NOTE 1 – DESCRIPTION OF PLAN

The following description of the Bridge Group HH, Inc. 401(k) Plan (the "Plan") provides only general information. For specific information, participants should refer to the provisions of the Plan.

General

The Plan is a defined contribution 401(k) plan covering the employees of Bridge Group HH, Inc. (the "Plan Sponsor" and "Employer"). Other participating entities include Bridge Hospice Bay Area; Bridge Hospice; Bridge Home Health; Sanrose Home Health Services, Inc.; Bridge Home Health Bay Area; Celestial Hospice Inc.; and other predecessor employers. The Plan was enacted April 16, 2018 as a new plan that covered employees of the Plan Sponsor who were under a plan administered by related entity. Contributions were made to the prior plan through May 2018 at which time all contributions and earnings/losses thereon were transferred to the Plan. The Plan covers all eligible employees of the Plan Sponsor. An employee will become eligible for participation on the first day of the following month after meeting the requirements in the Plan Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In 2019, the Providence Healthcare 401(k) Plan, a related party, transferred in $2,877 of participant account balances to the Plan.

Contributions

Participants may defer salary up to an annual maximum of the lesser of 100% of eligible compensation or the IRS limits. The total of participant and Employer contributions for a given year cannot exceed the lesser of the IRS limits or 100% of the participant's annual compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Each year, the Plan Sponsor may make a discretionary matching contribution to each participant which is calculated based on a percentage of a participant's elected deferrals and eligible Plan compensation as defined in the Plan Agreement. For the year ended December 31, 2019, the Employer's matching contribution was $106,104.

In addition, the Plan Sponsor may make a discretionary profit-sharing contribution to be determined by the Plan Sponsor and allocated to participants who are non-highly compensated employees. Each eligible participant will receive a portion of this discretionary profit-sharing contribution based on the proportion of their eligible compensation to the total compensation paid to all participants. The Plan Sponsor did not make a discretionary profit sharing contribution to the Plan for the year ended December 31, 2019.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant contributions and allocations of the Employer's contribution and Plan earnings or losses and charged with an allocation of administrative expenses. Earnings and losses on investments include interest and dividend income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. This vesting occurs ratably over a five-year period commencing on the participant's date of hire. Participants are considered fully vested upon attainment of retirement age, retirement due to disability or death, and upon termination of the Plan.

Forfeitures

Participants who terminate their employment and are less than 100% vested in their Employer's contributions forfeit their non-vested portion. These accounts may be used to offset administrative expenses, to reduce Employer matching contributions, or may be allocated to participants as additional Employer contributions. Each year, the Plan Administrator will decide how to use those forfeited amounts. The forfeited non-vested account balance totaled $3,920 and $644 at December 31, 2019 and 2018, respectively. No forfeitures were utilized by the Plan in 2019.

Payment of Benefits

The Plan provides for retirement benefits to begin at the age of 65, but not later than the sixtieth day of the calendar year following the date in which participants attain the age of 65. Upon termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the total vested account balance is $5,000 or less, the participants vested account balance will be distributed automatically in a lump sum. If the total vested account balance exceeds $5,000, participants may elect to receive a lump sum amount or equal to the total value or a portion of their vested account balance as soon as administratively feasible.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions in any of the available investment options available to plan participants.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Rollover Contributions

The Plan provides for rollover contributions, which represents contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement. If a hardship withdrawal is made, all voluntary employee contributions to the Plan must be suspended for six months.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

Corrective Distributions

As of December 31, 2019 and 2018, contributions that exceeded the maximum allowable amounts totaled to $37,505 and $38,146, respectively, and are reported as a corrective distribution liability at December 31, 2019 and 2018.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The Plan follows the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Administrative Expenses

Certain costs and expenses of the Plan are paid directly by participants of the Plan and are included in the Statement of Changes in Net Assets Available for Benefits. Other costs and expenses of the Plan are paid directly by the Plan Sponsor and are not included in the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, with the exception of the guaranteed interest option. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed interest option is measured at contract value. See Note 3 for discussion of fair value measurements and Note 4 for discussion of investments measured at contract value.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is accrued when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2019 and 2018, there were no distributions payable to the Plan participants.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 820 *Fair Value Measurement* ("FASB ASC 820") are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level III – Unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect assumptions about what market participants would use to price the asset or liability. These inputs may include internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the daily closing price as reported by the fund. These investments held by the Plan are open-end registered investment companies and pooled separate accounts that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These investments held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's investments held as of December 31, 2019 and 2018:

	December 31, 2019			
	Total	Level 1	Level 2	Level 3
Investments measured at fair value:				
Pooled separate accounts	$ 1,739,271	$ 1,739,271	$ -	$ -
Total	$ 1,739,271	$ 1,739,271	$ -	$ -

	December 31, 2018			
	Total	Level 1	Level 2	Level 3
Investments measured at fair value:				
Pooled separate accounts	$ 753,330	$ 753,330	$ -	$ -
	$ 753,330	$ 753,330	$ -	$ -

NOTE 4 – INVESTMENTS MEASURED AT CONTRACT VALUE

The Group Variable Annuity Contract ("Contract") funding the Plan provides a number of investment options, including a Guaranteed Interest Option ("GIO"). The GIO is significantly different from a guaranteed investment contract ("GIC") or bank investment contract ("BIC"). A GIC or BIC credits a specified guaranteed rate of interest over a fixed period to a defined maturity date. The GIO does not provide for a defined maturity date. In addition, although the GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the GIO option is declared periodically and therefore subject to change. Withdrawals for participant benefits from the GIO are permitted as specified in the contract and are not subject to any market value adjustment. The GIO also does not have characteristics similar to a synthetic GIC contract. The election of the GIO investment option gives the right to earn rates of interest that are periodically declared and guarantee on amounts that are deposited into the GIO. The value in the GIO at any time equals contributions and transfers to the option, plus interest, minus withdrawals and transfers out of the option.

The GIO is measured at contract value in the amount of $8,506 and $2,292 at December 31, 2019 and 2018, respectively, which also appropriates the cash surrender value for the GIO.

NOTE 5 – TAX STATUS

Effective April 16, 2018, the Plan Sponsor adopted the AXA Equitable Life Insurance Company Volume Submitter Profit Sharing Plan. The Volume Submitter Plan received a favorite IRS opinion letter dated March 31, 2014. The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC"), which provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan Agreement and the applicable federal laws in order to maintain its qualification. The Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Sponsor is not aware of any action or event that has occurred that might affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by a trustee or custodian need not be audited or reported on by an independent public accountant. Accordingly, the trustee has certified to the Plan Administrator the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2019 and 2018;

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE (continued)

- Net appreciation (depreciation) in fair value of investments and dividend and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Investments reflected in the supplemental schedule of assets (held at end of year).

Pursuant to that regulation, the Plan Administrator has instructed the independent auditors not to perform any auditing procedures with respect to information certified by the trustee, as of and for the year ended December 31, 2019. The trustee has certified that this information is accurate and complete.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a guaranteed interest option managed by AXA Equitable Life Insurance Company. AXA Equitable Life Insurance Company is the trustee of the Plan's assets and therefore, these transactions qualify as exempt party-in-interest transactions. A portion of the administrative expenses of the Plan were paid for by the Plan Sponsor for the year ended December 31, 2019.

NOTE 8 – PROHIBITED TRANSACTIONS

During the year ended December 31, 2019, the Company failed to timely deposit participant contributions (approximately $43,000) within the timeframe required by the US Department of Labor ("DOL") regulations. These late deposits are considered prohibited transactions and were fully corrected in 2019.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Change in corrective distribution liability	37,505
Change in net assets available for benefits per the Form 5500	$ 1,027,424

NOTE 10 – SUBSEQUENT EVENTS

In March 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state, and local authorities leading to an overall decline in economic activity which could result in significant changes in overall Plan participation, a decline in Plan assets value, and other material adverse effects to the Plan's financial status. The Plan Administrator is not able to reliably estimate the length or severity of this outbreak and the related financial impact.

The Plan Administrator has evaluated subsequent events, as defined by FASB ASC 855, *Subsequent Events*, through the date that the financial statements were available to be issued on October 9, 2020.
