchange traded funds (ETFs)	2,247,382
Common stock	3,114,570
Total investments at fair value	$ 11,035,689

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1
Interest-bearing cash	$ 287,530
Mutual funds	4,911,598
Exchange traded funds (ETFs)	1,438,657
Common stock	2,252,115
Total investments at fair value	$ 8,889,900

For the year ended December 31, 2019 and 2018, there were no significant transfers between Levels 1, 2, or 3.

Note 4. Related Party and Party-in-Interest Transactions

Barbich Hooper King Dill Hoffman Accountancy Corporation is the third-party administrator of the Plan and provides administrative services, which are paid by the Plan sponsor. Wells Fargo Advisors is the custodian and investment advisor of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rule.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and the assets would be distributed among the participants of the Plan in accordance with the provisions of the Plan.

Note 6. Tax Status

The Company has adopted a standardized volume submitter profit sharing plan. The IRS has opined and informed the volume submitter plan administrator by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2019, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine

audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019.

Net assets available for benefits per the financial statements	$ 11,052,980
Reimbursements receivable, not included as a receivable for Form 5500	(16,817)
Forfeitures payable included as a liability for Form 5500, not included as a liability for financial statements	(4,551)
Net assets available for benefits per the Form 5500	$ 11,031,612

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019.

Net increase in net assets available for benefits per the financial statements	$ 1,352,443
Reimbursements receivable, not included as a receivable for Form 5500	$ (16,817)
Forfeitures payable included as a liability for Form 5500, not included as a liability for financial statements	(4,551)
Net increase in net assets available for benefits per the Form 5500	$ 1,331,075

There were no reconciling items between the financial statements and Form 5500 at December 31, 2018.

Note 9. Subsequent Events

Subsequent to year-end, a novel strain of coronavirus surfaced in the United States resulting in economic and social disruption. The market impact from COVID-19 has resulted in significant fluctuations in investment performance for the Plan. The extent to which the coronavirus may impact the Plan will depend on future developments, and related impact on the financial market. The future developments and its impact are highly uncertain and cannot be predicted. Management will be closely monitoring the Plan and will take actions necessary to, as much as possible, mitigate the impact on the investment performance of the Plan.

Effective September 15, 2020, the Plan switched its investment advisor from Wells Fargo Advisors to San Luis Wealth Management. As a result of the switch in investment advisors, the Plan also switched custodians from Wells Fargo Advisors to Charles Schwab.

The Plan has evaluated subsequent events through October 8, 2020, the date the financial statements were available to be issued.
