## NOTE A – DESCRIPTION OF PLAN

The following description of the Clarity Telecom LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### 1. General

The Clarity Telecom LLC 401(k) Plan, which became effective on October 1, 2014, is a qualified retirement plan commonly referred to as a 401(k) plan. Individual benefits from this plan is based on the vested portion of the individual account, which is comprised of the portion of the individual's salary which they elect to defer, any contributions made by the employer during the years of participation, plus any earnings credited to the individual account. The plan covers all full-time employees of the Company who have 500 hours of service in six consecutive months and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor merged with NTS Communications, Inc. among other entities effective August 30, 2019. Pursuant to the merger agreement, the Plan merged with the NTS Communications, Inc. 401(k) Profit Sharing Plan and absorbed a significant portion of the existing accounts and note receivables. The merged balance totaled $3,477,849 of participant accounts and $192,156 of note receivables. The accounts and note receivables are reflected as a transfer on the Statement of Changes in Net Assets Available for Benefits.

### 2. Contributions

For each plan year, eligible participants may elect to defer 100% of their covered compensation up to the maximum determined by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. At its discretion, the Company may make a matching contribution of the participants' elected percentage of deferral not to exceed 6%. In 2019 and 2018, the Company's matching contribution equaled 50% of the salary reduction the participant elected to defer up to 6%. Participants may also contribute amounts representing rollovers from other qualified retirement plans.

### 3. Participant Accounts and Allocations

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and allocations of plan earnings and administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

### 4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

NOTE A – DESCRIPTION OF PLAN – Continued

5. Investment Options

Upon enrollment, the participant directs employee deferrals and employer contributions to various investment options under the Transamerica Life Insurance Company program. All funds are invested in stable value funds and shares of pooled separate accounts that invest in mutual funds, common stocks and US Government securities.

6. Notes Receivable from Participants

Effective January 1, 2018, the Plan does not allow loans from participants. Participants were allowed to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their fully vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is fixed and was determined by the plan administrator at a commercially reasonable rate of interest. Principal and interest is paid ratably through monthly payroll deductions.

7. Payment of Benefits

When a participant reaches the normal retirement age of 59 1/2, they may elect to receive their vested value in their account either in a lump-sum payment, annual installments, or as requested from time to time by the participant. If the participant terminates employment other than normal retirement, the participant may request the vested balance in their account in lump sum payment.

8. Forfeiture Accounts

At December 31, 2019 and 2018, the forfeited nonvested accounts had a $7,237 and $11,222 balance, respectively. The forfeiture account is used to pay administrative expenses and to reduce employer contributions. Forfeitures of $7,910 and $8,180 were used to reduce Plan expenses in 2019 and 2018, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

## NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### 3. Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value (note D). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### 4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

### 5. Payment of Benefits

Benefits are recorded as paid.

### 6. Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan. Expenses are allocated proportionally based on the value of account balances. Certain investment related expenses are included in the net appreciation of investment.

### 7. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

## NOTE C – SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE REGULATED INSURANCE COMPANY

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica Life Insurance Company (a regulated insurance company), except for comparing such information certified by the regulated insurance company to information included in the Plan's financial statements and supplemental schedules.

The following is a summary of the unaudited information regarding the Plan at December 31, 2019 and 2018, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was obtained from data that has been prepared and certified to as complete and accurate by the regulated insurance company.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. The financial statements have no changes in the methodologies used.

Pooled Separate Accounts

Pooled separate accounts are valued based on the net asset value (NAV) of the separate accounts times the number of units held by the Plan at year end using quoted market prices. There are no conditions, limits or restrictions on redemption transactions and amounts can be redeemed on a daily basis. The pooled separate accounts invest in various mutual funds, fixed securities, short term securities and domestic stocks each with their own investment strategies.

NOTE D – FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

| | December 31, 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Assets measured in fair value hierarchy | $ - | $ - | $ - | $ - |
| Total | $ - | $ - | $ - | - |
| Investments measured at net asset value | | | | 11,226,685 |
| Investments | | | | $ 11,226,685 |

| | December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Assets measured in fair value hierarchy | $ - | $ - | $ - | $ - |
| Total | $ - | $ - | $ - | - |
| Investments measured at net asset value | | | | 6,397,411 |
| Investments | | | | $ 6,397,411 |

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Transamerica Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings on the underlying investments, less participant withdrawals, and administrative expenses. The value of these accounts were $1,340,377 and $815,956 at December 31, 2019 and 2018, respectively.

## NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY - Continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

## NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

## NOTE G – PLAN TAX STATUS

The Plan sponsor adopted a prototype volume submitter profit sharing plan document which obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees.

The Plan has been amended since receiving the opinion letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses relating to the maintenance of employee records are paid by the employer. Certain Plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is a regulated insurance company and holds the assets of the plan; therefore, these transactions qualify as exempt party in interest transactions.

## NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

## NOTE J – SUBSEQUENT EVENT

As a result of Coronavirus Disease 2019, which was declared a pandemic on March 11, 2020, the United States Federal Government, State and Local Governments, and other countries around the world have taken measures that have suddenly limited economic output. As of the date of this report, the measures taken by the governments are expected to be short-term in nature. However, due to the uncertainty of the overall effects of the Coronavirus and the length of time of economic measures taken by Federal and State and Local Governments, the degree of economic uncertainty is increased as of the date of this report.

Additionally, in response to the economic impact of the Coronavirus pandemic, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted in March 2020, which, among other things, contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. As of the date of this report, no provisions allowed by the CARES Act have been adopted by the Plan.
