Note 1. Description of the Plan

The following description of BBJ Linen 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of BBJ Rentals, Inc. (the Company) who are not covered by a collective bargaining agreement, who have completed ninety days of service and are age 21 or older. The Plan was amended effective February 1, 2017 to no longer exclude leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the BBJ Linen 401 (k) Plan Committee (the Committee) that serves at the discretion of the Company's Board of Directors. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, and directing the Plan's trustee.

Participant contributions: Each year, participants generally may contribute a minimum of 1% up to 15% of their pre-tax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Employer contributions: The Plan Sponsor provides a discretionary Company matching contributions based on the amount of compensation that a participant contributes to the Plan. For the years ended December 31, 2019 and 2018, the Company matched 25% up to 4% of eligible compensation that a participant contributed to the Plan. Employer contributions totaled $56,707 for the year ended December 31, 2019.

The Company may also make annual discretionary profit-sharing contributions. These contributions, if made, are allocated according to the ratio of each participant's eligible compensation to the total eligible compensation paid to all participants for the Plan year. Participants who were terminated during the Plan year must have worked a minimum of 500 hours during the Plan year in order to receive an allocation of any such discretionary Company profit-sharing contributions unless terminated due to death, disability, after normal retirement age or after early retirement age, as defined in the Plan document. No discretionary profit-sharing contributions were made for the Plan year ended December 31, 2019 and 2018.

Rollovers: The Plan accepts rollovers from a qualified retirement plan of a prior employer with approval from the Company.

Participants' accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings, account balances, and other factors, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately and distinctly, into which investment the participant contribution and Company contribution is to be invested.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in Company contributions 50% after two years of service and 100% after three years of service.

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts the lower of $50,000 or 50 percent of their vested account balance. The minimum amount for any single loan is $1,000. Loan terms do not exceed 5 years, except if the funds are for certain home-related loans. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is repaid through payroll withholding. Interest on participant loans is at a rate of prime plus 1%. The interest rates on outstanding loans ranged from 4.25% to 6.50% and 4.25% to 5.50% as of December 31, 2019 and 2018, respectively.

Payment of benefits: On termination of service, a participant is eligible to receive a distribution equal to the vested balance of the participant's account. A participant may, under certain conditions, withdraw all or a portion of their account balance without terminating their employment. If a participant's vested account balance is less than $1,000, then the participants vested account balance will be paid in a single lump sum cash distribution as soon as administratively feasible after termination of employment. The Plan also includes an automatic rollover provision for terminated participants with vested balances of less than $5,000. Such participants may elect to take a lump-sum distribution as soon as practicable following their termination of employment or the Plan sponsor will automatically roll over the distribution to an individual retirement account on the participant's behalf. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified in the Plan document.

Forfeited accounts: At December 31, 2019 and 2018, forfeited non-vested accounts were immaterial to the plan. These accounts are used to reduce future employer matching contributions or allocated to fees.

Cash: At December 31, 2019 and 2018, cash was immaterial to the plan.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding increase in distributions. The Plan distributed the excess contributions to the applicable participants in the subsequent Plan year.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual amounts could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income. See Note 3 for discussion of fair value measurements.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are paid by the participants. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administration deems the loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded upon distribution.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Participant contributions are recognized when earned. The Company matching contributions are recognized concurrently with employee contributions. Company discretionary profit sharing contributions are recognized annually, if applicable.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses are paid by the Company; however, fees are split between the Plan and participants.

Note 3. Information Certified by the Custodian

The investment information included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the custodian and furnished to the Plan administrator. The Plan administrator has obtained certification from the custodian that information provided to the Plan administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.108-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the Plan's investments.

Charles Schwab Bank (Schwab), also certified to the completeness and accuracy of $453,173 of net appreciation in fair value of investments and $147,269 of interest and dividends for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Money market funds are valued using amortized cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December, 31 2019			
	Level 1	Level 2	Level 3	Total

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested and the net assets will be distributed to the participants and beneficiaries in proportion to their account balances.

Note 6. Parties-in-Interest

Certain Plan investments are managed by Schwab. Schwab is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and other services amounted to $22,187 for the year ended December 31, 2019.

Note 7. Tax Status

The Plan adopted a non-standardized prototype plan which obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there were no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2016.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 9. Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* The amendments in this ASU modify the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.

The amendments in this update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this update and delay adoption of the additional disclosures until their effective date. The Plan adopted this update for the removal, modification, or addition of certain fair value measurement disclosures presented in the financial statements.

Note 10. Subsequent Event

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act, contains specific provisions impacting participant loans and distributions.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan's investments and Plan Sponsor. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including expected losses on investments.

On December 31, 2019, the Company purchased La Tavloa, LLC (La Tavola). The Plan has been amended effective February 1, 2020 to include La Tavola employees as eligible participants.

The Plan has evaluated the subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.
