1. DESCRIPTION OF PLAN

The following description of the Central Palm Beach Physicians & Urgent Care, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan was established by Central Palm Beach Physicians & Urgent Care, Inc. (the "Company") on January 1, 1999. A summary plan document outlining the Plan, its benefit provisions and vesting requirements is provided to each Plan Participant. The Plan is administered by the Company.

Eligibility Requirements

Employees become eligible to participate after completing one year of entry service. Employees earn a year of entry service for each service period in which they have 1,000 or more hours of service. The year of service is earned on the last day of the service period. Service periods are one-year long. Eligible employees cannot be represented by a bargaining unit, nonresident aliens, leased employees, or independent contractors. Once an employee is eligible, the employee may enter the Plan on the next entry date, which is January 1 or July 1 of each year.

Contributions

Participants may elect to contribute 100% of eligible compensation as defined in the Plan document, as pre-tax contributions subject to limits required by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans as defined in the Plan document, in which participants are fully vested, provided they do not adversely affect the tax status of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches 100% of the first 3% of eligible compensation that a participant contributes to the Plan, and 50% of contributions over 3% up to 5%. The matching contribution for the year ended December 31, 2019 was $146,052.

The Company may also make a discretionary contribution to those participants who are active and have completed 1,000 hours of service during the plan year. Participants who were active at any time during the plan year that have died or terminated employment because they reached the normal retirement age or became disabled are also eligible. There was no discretionary contribution for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan investment earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts may first be used to pay plan administrative expenses and then reduce Company contributions. If any forfeitures still remain, such forfeitures will be reallocated. There was no forfeiture activity during the 2019 Plan year.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are always 100% vested in amounts attributable to their salary deferrals, matching contributions, and rollover contributions. Participants' vested percentage in their account attributable to discretionary contributions is determined under the following schedule and is based on vesting years of service. To earn a year of service, participants must be credited with at least 1,000 hours of service for each service period. A service period is a one-year period. Participants will always, however, be 100% vested if they are employed on or after their normal retirement age, on the date they become disabled, or on the date they die.

Vesting Schedule

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments at least equal to the required minimum distribution amount. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum or annual installments. Hardship withdrawals and in-service distributions upon reaching age 59 ½ are also allowed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Voya Fixed Account, which is stated at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Voya Fixed Account is a fully benefit-responsive investment contract. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefits Paid to Participants
Benefits paid to participants are recorded when paid.

Administration Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Subsequent Events
On March 11, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. The pandemic has resulted in substantial volatility in the financial markets, causing significant fluctuations in the fair value of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

On July 10, 2020, the Plan elected not to adopt the distribution and loan provisions of the Coronavirus Aid Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. However, participants of the Plan are allowed to suspend required minimum distributions as mandated under the CARES Act.

No other subsequent events were identified through October 6, 2020, the date these financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian (Voya Retirement Insurance and Annuity Company) has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2019, the related investment activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2019, and Schedule H, Line 4(i)- Schedule of Assets (Held at End of Year), as of December 31, 2019.

4. FAIR VALUE MEASUREMENTS

Plan investments are units of pooled separate accounts. Pooled separate accounts are recorded at net asset value as determined by the investment manager based on the aggregate value of their underlying investments. Units in pooled separate accounts are only redeemable by the issuer. There have been no changes to the valuation methodologies used at December 31, 2019 and 2018.

The following table sets forth the Plan's assets measured on a recurring basis at December 31, 2019 and 2018:

	2019 **(Audited)**	2018 (Compiled)
Total Assets Valued at NAV	**$ 2,912,710**	$ 1,996,170
Total Assets at Fair Value	**$ 2,912,710**	$ 1,996,170

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2019 and 2018:

Instrument	Fair Value as of 12/31/19 (Audited)	Fair Value as of 12/31/18 (Compiled)	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,912,710	$ 1,996,170	N/A	Daily	Daily

5. INVESTMENT CONTRACT WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

The Plan has a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the contributions held under the Voya Fixed Account contract in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Voya Retirement Insurance and Annuity Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract value was $84,106 and $94,684 as of December 31, 2019 and 2018, respectively.

Interest crediting rates are reviewed annually for resetting. As of December 31, 2019 and 2018 the crediting interest rate was 1.00%. The contract's average yield was 1.00% for the years ended December 31, 2019 and 2018.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

6. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

Plan investments are shares of units of pooled separate accounts and a guaranteed income fund, managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the Plan Custodian, as defined by the Plan, and these transactions qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service (IRS) has provided an opinion and informed the Company by a letter dated March 14, 2014 that the non-standardized prototype plan maintained by the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

8. PLAN TERMINATION

Although the Company has not expressed any intention to do so, it reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of a termination of the Plan, participants would be fully vested in the entire amount credited to their accounts up to the termination date.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the 2019 Plan year, the Company did not remit participant contributions of $18,077 to the Plan in a timely manner as required under 29 CFR 2510.3-102. The Company self-corrected the delinquent contributions upon discovery.
