Independent Auditor's Report

RSM US LLP

To the Board of Trustees of
Cleveland Bakers and Teamsters Pension Fund
Valley View, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Cleveland Bakers and Teamsters Pension Fund (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2018, the statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2019 and 2018, and changes therein for the years then ended and its financial status as of December 31, 2018, and changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Independent Auditor's Report (Continued)

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2019 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Cleveland Bakers and Teamsters Pension Fund (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Cleveland Bakers and Teamsters Pension Fund, a multiemployer, defined benefit pension plan, was established by a trust agreement formalized pursuant to certain collective bargaining agreements between contributing employers and the Bakery, Confectionery, Tobacco Workers and Grain Millers Union Locals No. 19 and the Teamsters Union Local No. 507. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is also subject to certain funding provisions and other changes mandated by the Pension Protection Act of 2006 (Act). The Act revised minimum funding rules, increased the maximum deductible limits and expanded the reporting and disclosure requirements for multiemployer plans. In addition, the Act calls on trustees to actively monitor their plan's financial prospectus and to review formal projections of the financial status of their plans at least annually. The Act requires an annual actuarial certification of the Plan's funded status within the first 90 days of the plan year. The Plan's actuary has certified the Plan as being in the critical or "red zone" status as of January 1, 2019 and 2018. Management continually evaluates the Act's impact on its operations and adopted their initial rehabilitation plan on February 1, 2008. During 2009 the Trustees elected to freeze the status of the Plan at the level it was assigned for 2008 and extend the length of the rehabilitation period from 10 years to 13 years pursuant to the provisions of the Worker, Retiree and Employer Recovery Act of 2008. During 2010, the Trustees elected special relief available to multiemployer plans that met a solvency test under the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010 (PRA 2010). The Trustees also updated their initial rehabilitation plan effective December 10, 2010, December 9, 2011, June 11, 2014, October 15, 2015, December 1, 2016, September 14, 2017, and again on March 14, 2019 to reflect actual experiences under the Plan. The 2014 Rehabilitation Plan update called for certain benefit reductions for participants with less than 25 years credited service at January 1, 2015 and a series of annual supplemental contribution rate increases effective January 1, 2015. The 2015 Rehabilitation Plan update called for additional supplemental contribution rate increases each year through 2024 effective January 1, 2016. On December 1, 2016, the trustees approved the 2016 Rehabilitation Plan update adding two alternative funding scenarios for employers partially withdrawing from the Plan and employers that have withdrawn and elect to re-enter the Plan. On September 14, 2017, the Trustees approved the 2017 Rehabilitation Plan Update, effective January 1, 2017 reducing supplementary contributions for 2017 and 2018 with increased supplemental contributions for 2019 through 2024. On March 14, 2019, the Trustee approved the 2019 Rehabilitation Plan Update, effective January 1, 2019 reducing supplemental contributions for 2019 and 2020 and extending increased supplemental contributions for 2025 and 2026.

Retirement benefits: The amount of an individual pension is based upon a number of factors, several of which are the type of pension for which the retiree qualifies, age, years of service and the employer's contribution rate at the effective date of retirement subject to the current rehabilitation plan. In lieu of the full monthly retirement payments, a pensioner may elect to receive a reduced benefit amount and provide benefit payments to a surviving spouse for life.

Disability benefits: The Plan also provides disability benefits to participants which have completed at least 10 years of credited service subject to the current rehabilitation plan.

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting: The financial statements of the Plan reflect the accrual basis of accounting which recognizes income in the year it is earned and expenses in the year they are incurred.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and actuarial present value of accumulated plan benefits as of the date presented in the financial statements. Actual results could differ from those estimates.

Depreciation: Depreciation is provided on a straight-line method over the estimated useful lives of ten years for furniture, five years for office and computer equipment, the lease term for leasehold improvements and four years for automobiles. Maintenance and repair costs are charged to expense as incurred. Depreciation expense for the years ended December 31, 2019 and 2018 was \$126,208 and \$124,027, respectively.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians and investment managers. See Note 4 for discussion on fair value measurements.

