1. Description of the Plan

Celigo, Inc. (the Company) established the Celigo, Inc. 401(k) Plan (the Plan), effective January 1, 2018, to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General:*

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan Sponsor and Plan Administrator. The Plan is administered by Company employees. Reliance Trust Company (Reliance) serves as the Plan's trustee and ADP Retirement Services (ADP) serves as the Plan's record keeper. Reliance holds, invests and reinvests Plan assets in the interest and direction of the participants and their beneficiaries.

*Eligible Participants:*

Eligible employees, as defined by the Plan, may participate in the Plan immediately upon hire.

*Contributions:*

Participants are permitted to make voluntary pre-tax salary deferrals and after-tax contributions up to 90% of their annual compensation, as defined in the Plan. Participants that have reached the age of 50 may also elect to withhold additional "catch-up" contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), excluding rollovers of after-tax contributions, subject to Code regulations.

Employer contributions are not allowed under the Plan. Contributions are subject to certain limitations under the Code.

*Participant Accounts:*

Participant accounts are credited with participant contributions, rollovers and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of the Plan (continued)

*Participant Accounts:* (continued)

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

*Vesting:*

Participants are fully vested (100%) in their account balances.

*Notes Receivable from Participants:*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may have one outstanding note and borrow up to one-half of their account balances, a minimum of $500 and not to exceed $50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which terms of up to 30 years are permitted. Participant notes are evidenced by a written note, secured by the balance in the participant's account, and bear interest at the prime rate published in The Wall Street Journal, plus 2%. A participant may only have one note outstanding at a time. The interest rate on the notes outstanding at December 31, 2019 was 6.75%. Repayment of principal and interest is generally made through payroll deductions.

Note receivable transactions with participants qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

*Payment of Benefits:*

Upon termination of service for any reason, benefits are paid in a lump-sum cash distribution equal to the value of the participant's account, or partial withdrawals, or in regular cash installment payments of their choice. Accounts between $1,000 and $5,000 may be automatically distributed to an individual retirement account on behalf of the participant without the participant's approval. Accounts below $1,000 may be automatically distributed directly to participants without participant approval. Benefits are recorded when paid.

1. Description of the Plan (continued)

*Plan Expenses:*

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Certain administrative expenses are charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

*Risks and Uncertainties:*

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible that changes in risk in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

*Plan Termination:*

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

*Basis of Accounting:*

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

*Use of Estimates:*

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

*Investments:*

The Plan's investments consist of mutual funds and a common/collective trust and are accounted for as follows:

Mutual Funds: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable that the funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trust (CCT): The Plan invests in a fully benefit-responsive investment contract through the Invesco Stable Asset Fund (the Fund), a CCT, offered by Invesco Trust Company (Invesco). The fund is reported at contract value as determined by Invesco. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

There are certain Company-initiated events that could limit the ability of the Plan to transact at contract value with the Fund. These events include Plan termination, Company bankruptcy, reorganization or merger, and income tax disqualification of the trust that forms a part of the Plan. These events would allow Invesco to terminate the contract with the Plan and settle at an amount different from contract value. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the fair value of the underlying investments.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or Invesco are probable of occurring.

*Fair Value Measurement:*

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

2. Summary of Significant Accounting Policies (continued)

*Fair Value Measurement:* (continued)

The three-level hierarchy for fair value measurement is defined as follows:

**Level I:** Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

**Level II:** Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

**Level III:** Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The Plan's mutual funds, at fair value, are classified as Level I within the fair value hierarchy at December 31, 2019. The Fund, reported at contract value, is excluded from the fair value hierarchy under GAAP.

*Income Recognition:*

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold or held during the year.

*Subsequent Events:*

The outbreak of the novel coronavirus in 2020 has materially and adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The outbreak is already having, and will likely continue to have, a material adverse impact on economic and market conditions. This presents uncertainty and risk with respect to the Plan, its future performance, and its future financial results.

Subsequent events have been evaluated through the date of the independent auditors' report, which is the date the financial statements were approved by the Plan and available to be issued.

3. Information Prepared and Certified by Reliance

Reliance, as the Plan's trustee, has certified the current value of investments held at December 31, 2019 and the net income for the year ended December 31, 2019, that were used in the preparation of the accompanying financial statements and supplemental schedule. The following table summarizes the certified information:

| | |
|---|---|
| Investments, at fair value | $ 3,258,193 |
| Common/collective trust, at contract value | 68,538 |
| Total certified investments | 3,326,731 |
| Notes receivable from participants | 20,815 |
| Total certified assets | $ 3,347,546 |
| Certified net income for the year ended December 31, 2019 | $ 578,042 |

4. Income Tax Status

The Plan is a prototype plan offered by ADP. The Internal Revenue Service has determined and informed ADP by a letter dated July 8, 2014, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan and the Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for all years since inception.
