INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee
Hazard Construction Company Retirement Plan
San Diego, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hazard Construction Company Retirement Plan (the Plan), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company and Reliance Trust Company, the Custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Hazard Construction Company Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible, regular employees of Hazard Construction Company (Company) who are at least 18 years of age and have completed one month of service. The following employees are not eligible to participate in the Plan: employees covered by a collective bargaining agreement and non-resident aliens. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code. The Plan engages Massachusetts Mutual Life Insurance Company and Reliance Trust Company (Custodians) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year, participants may contribute up to 100% of pretax and after-tax annual compensation, subject to limits of the tax law as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees may enter the Plan monthly for purposes of elective deferrals and the Company match. The Company may match a portion of the participant's contribution to the Plan, at the Company's discretion.

Employees working on a prevailing wage contract receive contributions that help satisfy the fringe benefit requirements or prevailing wage law. Such contributions are 100% vested. For purposes of receiving any prevailing wage contribution made to the Plan, participants are eligible to participate from their date of hire. Total prevailing wage contributions paid to the Plan were $982,988 during the year ended December 31, 2019.

Investment Elections
Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the opportunity to change their investment combinations on a daily basis.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant’s account balance, investment selection and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Additionally, participants are 100% vested in their prevailing wage contributions. Vesting in any discretionary employer-matching contributions is equal to 20% for each Plan year that an employee is credited with at least 1,000 hours of service, as defined by the Plan. Participants are 100% vested in discretionary employer-matching contributions after five years of credited service. A participant becomes fully vested in the entire balance of his or her account upon attainment of the normal retirement age of 65 as defined by the Plan, permanent disability, death or termination of the Plan. Any amount not vested upon a participant’s separation from service is forfeited and may be used to reduce the Company’s contributions or pay Plan expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or up to 10 years for the purchase of a principal residence. The repayment terms provide for note payments to be made directly to Massachusetts Mutual Life Insurance Company (MassMutual) and bear rates of interest which are commensurate with market rates at the date of loan inception as determined by MassMutual. The interest rates were 3.25%-7.50% for the year ended December 31, 2019.

Note 1 - Description of the Plan, continued

Payment of Benefits
Upon termination of service due to retirement, death, disability, attaining age 59½, and/or hardship, participants are entitled to receive a distribution of their accounts in either a lump sum, or defer distribution if the account exceeds $5,000. Distributions are required to begin no later than the year following the year in which a participant reaches age 70½ or retires. The Plan sponsor may roll over a participant's vested account balance greater than $1,000 and less than $5,000 into an individual retirement account (IRA) selected by the Plan administrator if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA or qualified plan of his/her choosing. For vested account balances less than $1,000, the Plan may distribute these amounts in a lump sum.

Forfeitures
At December 31, 2019 and 2018, forfeited nonvested accounts totaled $26,054 and $14,118, respectively. During the year ended December 31, 2019, forfeitures of $892 were used to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this method, contributions and interest income are recognized when received, rather than when earned, and disbursements and expenses are recorded when paid, not incurred.

Use of Estimates
The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net gain in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. If a participant ceases to make loan repayments and MassMutual deems the participant loan to be in default, the participant loan balance is written off and recorded as a deemed distribution. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions specifically related to that participant.

Note 2 - Summary of Significant Accounting Policies, continued

Subsequent Events
The Plan has evaluated subsequent events through October 8, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended to add an automatic employee deferral provision and provide the Company various options to make discretionary contributions.

On March 11, 2020, the outbreak of COVID-19 (coronavirus) caused by a novel strain of the coronavirus was recognized as a pandemic by the World Health Organization, and the outbreak has become increasingly widespread negatively affecting the world economy and as a result, performance of investment options available in the Plan. The full impact of the COVID-19 continues to evolve as of the date of this report and will depend largely on future developments, which are highly uncertain and cannot be accurately predicted, including among other things, new information which may emerge concerning the severity of the outbreak and actions taken by government authorities to contain the pandemic or treats its impact. The effect of the COVID-19 will have on the Plan operations and investments is currently unknown.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted providing $2.2 trillion of economic stimulus relief to address the market conditions due to COVID-19. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distribution of benefits, withdrawals and participant loans. These provisions include, but are not limited to, penalty-free withdrawals of up to $100,000 or 100 percent of the participants vested balance before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, increased limits for participant loans, deferrals of loan payments for up to one year, and temporarily waiving the required minimum distributions through 2020. The provisions of the CARES Act may be effective and utilized immediately, prior to amending the plan document. The Plan has adopted the CARES Act provisions.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 - Information Certified by Custodians

