The following description of Convey Health Solutions 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of United States Pharmaceutical Group, LLC (the "Company") on the first day of the following month, once three months of service and 18 years of age, are reached. Participants are eligible to receive employer discretionary matching contributions after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Effective January 2, 2019, the Plan was merged with the 401(k) plan of one of the Company's subsidiaries, Gorman Health Group, LLC (the "Gorman Plan"), whereby all Gorman Plan participants were automatically enrolled in the Plan, the Gorman Plan was terminated and all the assets and liabilities of the Gorman Plan were transferred to the Plan. Company management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company has entered into an agreement whereby, Reliance Trust Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan.

Contributions:

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers, amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Safe harbor match provisions provide for employer contributions equal to 100% of the participant's contributions up to 3% of compensation, plus 50% of the participant's contributions between 3% to 5% of the participant's compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution, if any, and Plan earnings. earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest ratably over five years of credited service

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or annual installments over the life expectancy of the participant or their beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited accounts:

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $88 and $3,527, respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. Also in 2019, employer contributions were reduced by $13,390 forfeited nonvested accounts.

2. Summary of Accounting Policies

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Accounting Policies (continued)

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date as determined by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no excess contributions payable as of December 31, 2019.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investment.

Subsequent events:

The Plan has evaluated subsequent events through ____, 2020 the date the financial statements were available to be issued. See Note 10 for discussion of subsequent events.

3. Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

In accordance with Accounting Standards Codification ASC 820, "Fair Value Measurements," ("ASC 820") fair value of financial assets and liabilities, the framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts – Collective trusts are valued based on the information reported by the investment advisor using the audited financial statements of the common collective trust at year-end. The Plan's investments in collective interest trusts are valued based upon the net asset value of units owned by the Plan at year-end. The fair value of the Plan's investments is based on the net asset values of the underlying open-end mutual funds. The Plan's investment in collective trusts is classified as Level 2 investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018.

December 31, 2019		Fair Value Measurements		
	Total	Level 1	Level 2	Level 3
Assets:				
Mutual funds	$ 8,759,657	$ 8,759,657	$ -	$ -
Common collective trust	456,788	-	456,788	-
Investments, at fair value	$ 9,216,445	$ 8,759,657	$ 456,788	$ -

December 31, 2019		Fair Value Measurements		
	Total	Level 1	Level 2	Level 3
Assets:				
Mutual funds	$ 1,434,030	$ 1,434,030	$ -	$ -
Common collective trust	335,929	-	335,929	-
Investments, at fair value	$ 1,769,959	$ 1,434,030	$ 335,929	$ -

5. Related Party Transactions

Certain Plan investments and related transactions were in investment funds managed by the Plan's Trustee and, therefore, these investments and transactions qualify as party-in-interest transactions. The notes receivable from participants are also considered to be party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The prototype plan received a favorable tax determination letter dated July 16, 2014 from the IRS. Although the Plan itself has not received a determination letter and the protype plan has been amended since receiving that determination letter, Company management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and is tax-exempt.

The Plan was not in compliance with certain IRS non-discrimination tests for the year ended December 31, 2018. The noncompliance was corrected through a refund of excess 401(k) contributions contributed by "highly compensated" employees. Such refunds are reflected in the accompanying Statements of net assets available for benefits as Refund of excess contributions payable.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination of the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits, per financial statements	$ 9,339,267	$ 1,767,020
Participant contributions receivable	(14,813)	(14,845)
Employer contributions receivable	(5,859)	-
Refund of excess contributions payable	-	23,851
Net assets available for benefits, per the Form 5500	$ 9,318,595	$ 1,776,026

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to Form 5500:

Net increase, per financial statements	$ 2,053,481
Participant contributions receivable at December 31, 2019	(14,813)
Employer contributions receivable at December 31, 2019	(5,859)
Participant contributions receivable at December 31, 2018	14,845
Refund of excess contributions payable at December 31, 2018	(23,851)
Net increase, per Form5500	$ 2,023,803

10. Subsequent Events

The coronavirus outbreak ("COVID-19") has severely impacted global economic activity and caused significant volatility in the financial markets, and it is reasonably possibly that changes in the values of investment securities will occur and that such changes could materially affect participant account balances and the amounts reported in the Statements of net assets available for benefits.

On March 27, 2020, Congress passed the Coronavirus, Aid, Relief, and Economic Security ("CARES") Act. Under the CARES Act, changes were made impacting certain provisions of qualified retirement plans, including participant loans and distributions. Among other things, the CARES Act provisions, which were adopted by the Plan, increased the limit on participant loans, extended repayment terms, and waived penalties for certain early withdrawals.

While the effects of COVID-19, including the applicable relief provisions of the CARES Act, are not reflected in these Plan financial statements, there is substantial uncertainty in the nature and degree of its effects over time. The extent to which the COVID-19 pandemic impacts the Plan going forward will depend on numerous evolving factors which cannot be reliably predicted, including the duration, scope and financial impact of the COVID-19 pandemic on both the Plan's assets and the Company's ability to make required Plan contributions.
