Other non-elective employer matching contributions vest over five years of service. Participants may rollover contributions representing distributions from other qualified defined benefit or defined contribution plans to the Plan and are fully vested in these contributions. The Plan is participant-directed and participants may change their contribution rates and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Plan Sponsor's contribution and Plan earnings and the allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. Certain fees for administering the Plan are deducted from the investment earnings.

Cash and Cash Equivalents

Cash and cash equivalents include cash and all highly liquid financial instruments with original purchased maturities of three months or less.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Benefits are payable to participants or to a designated beneficiary only upon the occurrence of the following: retirement on or after age 65, attainment of age 59-1/2, hardship, disability, death, or termination of service with the Company.

A participant may receive the distribution in a lump sum or installments over a period of not more than the participant's life expectancy. Distributions are equal to the vested value of the participant's account, which results from participant and employer contributions, earnings on those contributions and any valuation adjustments.

Vesting

Participants are at all times fully vested in their elective deferrals and the safe harbor employer matching contributions. If a participant terminates employment prior to normal retirement age for any reason, other than death or disability, the participant's interest in the Company's non-elective matching contributions to the Plan for his or her benefit vests as follows based on years of service:

Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. Forfeitures occurring from employer contributions shall be used to reduce future employer matching contributions. There were no forfeitures during 2019.

No amounts were held, as of December 31, 2019, in accounts of participants who had elected to withdraw from the Plan.

Notes Receivable from Participants

Plan participants may borrow up to 50% of their vested account balance in amounts of not less than $500 and not exceeding $50,000. Interest rates on loans taken prior to January 4, 2017 are based on the prime rate plus 2%. Interest rates on loans take after January 4, 2017 are based on the prime rate plus 1%. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, except for the purchase of a primary residence. Loans are secured by the participant's account balance. All payments, including interest, are credited to the respective participant's account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Termination of the Plan

Although they have not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time subject to the provisions of ERISA. Upon termination, participants would become 100% vested in all amounts credited to their account and would receive distributions based on their account balance accumulated to the date of termination of the Plan.

Tax Status

The IRS has determined and informed the plan sponsor by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

All expenses of the Plan's administration may be paid by the Plan, unless paid by the Plan Sponsor. For the year ended December 31, 2019, the Plan paid administrative expenses of $61,185.

Payment of Benefits

Participant's benefits are included in distributions during the period payment is made.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Date of Management's Review

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, October 12, 2020.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used when valuing the interest in common or collective trusts, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of interests in common/collective trusts is determined by the fair values of the investments held, which seek to maintain a stable net asset value through investments in various fixed-income securities including short term bonds and guaranteed investment contracts. The inputs used are the observable quoted market prices of these assets, but as the interest in the trust is not actively traded, the valuation is considered to be Level 2.

Level 3 Fair Value Measurements

The brokerage accounts are measured using inputs that are not observable by the Plan, as the accounts are participant-directed accounts from which the Plan receives and evaluates summary information regarding gains and losses, fees, contributions and other transactions.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit.

NOTE 4 – INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, separately identified below, are stated at current value:

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, have certified to the completeness and accuracy of all investments and participant loans reflected on the accompanying statement of net assets available for benefits as of December 31, 2019, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the schedule of assets (held at year end) as of December 31, 2019, as shown in the supplemental schedule.