Investment transactions are recognized on the trade date, which is the date the order to buy or sell is executed. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. In instances where stocks have been purchased at various times, an average, revalued cost is used to determine the realized gain or loss. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer withdrawal liability: The Plan complies with provisions of the Multiemployer Pension Plan Amendments Act of 1980 that requires the imposition of "Withdrawal Liability" on a contributing employer that partially or totally withdraws from the Plan. The Fund uses the presumptive method for determining an employer's withdrawal liability. Accordingly, the Plan recognizes a withdrawal liability receivable when the amount has been calculated, agreed to by the appropriate parties and has been deemed collectible.

Management provides for an allowance for doubtful accounts related to the employer withdrawal liability receivable from former contributing employers. The allowance is based on management's estimate of the collectability of the employer withdrawal liability receivable. The allowance is adjusted as information about specific accounts becomes available. Accordingly, the allowance for doubtful accounts at December 31, 2019 and 2018 was \$0.

Contributions receivable from employers: Contributions that are due at year-end but are received thereafter are recorded as contributions receivable. Management estimates the amount due based upon the prior month's employee listings provided by the contributing employers. Management also provides for an allowance for doubtful accounts related to the contributions receivable from employers. The allowance is based on management's estimate of the collectability of identified receivables, as well as their aging. The allowance is adjusted as information about specific accounts becomes available. Accordingly, the allowance for doubtful accounts at December 31, 2019 and 2018 was \$200,000.

Note 2. Summary of Significant Accounting Policies (Continued)

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments that are attributable under the pension plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial information is as of January 1, 2019, the most recent benefit information date. There were no significant plan amendments or demographic differences between December 31, 2018 and January 1, 2019 that would significantly change the valuation.

Calculation of the present value of accumulated plan benefits was prepared by the consulting actuary, The Segal Company, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Significant assumptions underlying the actuarial computations include (a) assumed net rate of return on investments of 7.5%; (b) assumed mortality for 110% of the Pri.H-2012 Blue Collar Employee and Retiree Mortality Tables (sex-distinct) projected generationally from 2012 using 75% of scale MP-2018 for healthy participants, 125% of Pri.H-2012 Blue Collar Contingent Survivor Mortality Tables (sex-distinct) projected generationally from 2012 using 75% of scale MP-2018 for beneficiaries, and 110% of Pri.H-2012 Disabled Retiree Mortality Tables (sex-distinct) projected generationally from 2012 using 75% of scale MP-2018 for disabled participants; (c) withdrawal incidence of retirement rates are based upon the type of benefit selected and cut out when a participant is eligible for an immediate pension: for participants not eligible for unreduced service pension, at least 3% per year beginning at age 55 and increasing to 100% at age 70; for participants eligible for unreduced service pension, at least 10% per year beginning at age 48-54, reducing to 5% at age 56-60, and then increasing to 100% at age 70. (d) the unit credit actuarial cost method was used to calculate the obligations and (e) annual administrative expenses are assumed to be \$2,300,000 payable monthly.

The Plan's minimum contribution requirement, as defined by the Internal Revenue Code, did not exceed its funding standard account requirement before the application of any credit balance and as a result, is not applicable for the current year.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the plan benefits.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Recent accounting pronouncements: In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statements of net assets available for benefits for all leases with terms longer than twelve months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statements of changes in net assets available for benefits. The new standard was originally effective for fiscal years beginning after December 15, 2020. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available.

Note 2. Summary of Significant Accounting Policies (Continued)

On June 3, 2020, the FASB issued ASU 2020-05, *Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842): Effective Dates for Certain Entities*. This ASU provides the Plan with the ability to defer the adoption of Topic 842 for an additional year until the fiscal year beginning after December 15, 2021. Adoption prior to this deferral date is still permitted. The Plan is currently evaluating the impact of Topic 842 on the financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan adopted this Update for the removal of certain fair value measurement disclosures presented in the financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 1, 2020, the date the financial statements were available to be issued.