The Plan's investments are held by Massachusetts Mutual Life Insurance Company and Reliance Trust Company, the Custodians of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodians. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the following information provided to the Plan Administrator by the Custodians is complete and accurate:

- Investments, at fair value
- Investment, at contract value
- Notes receivable from participants
- Net gain in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,893,376	$ -	$ -	$ 13,893,376
Total investments, at fair value	$ 13,893,376	$ -	$ -	$ 13,893,376

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,075,262	$ -	$ -	$ 11,075,262
Total investments, at fair value	$ 11,075,262	$ -	$ -	$ 11,075,262

Note 5 - Guaranteed Interest Contract

The Plan has entered into a benefit-responsive investment contract with MassMutual Core Bond Separate Account Guaranteed Interest Contract (the "SAGIC"). The SAGIC is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The SAGIC is included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

MassMutual is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan. The SAGIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The SAGIC does not allow the crediting interest rate below zero percent.

The contract value of the SAGIC at December 31, 2019 and 2018 was $3,778,622 and $3,554,177 respectively. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The contract does not permit MassMutual to terminate the agreement unless the Plan is not in compliance with the investment agreement. The Company does not believe any events have occurred that would limit the Plan's ability to transact at contract value.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and money market accounts managed by Mass Mutual Life Insurance Company. MMA Securities LLC also provides investment services to the Plan. Transactions with these entities qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Plan's volume submitter sponsor by an opinion letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA sponsored by Massachusetts Mutual Life Insurance Company which has been adopted by the Plan, is acceptable pursuant to section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the Internal Revenue Service. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee
Hazard Construction Company Retirement Plan
San Diego, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hazard Construction Company Retirement Plan (the Plan), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company and Reliance Trust Company, the Custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Hazard Construction Company Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible, regular employees of Hazard Construction Company (Company) who are at least 18 years of age and have completed one month of service. The following employees are not eligible to participate in the Plan: employees covered by a collective bargaining agreement and non-resident aliens. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code. The Plan engages Massachusetts Mutual Life Insurance Company and Reliance Trust Company (Custodians) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year, participants may contribute up to 100% of pretax and after-tax annual compensation, subject to limits of the tax law as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees may enter the Plan monthly for purposes of elective deferrals and the Company match. The Company may match a portion of the participant's contribution to the Plan, at the Company's discretion.

Employees working on a prevailing wage contract receive contributions that help satisfy the fringe benefit requirements or prevailing wage law. Such contributions are 100% vested. For purposes of receiving any prevailing wage contribution made to the Plan, participants are eligible to participate from their date of hire. Total prevailing wage contributions paid to the Plan were $982,988 during the year ended December 31, 2019.

Investment Elections
Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the opportunity to change their investment combinations on a daily basis.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant’s account balance, investment selection and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Additionally, participants are 100% vested in their prevailing wage contributions. Vesting in any discretionary employer-matching contributions is equal to 20% for each Plan year that an employee is credited with at least 1,000 hours of service, as defined by the Plan. Participants are 100% vested in discretionary employer-matching contributions after five years of credited service. A participant becomes fully vested in the entire balance of his or her account upon attainment of the normal retirement age of 65 as defined by the Plan, permanent disability, death or termination of the Plan. Any amount not vested upon a participant’s separation from service is forfeited and may be used to reduce the Company’s contributions or pay Plan expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or up to 10 years for the purchase of a principal residence. The repayment terms provide for note payments to be made directly to Massachusetts Mutual Life Insurance Company (MassMutual) and bear rates of interest which are commensurate with market rates at the date of loan inception as determined by MassMutual. The interest rates were 3.25%-7.50% for the year ended December 31, 2019.

