Independent Auditor's Report

We have audited the accompanying financial statements of Unitrans Corporation, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

UNITRANS CORPORATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements December 31, 2019 and 2018

Plan Description

The following brief description of the Unitrans Corporation, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

Unitrans Corporation, Inc. (the Company) established an Employee Stock Ownership Plan effective January 1, 2015. The Plan is designed as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During 2015, the Plan purchased Company shares using borrowings from the Company. The borrowings are to be repaid by Company contributions to the trust. See *Loan Payable – Related Party* footnote herein for further information on the terms of the loan. The stock is held in a trust established under the Plan. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of stock. As the lender, the Company has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan for the years ended December 31, 2019 and 2018 present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of employees with vested rights in allocated stock (Allocated), and
- (b) stock not yet allocated to employees (Unallocated)

General

The ESOP is a non-contributory plan covering substantially all employees of the Company. Employees become eligible after one year of service, after reaching age 21, after completing 1,000 hours or more of service in the plan year and being employed on the last day of the plan year.

The Company pays the majority of the administrative expenses and professional fees related to the Plan.

Employer Contributions

The Company is obligated to make contributions in cash to the Plan which equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loans.

Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, distributions of the balance in a participant's Company stock account will be distributed either in whole shares of Company stock, in cash or in any combination thereof, as decided by the Trustee after the loan agreement with the Company has been fulfilled. Distributions may be made in a lump sum, in equal installments not to exceed five years, or in any combination thereof.

Voting Rights

Shares of Company stock held in the Trust shall be voted by the Trustee in most instances. In certain extraordinary situations, such as a corporate merger, Treasury Regulations may require pass-through of voting rights in Company stock which has been fully paid for to Plan participants and beneficiaries.

Participant Accounts and Forfeitures

Each participant's account is credited with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Allocations are based on a participant's eligible compensation, relative to total eligible compensation, as defined in the plan agreement. During 2019, 456 shares of Company stock were forfeited and reallocated to participants' accounts. There were no amounts forfeited nor forfeitures credited to participants' accounts during 2018. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in a participant's account balance is based on years of continuous service and is subject to the following vesting percentage provisions:

Years of Service	Vesting Percentages
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Plan Description (continued)

Put Option

Under the terms of the Plan and federal income tax regulations, any Company stock that is distributed and held by participants will include a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants. The put price is representative of the fair value of the stock. The Company can, at its discretion, pay for the purchase of the Company stock in a single sum or in installments with interest over a period not to exceed five years.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The common stock of the Company is valued at its estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurements (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements*, to streamline disclosure requirements. The amendment eliminates the requirements to disclose Level 1 and Level 2 transfers, policy of timing of transfers, and valuation process for Level 3 fair value measurements. The amendment also removes the requirement to disclose the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The amendments are effective for financial statements issued for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Plan management will adopt the provisions for the December 31, 2020 year-end and does not anticipate a change to the Plan's financial statements apart from the aforementioned changes in disclosures.

Administration of Plan Assets

The Plan's assets, which consist principally of sponsor Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee, also administers the payment of interest and principal on the loans.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

Investment in Common Stock of Plan Sponsor

At December 31, 2019 and 2018, the Plan was allocated shares of the Company's no par value common stock with a fair value of \$123.48 and \$100.96 per share, respectively.

The investment in the Company's common stock at December 31 is presented in the following table:

	2019		2018	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	8,347,464	21,615,970	6,682,452	23,280,982

Loan Payable – Related Party

On May 27, 2015, the Plan entered into a loan agreement with the Company and used the proceeds to purchase 30,000 shares of the Company's common stock. The original amount of the loan with the Company was for \$12,908,914. The agreement provides for the loan to be repaid over 20 years. Annual principal payments of \$645,445, plus interest at 2.30%, are due on December 31. Unallocated shares are collateral for the loan.

The scheduled amortization of the loans are as follows:

2020	\$ 645,445
2021	645,445
2022	645,445
2023	645,445
2024	645,445
Thereafter	6,454,464
Total	\$ 9,681,689

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

UNITRANS CORPORATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2019 and 2018

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

*Unitrans
Corporation, Inc.
Common Stock:*

Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of market, asset and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable and estimated fair value of Company assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The common stock of the Company is considered Level 3 investments as of December 31, 2019 and 2018.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2019 and 2018:

	Common Stock	
	2019	2018
Balance - beginning of year	\$ 3,025,108	\$ 2,599,500
Unrealized gains relating to instruments still held at the reporting date	674,777	429,299
Realized loss on stock sold	-	(523)
Sale of shares	-	(3,168)
Balance - end of year	\$ 3,699,885	\$ 3,025,108

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

UNITRANS CORPORATION, INC.

EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Plan Termination

Under the Plan, the Company has the right to terminate the Plan at any time. The Company has expressed no present intention to terminate the Plan. In the event of plan termination, participants would become 100% vested in their accounts. Upon termination of the Plan, the Trustee should pay all liabilities and expenses of the trust fund and may sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay any loan used to acquire Company stock.

Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated July 6, 2016, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan's investments consist of the Company's common stock, which is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the 2019 statement of net assets available for benefits.

Subsequent Events

On March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on assets of the Plan.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