Note 3. Investments

The Plan has arrangements with several investment managers who have discretionary authority to invest in the following investment types subject to the Plan's investment policy:

Investment Manager	Investment Type
American Reality Advisors (ARA)	Diversified core commingled real estate fund
SEI Trust Company/Artisan Global Opportunities Trust (Artisan)	Global equity securities
Baird Investment Management (Baird)	Mid cap growth equity securities

Note 3. Investments (Continued)

The Plan owns units of participation in certain common/collective trusts. The following is an overview of the common/collective trusts' investment objectives:

- **BlackRock U.S. Treasury Inflation Protected Securities Non-Lendable Fund:** The fund is a pooled fixed income fund that invests in inflation-indexed bonds issued by the U.S. Treasury. The fund is designed to replicate the risk and return profile of the Barclays U.S. TIPS Index.
- **Walter Scott & Partners Limited Group Trust – Global Fund:** The fund's investment objective is to seek long-term capital by investing in equity securities. Effective July 1, 2014, BNY Mellon Investment Management Cayman Ltd, the Fund's manager, assumed primary responsibility for the administration, oversight and risk management of the Fund.
- **Artisan Global Opportunities Trust:** The fund's objective is to seek maximum long-term capital growth by investing mainly in equity securities of U.S. and non-U.S. companies across a broad capitalization range.

The Plan has invested in certain limited liability companies (LLC) managed by Western. The following is an overview of the LLC's investment objectives:

- **Western Asset Core Plus L.L.C:** The LLC's investment objective is a master fund in a "master/feeder" structure looking to maximize long-term total return, consistent with prudent investment management. Under normal market conditions, the fund expects to invest at least 70% of its total net assets, either directly or indirectly through investments in other commingled investments vehicles, in investment grade debt and fixed income securities rated at the time of purchase at least Baa3 or BBB- by a nationally recognized rating agency such as Moody's, S & P or Fitch, or that are of a comparable quality as determined by the relevant advisers. The fund expects that its dollar-weighted average duration, including futures positions, will range within +/-20% of the duration of the Barclays Capital Aggregate Bond Index. Additionally, the fund expects to maintain a dollar-weighted average credit quality of the holdings of at least AA- or its equivalent.
- **Western Asset Total Return Unconstrained (TRU) Bond, L.L.C:** The LLC's investment objective is to maximize long-term total return, consistent with prudent investment management. In seeking to achieve its investment objective, the Fund will invest all or substantially all of its assets available for investment in the Fund's Master Fund, which has an investment objective that is consistent with that of the Fund. The Master Fund is organized as an exempted company under the laws of the Cayman Islands and may accept investments from other investors, including other funds. Western Asset serves as the investment adviser and subadviser, respectively, of the Fund and the Master Fund.

Note 3. Investments (Continued)

The Plan has invested in certain limited partnerships (LP). The following is an overview of the LP's investment objectives:

- BPIF Non-Taxable L.P. managed by Blackstone. The LP develops and actively manages a portfolio of non-traditional portfolio managers by investing substantially all of its assets through a "master feeder" structure in Blackstone Partners Non-Taxable Offshore Master Fund Ltd. The LP's overall investment objective is to deliver risk-adjusted returns while mitigating downside risk.
- Boyd Watterson GSA Fund, L.P. is the sole shareholder of the Boyd Watterson GSA REIT. The fund's objective is to generate a relatively high, stable stream of income by investing in real estate assets that are primarily leased to the U.S federal government either directly or through the General Services Administration or other federal government agencies.
- Method Advisors 2009, L.P. and Method Advisors 2012, L.P., managed by Method. Each LP seeks superior risk-adjusted private equity returns by investing in a select and diverse group of small private equity funds. Each LP shall continue until the twelfth anniversary of the final closing, unless extended by the general partner for up to two successive periods of one year.
- American Core Realty Fund, LP: an open-end core real estate commingled fund designed to provide institutional investors the opportunity to participate in an active core real estate investment management strategy that can generate strong long-term risk adjusted returns. The fund seeks returns that are attractive relative to other asset classes, comprised of stable income and the potential for market appreciation.
- Dyal Offshore Investors LP., managed by NB Dyal Advisors LLC. The fund was formed for the purpose of acquiring minority equity interests in investment management companies. The Fund's primary investment focus is to target investment opportunities in companies deriving a significant component of their income from the sponsorship and management of hedge funds and related products.
- Oaktree Real Estate Debt Fund, L.P., managed by Oaktree Capital. The primary objective of the Fund is to achieve superior risk-adjusted returns and produce current income through investments in performing real estate-related debt that are not anticipated to result in real estate ownership, with an emphasis on investments in the United States.
- NB Crossroads Fund XXII – Plan Asset Allocation L.P., managed by NB Crossroads Fund XXII GP LLC. The fund was formed in 2017 for the purpose of acquiring, holding, selling, and exchanging interests in limited partnerships or other pooled investment vehicles that are organized to make investments in large-cap and mid-cap buyout, debt, growth, and venture funds, as well as securities in various sectors.
- Siguler Guff Small Buyout Opportunities Fund III, L.P, managed by Siguler Guff Advisers, LLC. The fund is a private equity fund specializing in buyout, recapitalization, and growth equity transactions of proven lower middle market North American headquartered businesses.
- Siguler Guff Small Buyout Opportunities Fund IV, L.P, managed by Siguler Guff Advisers, LLC. The fund is a private equity fund specializing in buyout, recapitalization, and growth equity transactions of proven lower middle market North American headquartered businesses. (New in 2019)

