401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Note 1 - Description of the Plan

The following description of the Ascent Pharmaceuticals, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Ascent Pharmaceuticals, Inc. is referred to in the notes as the Company or the Sponsor.

On July 1, 2012, the Company entered into a joinder agreement with InvaGen Pharmaceuticals, Inc. (Invagen) which permitted them to adopt the Invagen Plan becoming the adopting employer and agree to be bound by the terms of the Plan. The Company and InvaGen were under the same ownership at that time. On February 17, 2016, the Company adopted the Plan as InvaGen was sold and acquired by CIPLA, a global pharmaceutical company.

a. General - The Plan (which is a 401(k) profit sharing plan) is a defined contribution plan covering all full-time eligible employees of the Company who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee oversees governance of the Plan.

b. Contributions - Each year, participants may contribute up to the maximum percentage allowable under the federal statutory limit of Code Section 401(k), as defined in the Plan. The limit for 2019 and 2018 is $19,000 and $18,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For the years ended December 31, 2019 and 2018 the catch-up contribution amounted to $6,000.

The Company contributes an amount equal to the sum of 100 percent of the amount of the participant's elective deferral that does not exceed 5 percent of the participant's compensation. All employer contributions are invested in the same proportion to that of the participants. The Company may also make a profit sharing contribution to eligible employees on a pro rata basis in the ratio that each participant's compensation bears to the compensation of all eligible participants at the end of the year. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Note 1 - Description of the Plan (continued)

c. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses. Reasonable expenses to administer and maintain the plan are paid by the Company.

d. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service earned at 20 percent after the first two years and each year thereafter. A participant would become 100 percent vested upon death or disability.

e. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. Participants may only have one loan outstanding at any time. Loan transactions are treated as a transfer to (from) the respective investment funds from (to) the Notes Receivable from Participants' Fund. The loans are secured by the balance in the participant's account. Unless otherwise determined by the Trustee, the interest rate will be the prime rate published by the Wall Street Journal as of the date of the loan plus 1.5 percent. The rate of interest will be constant throughout the term of the loan. All loans are required to be repaid within 5 years of the date of the loan, unless for the purchase of a principal residence which allows for extended loan amortization. During 2019 and 2018 interest rates ranged from 4.75 to 7.00 percent. Principal and interest are paid ratably through payroll deductions.

f. Payment of Benefits - On termination of service due to disability or retirement, a participant may only elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions on account of death of the participant allows for extended payments for all beneficiaries. For termination of service due to other reasons, a participant may only receive the value of the vested interest in their account as a lump-sum distribution within one year.

Note 1 - Description of the Plan (continued)

g. Forfeited Accounts - Forfeited balances of terminated participants' non-vested amounts may be used to pay for administrative expenses of the plan and reduce future employer contributions. There were no forfeited non-vested accounts during 2019 and 2018.

Note 2 - Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through October 8, 2020, which is the date the financial statements were available to be issued. In March 2020, the World Health Organization declared the outbreak of the novel coronavirus (COVID-19) as a global pandemic and the virus has continued to spread throughout the United States. As a result of this outbreak, this pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions: Special coronavirus distributions up to $100,000; increase the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance; permit COVID-19 impacted participants to take out loans while on furlough; and extend the period for loan repayments, if applicable, up to one year.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable. There were no excess contributions payable as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Reasonable expenses for the administration, investments, and processing transactions relating to the on-going maintenance and operation of the plan (including expenses or fees charged on a one-time or on-going basis for legal, accounting, or recordkeeping services) may be charged against the assets of the plan and trust, paid by the Employer, or allocated among terminated and active participants (or beneficiaries) in the plan. In some instances, these expenses are deducted directly from the investment returns of the investment funds offered under the plan as an investment related fee.

Note 2 - Summary of Significant Accounting Policies (continued)

New Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement, (ASU 2018-13)," which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Upon issuance of ASU 2018-13, early adoption is permitted for the entire standard or only for the requirements that eliminate or modify disclosures. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. Adoption of ASU 2018-13 will not have a material impact on the Plan's financial statements.

Note 3 – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Note 3 – Fair Value Measurements (continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

			Fair Value Measurements at the End of the Report Period Using:
December 31, 2019		Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Total Mutual Funds and Bonds		$3,768,407	$3,768,407
Total Assets at Fair Value		$3,768,407	$3,768,407

Note 3 – Fair Value Measurements (continued)

			Fair Value Measurements at the End of the Report Period Using:
December 31, 2018		Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Total Mutual Funds and Bonds		$2,689,185	$2,689,185
Total Assets at Fair Value		$2,689,185	$2,689,185

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation in fair value of investments. During 2019, the Plan's investments in underlying mutual funds and bonds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $481,753.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no transfers between Level 1 and 2 or into or out of Level 3.

Note 5 – Related Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of John Hancock mutual funds managed by John Hancock Life Insurance Company of New York. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan totaled $1,623 for the year ended December 31, 2019.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 17, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