Note 1 - Description of the Plan, continued

Payment of Benefits
Upon termination of service due to retirement, death, disability, attaining age 59½, and/or hardship, participants are entitled to receive a distribution of their accounts in either a lump sum, or defer distribution if the account exceeds $5,000. Distributions are required to begin no later than the year following the year in which a participant reaches age 70½ or retires. The Plan sponsor may roll over a participant's vested account balance greater than $1,000 and less than $5,000 into an individual retirement account (IRA) selected by the Plan administrator if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA or qualified plan of his/her choosing. For vested account balances less than $1,000, the Plan may distribute these amounts in a lump sum.

Forfeitures
At December 31, 2019 and 2018, forfeited nonvested accounts totaled $26,054 and $14,118, respectively. During the year ended December 31, 2019, forfeitures of $892 were used to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this method, contributions and interest income are recognized when received, rather than when earned, and disbursements and expenses are recorded when paid, not incurred.

Use of Estimates
The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net gain in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. If a participant ceases to make loan repayments and MassMutual deems the participant loan to be in default, the participant loan balance is written off and recorded as a deemed distribution. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions specifically related to that participant.

Note 2 - Summary of Significant Accounting Policies, continued

Subsequent Events
The Plan has evaluated subsequent events through October 8, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended to add an automatic employee deferral provision and provide the Company various options to make discretionary contributions.

On March 11, 2020, the outbreak of COVID-19 (coronavirus) caused by a novel strain of the coronavirus was recognized as a pandemic by the World Health Organization, and the outbreak has become increasingly widespread negatively affecting the world economy and as a result, performance of investment options available in the Plan. The full impact of the COVID-19 continues to evolve as of the date of this report and will depend largely on future developments, which are highly uncertain and cannot be accurately predicted, including among other things, new information which may emerge concerning the severity of the outbreak and actions taken by government authorities to contain the pandemic or treats its impact. The effect of the COVID-19 will have on the Plan operations and investments is currently unknown.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted providing $2.2 trillion of economic stimulus relief to address the market conditions due to COVID-19. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distribution of benefits, withdrawals and participant loans. These provisions include, but are not limited to, penalty-free withdrawals of up to $100,000 or 100 percent of the participants vested balance before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, increased limits for participant loans, deferrals of loan payments for up to one year, and temporarily waiving the required minimum distributions through 2020. The provisions of the CARES Act may be effective and utilized immediately, prior to amending the plan document. The Plan has adopted the CARES Act provisions.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 - Information Certified by Custodians

The Plan's investments are held by Massachusetts Mutual Life Insurance Company and Reliance Trust Company, the Custodians of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodians. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the following information provided to the Plan Administrator by the Custodians is complete and accurate:

- Investments, at fair value
- Investment, at contract value
- Notes receivable from participants
- Net gain in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,893,376	$ -	$ -	$ 13,893,376
Total investments, at fair value	$ 13,893,376	$ -	$ -	$ 13,893,376

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,075,262	$ -	$ -	$ 11,075,262
Total investments, at fair value	$ 11,075,262	$ -	$ -	$ 11,075,262

Note 5 - Guaranteed Interest Contract

The Plan has entered into a benefit-responsive investment contract with MassMutual Core Bond Separate Account Guaranteed Interest Contract (the "SAGIC"). The SAGIC is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The SAGIC is included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

MassMutual is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan. The SAGIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The SAGIC does not allow the crediting interest rate below zero percent.

The contract value of the SAGIC at December 31, 2019 and 2018 was $3,778,622 and $3,554,177 respectively. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The contract does not permit MassMutual to terminate the agreement unless the Plan is not in compliance with the investment agreement. The Company does not believe any events have occurred that would limit the Plan's ability to transact at contract value.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and money market accounts managed by Mass Mutual Life Insurance Company. MMA Securities LLC also provides investment services to the Plan. Transactions with these entities qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Plan's volume submitter sponsor by an opinion letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA sponsored by Massachusetts Mutual Life Insurance Company which has been adopted by the Plan, is acceptable pursuant to section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the Internal Revenue Service. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