Note 3. Investments (Continued)

The Plan has also invested in certain mutual funds. The following is an overview of the mutual funds' investment objectives:

- PIMCO All Asset Fund, managed by PIMCO. The fund seeks maximum real return, consistent with preservation of real capital and prudent investment management, by investing under normal circumstances substantially all of its assets in "Underlying PIMCO Funds". The fund invests its assets in shares of the Underlying PIMCO Funds and does not invest directly in stocks or bonds of other issuers. Research Affiliates, LLC, the Fund's asset allocation sub-adviser, determines how the Fund allocates and reallocates its assets among the Underlying PIMCO Funds. In doing so, the asset allocation sub-adviser seeks concurrent exposure to a broad spectrum of asset classes.
- Blackrock High Yield Bond Fund, managed by Blackrock. The primary objective of the fund is to maximize total return, consistent with income generation and prudent investment management. The Fund invests primarily in non-investment grade bonds with maturities of 10 years or less and normally invests at least 80% of its assets in high yield bonds, including convertible and preferred securities.

Plan investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value during the years ended December 31 is as follows:

	2019	2018
Net appreciation (depreciation) in fair value of investments	\$ 52,573,960	\$ (13,388,419)

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Valuation methodology used for assets measured at fair value are disclosed below. There have been no significant changes in the methodology used at December 31, 2019 and 2018.

U.S. corporate and foreign debt instruments: Certain of these investments are valued at the closing price reported in the market in which the security is traded. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable market information such as current yields of similar instruments, benchmark curves, observed benchmark market yields, credit spreads, primary and secondary market spread activity and broker quotes.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Limited liability companies: Valued at their net asset value (NAV) based upon valuations of the underlying investments furnished by a pricing service or independent appraisers approved by the LLCs' respective management. The pricing service determines valuations using methods based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders or at fair value as determined in good faith by their management.

Money market funds: Valued at cost, which approximates fair value or quoted market prices where available.

Mutual funds: Valued using daily publicly quoted net asset value (NAV). Mutual funds are not subject to liquidity redemption restrictions.

Limited partnerships: Valued at fair value based on ending NAV of the partnership as a practical expedient. The BPIF Non-Taxable L.P. invests in limited partnerships and/or investment funds (Investee Funds) of which the majority of the LP's net assets are stated at fair value which have been estimated by the investment manager, a related party to Blackstone, in the absence of readily available market values. These investments are stated at fair value based on (1) the LP's net contribution to the Investee Funds and (2) its allocated share of the undistributed profits and losses, including realized and unrealized gains and losses based on the information provided by the Investee Funds' management, which may include the audited financial statements of the Investee Funds. If the investment manager determines that based on its own due diligence and investment monitoring procedures, that the valuation for any Investee Fund based on information provided by the Investee Funds' management does not represent fair value, the investment manager shall estimate the fair value of the Investee Funds in good faith and in a manner that it reasonably chooses. All valuations are net of accrued management fees and incentive fees or allocations payable to the portfolio managers, if applicable. In addition, the fair value relating to underlying investments held by Investee Funds may have been estimated by the respective Investee Funds' management in the absence of readily available market values. Due to the inherent uncertainty of these estimates, these values could differ from the values that would have been used had a ready market for these investments existed and the differences could be material.

Method Advisors 2009, L.P. and Method Advisors 2012, L.P.'s investments represent interests in nonredeemable, closed-end private investment funds (Underlying Funds) that do not trade in an active market and represent illiquid long-term investments that generally require future capital commitments. Investments in the Underlying Funds, as a practical expedient, are valued at their NAV per share or its equivalent in accordance with authoritative accounting guidance. In addition, the partnership's general partner takes into consideration other information as well as any specific conditions and events affecting the Underlying Funds to conclude that their NAV approximates fair value.

Note 4. Fair Value Measurements (Continued)

Dyal Offshore Investors, L.P. is valued at fair value based upon ending NAV of the partnership as a practical expedient. The fair value of the partnership's underlying investments is determined by taking into consideration factors such as the scale and competitive advantages of the portfolio company, key operating initiatives underway, appropriateness of the capital structure, information on transactions or offerings involving the portfolio company's securities, applicable restrictions on transfers, general economic and market conditions, industry trends, indicative valuation guidance from potential underwriters and/or independent consultants and other factors as the General Partner may deem relevant. The valuation procedures may vary by investment, but include comparable public company and comparable transaction valuation analyses and discounted cash flow analysis, as appropriate.

Oaktree Real Estate Debt Fund, L.P. is valued at fair value based upon ending NAV of the partnership as a practical expedient. The fair values of private equity investments are determined by using a market or income approach. A market approach utilizes valuations of comparable public companies or transactions and generally seeks to establish the enterprise value of the portfolio company using a market multiple approach. The income approach is typically a discounted cash flow method that incorporates expected timing and levels of cash flows. It incorporates assumptions and determines growth rates, income and expense projections, discount rates, capital structure, terminal values and other factors. The applicability and weight assigned to market and income approaches are determined based on the availability of reliable projections and comparable companies and transactions. The fair values of real estate investments are determined by using a cost approach, market approach or income approach. A cost approach is based upon the current cost of reproducing a real estate investment less deterioration and functional and economic obsolescence. A market approach utilizes valuations of comparable properties or transactions and generally seeks to establish the enterprise value of investment property using a market multiple approach. This approach takes into account a specific financial measure (such as free cash flow, net operating income, net income, book value, net asset value, EBITDA or adjusted EBITDA) believed to be most relevant for the given investment property. Consideration may also be given to such factors as acquisition price of investment property, historical and projected operational and financial results for the property, the strengths and weaknesses of the investment property relative to comparable properties, industry trends, geographical factors, general economic and market conditions and other factors deemed relevant. The income approach is typically a discounted cash flow method that incorporates expected timing and level of cash flows. It incorporates assumptions in determining growth rates, income and expense projections, discount and capitalization rates, capital structure, and other factors. The applicability and weight assigned to market and income approaches are determined based on the availability of reliable projections and comparable properties and transactions.

The fair value of the real estate held by ARA has been based upon quarterly independent appraisals. ARA has engaged an independent appraisal management firm to oversee and administer the appraisal process of its real estate investments. Fair value is determined based upon valuation techniques that require inputs that are both unobservable and significant to the fair value measurement. Unobservable inputs reflect the investment management's estimates about the assumptions market participants would use in pricing an asset or liability based on the best information available in the circumstances.

Note 4. Fair Value Measurements (Continued)

The fair value of the real estate held by Boyd Watterson has been based upon quarterly independent appraisals. Due to the unique characteristics of government-leased properties and the long-term nature of many of the lease terms, properties are valued at the cost of acquisition; provided, however, that the investment manager shall cause each property under its control to be appraised at regular intervals by a qualified independent appraiser(s) that have the MAI designation (Member Appraisal Institute) or its successor organization. The appraiser selection will be determined by the investment manager from a list of three qualified firms based on factors such as organizational qualifications, capabilities, personnel, references and/or resources. For each property, a new appraisal report shall be obtained every year from the date of acquisition. In the intervening quarters, commencing with the calendar quarter ending March 31, 2017, a new restricted appraisal report shall be obtained for each property. For each property, a different appraiser shall be assigned at least once every three years to conduct each appraisal report so that a property will not be valued by the same appraiser for more than three consecutive years. The annual and quarterly appraisals will be used for purposes of calculating NAV.

NB is valued at fair value based upon ending NAV of the partnership as a practical expedient. The fair value of the partnership's underlying investments is determined by taking into consideration factors such as the scale and competitive advantages of the portfolio company, key operating initiatives underway, appropriateness of the capital structure, information on transactions or offerings involving the portfolio company's securities, applicable restrictions on transfers, general economic and market conditions, industry trends, indicative valuation guidance from potential underwriters and/or independent consultants and other factors as the General Partner may deem relevant. The valuation procedures may vary by investment, but include comparable public company and comparable transaction valuation analyses and discounted cash flow analysis, as appropriate.

Siguler Funds III and IV are valued at fair value based upon ending NAV of the partnership as a practical expedient or its equivalent in accordance with authoritative accounting guidance. The inputs used by the General Partner in estimating the value of privately held investments may include the original transaction price, recent transactions in the same or similar instruments, completed or pending third-party transactions in the underlying investment or comparable issuers, public comparable company analysis, subsequent rounds of financing, recapitalizations and other transactions across the capital structure, offerings in the equity or debt capital markets, and changes in financial ratios or cash flows. The use of the market approach generally consists of using comparable market transactions, earnout models, or values provided by the respective Portfolio Manager, while the use of the income approach generally consists of the net present value of estimated future cash flows, adjusted as appropriate for liquidity, credit, market and/or other risk factors.

Common/collective trusts: Valued at fair value based upon the unit value of the trust as reported to the Plan. Unit values are determined by the investment trustee, sponsoring such trust by dividing the trust's net assets at fair value by its units outstanding at the valuation date (NAV). The number of units that are outstanding on the calculation date is derived from observable purchaser and redemption activity in the trust.

- ^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Level 3.

Note 5. Employer Withdrawal Liability

Pursuant to Section 4219 of the Employee Retirement Income Security Act of 1974, as a result of the permanent cessation of contributions to the Plan by certain employers on behalf of their bargaining unit employees, demand for payment of withdrawal liability totaling \$9,918,307 and \$332,469 occurred for the years ended December 31, 2019 and 2018, respectively. Terms of the withdrawal liabilities call for payments of principal and interest which are generally required to be paid on a quarterly basis with 7.5% interest applied to the outstanding liability for each employer. Interest income recognized was \$306,563 and \$271,835 for the years ended December 31, 2019 and 2018, respectively.

On September 11, 2019 the Board of Trustees adopted an amendment to the Plan modifying the method used to determine withdrawal liability for new employers. For employer withdrawals occurring on or after December 31, 2018, an employer who begins contributing to the Plan after December 31, 2018 will have withdrawal liability determined using a new employer pool. That is, only assets and liabilities directly attributable to such new employers will be used to calculate withdrawal liability under the new employer pool method. All other employers will continue to have withdrawal liability determined in the same manner as prior to the adoption of the Plan amendment. However, an employer who pays off any existing withdrawal liability in full with a lump sum payment will be considered a new employer for purposes of subsequently determining withdrawal liability, and have its liability based on the new employer pool, subject to certain limitations in the event of a mass withdrawal. The plan amendment required approval by the PBGC. As a condition of approval by the PBGC, the ability for an existing employer to pay off its withdrawal liability to go into the new employer pool was offered for only a limited period of time (the lump sum payment was required to be made no later than December 10, 2019). There were three employers who elected to pay off their existing withdrawal liability to go into the new employer pool during 2019 whose lump sum payments totaled approximately \$7,161,000.

Future minimum payments of principal under the withdrawal liability payment schedules for the years ending December 31 are as follows:

2020	\$ 600,050
2021	481,699
2022	403,100
2023	406,337
2024	436,812
Thereafter	3,819,452
	<u>\$ 6,147,450</u>

Note 6. Obligation for Pension Benefits

The Pension Benefit Guaranty Corporation (PBGC) insures certain benefits under the Plan if the Plan terminates. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by and the financial condition of, the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Cleveland Bakers and Teamsters Pension Fund

Notes to Financial Statements

Note 6. Obligation for Pension Benefits (Continued)

In the event the Plan should terminate, the assets of the Plan, after providing for any administrative expenses, shall be allocated for the purposes of paying benefits to the participants, beneficiaries and eligible spouses in the following order of precedence:

- i. Provide retirement income for participants, beneficiaries and eligible spouses who, three years prior to the Plan termination date, were either receiving pension benefits or would have been eligible to receive pension benefits had they then retired;
- ii. Provide all other pension benefits guaranteed under Title IV of ERISA;
- iii. Provide all other pension benefits not guaranteed by ERISA which vest in each participant in accordance with the provisions of the Plan, assuming that the Plan termination date is the participant's termination of employment date; and
- iv. Provide accrued benefits of participants as of the Plan termination date which are not then vested in accordance with the provisions of the Plan.

Note 7. Funding Policy

Contributing employers fund the Plan. Participants are not required or permitted to contribute. Group A employers' weekly contributions generally ranged between \$162.60 and \$248.50 (\$155.60 and \$241.50 in 2018) per participant depending upon the participants' date of hire, part-time or full-time employment status and the terms of the collective bargaining agreements. Group B employers' weekly contributions were \$359.50 (\$352.50 in 2018) per participant.

Effective February 1, 2008, the previously required supplemental contributions increased in accordance with the Rehabilitation Plan developed in consultation with the Plan's actuary that included an Alternative Schedule and a Default Schedule. The Alternative Schedule maintained benefits currently provided by the Plan. The Default Schedule provided for benefit reductions and applied only to deferred vested participants and active participants of employers who adopted the Default Schedule or became covered under the Default Schedule through automatic implementation. Both schedules originally required increases in the employer supplemental contribution rate over a ten-year period through 2017 and the bargaining parties must have agreed to one of the schedules within 180 days of contract expiration or the Plan would automatically implement the Default Schedule. Effective December 9, 2011, the 2011 Rehabilitation Plan update required increased supplemental contributions through 2033. Effective January 1, 2015, the 2014 Rehabilitation Plan required supplemental contributions only through 2024. The 2014 Rehabilitation Plan also reduced certain benefits under the Alternative Schedule for participants with under 25 years of credited service. Effective January 1, 2016, the 2015 Rehabilitation Plan required supplemental contributions increases each year through 2024. Effective January 1, 2017, the 2017 Rehabilitation Plan Update requires supplemental contributions through 2026 and decreased the supplemental contributions increases for 2018 and 2019, with supplemental contributions increases each year through 2024. Effective, January 1, 2019, the 2019 Rehabilitation Plan Update further reduces the supplemental contributions for 2020 and 2021 and extends the increases in supplemental contributions through 2026.

Note 8. Related Party and Party-in-Interest Transactions

Receivables from related organizations represent either receivables for pension contributions or employer contributions received by another fund on behalf of the Plan and not yet remitted to the Plan. Payables to related funds represent benefit contributions to those funds. Total receivables from related organizations were approximately \$25,900 and \$28,400 at December 31, 2019 and 2018, respectively. In addition, total contributions from related organizations were approximately \$730,000 and \$703,000 for the years ended December 31, 2019 and 2018, respectively.

During 2015, the Plan entered into a five year lease agreement with two additional five year renewal options which commenced June 1, 2015 and includes the Cleveland Bakers and Teamsters Health and Welfare Fund as co-lessee. Each Fund pays monthly rentals directly to the landlord based on square footage used. Total rent expense and other occupancy costs were \$72,396 and \$73,080 for the years ended December 31, 2019 and 2018, respectively.

During 2019, the Plan approved the first five year lease renewal option which will commence on June 1, 2020 and includes the Cleveland Bakers and Teamsters Health and Welfare Fund as co-lessee. Each Fund will continue to pay monthly rentals directly to the landlord based on square footage used.

Future minimum payments under the operating lease for the year ending December 31 are as follows:

2020	\$ 71,420
2021	72,865
2022	72,865
2023	72,865
2024	72,865
Thereafter	30,361
	<u>\$ 393,241</u>

The Plan invests in shares of a short-term investment fund managed by BNY Asset Management, a wholly-owned subsidiary of The Bank of New York Mellon Corporation. The Plan's custodian, BNY, is also a wholly-owned subsidiary of The Bank of New York Mellon Corporation and therefore this transaction qualifies as a party-in-interest. Fees paid by the Plan for custodial services were approximately \$45,000 and \$55,000 for the years ended December 31, 2019 and 2018, respectively.

BNY also provided benefit payment administration services to the Plan. These services resulted in an expense of approximately \$88,000 and \$90,000 for the years ended December 31, 2019 and 2018, respectively.

Cleveland Bakers and Teamsters Pension Fund

Notes to Financial Statements

Note 9. Tax Status

The Plan obtained its latest determination letter on July 12, 2016, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal tax authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or that require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various domestic and foreign investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made based on respective collective bargaining agreements and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11. Significant Contributing Employers

During the years ended December 31, 2019 and 2018 the Plan received approximately 61% and 58%, respectively, of its employer contribution income from two contributing employers. Should either of these employers cease operations, there would be a significant negative impact on the Plan's future contribution income.

Note 12. Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan's contributing employers operate.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan's benefit payments and contributions from employers. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including possible reductions in employer contributions and possible revisions to the rehabilitation plan.

**Justification for
Change in Actuarial
Assumptions**

Based on past experience and future expectations, the following actuarial assumptions were changed as of January 1, 2019:

- The mortality assumptions were updated to reflect more recently published mortality tables and improvement scales, as described below:
 - The healthy mortality assumption was changed from 103.7% of RP-2000 Combined Healthy Blue Collar Mortality Tables (sex-distinct), projected generationally from 2012 using scale AA to 110% of Pri.H-2012 Blue Collar Employee and Retiree Mortality Tables (sex-distinct), projected generationally from 2012 using 75% of scale MP-2018
 - The beneficiary mortality assumption was changed from the same table and scale as for healthy pensioners to 125% of Pri.H-2012 Blue Collar Contingent Survivor Mortality Tables (sex-distinct), projected generationally from 2012 using 75% of scale MP-2018
 - The disabled mortality assumption was changed from RP-2000 Disabled Retiree Mortality Tables (sex-distinct) to 110% of Pri.H-2012 Disabled Retiree Mortality Tables (sex-distinct), projected generationally from 2012 using 75% of scale MP-2018
- The active retirement rates were changed to reflect recent experience and future expectations, as shown below:

Age	Eligible for Unreduced Pension		Not Eligible for Unreduced Pension	
	Prior	Current	Prior	Current
48-54	5%	10%	N/A	N/A
55	5%	10%	0%	3%
56-59	5%	5%	0%	3%
60	20%	5%	0%	5%

68-69	15%	15%	20%	30%
70+	100%	100%	100%	100%

**Justification for
Change in Actuarial
Assumptions**

- The inactive retirement assumption was changed from age 65 to the following age-based rates, to reflect recent experience and future expectations:

Age	Retirement Rates
55-59	5%
60-61	10%
62-64	20%
65	75%
66	50%
67	45%
68-69	40%
70+	100%

- The withdrawal rates were increased 40% for nonvested participants and 30% for vested participants to reflect recent experience and future expectations.
- The future benefit accruals assumption was increased from 0.96 to 0.99 accrual units to reflect recent experience and future expectations.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

To Whom It May Concern:

As required by ERISA Section 305 and the Internal Revenue Code (IRC) Section 432, we have completed the actuarial status certification as of January 1, 2019 for the following plan:

*Name of Plan: Cleveland Bakers and Teamsters Pension Fund
Plan number: EIN 34-0904419 / PN 001
Plan sponsor: Board of Trustees, Cleveland Bakers and Teamsters Pension Fund
Address: 9665 Rockside Road, Suite D
Valley View, Ohio 44125-6233
Phone number: 216.781.6869*

As of January 1, 2019, the Plan is in critical status. It is not in critical and declining status. This certification also notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its Rehabilitation Plan, based on the annual standards of the Rehabilitation Plan.

If you have any questions on the attached certification, you may contact me at the following:
