Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by each participant. Any earnings, losses, and administrative expenses are allocated to a participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants of all Participating Companies, with the exception of Drives and Precision, may borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. Participants may only have one note outstanding at any time and may not take anymore than three notes within a twelve month period. Note repayments are to be made at least quarterly with interest based on interest rates comparable to those offered by financial institutions at the time of note origination. Notes receivable must be repaid within five years and spousal consent is required.

1. DESCRIPTION OF THE PLAN – cont'd.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions will be made in a lump-sum equal to the value of the participant's vested interest in their account or as installment payments pursuant to the required minimum distribution rules. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts excluding qualified matching and QACA contributions by the participant may be withdrawn for a qualified hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Recently Issued Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates, amends and adds disclosure requirements relating to fair value reporting. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 for all entities, with early adoption permitted only for eliminated and modified disclosure requirements. All changes should be prospectively applied to all periods presented. Management has not elected to early adopt ASU 2018-13 during the year ended December 31, 2019 and is currently evaluating its future effect on the financial statements.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the report amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interests in guaranteed interest contracts: Valued at estimated fair value based on the Plan's ownership in the underlying value of the fund as estimated using the most recent audited financial statements of the fund and other factors deemed relevant by management. Due to the inherent uncertainty of valuation, the valuation of this investment may differ significantly from the value that would have been recorded had a ready market for the investment existed. These differences could be material.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

Interests in pooled separate accounts: Valued at fair value based on the unit value of the fund. Unit values are determined by the institutions sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 41,373,671	$ -	$ -	$ 41,373,671

Total investments, at fair value	$ 41,373,671	$ -	$ 17,087,355	$ 97,991,204

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

* In accordance with ASC 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The following table sets forth a summary of changes in fair value of the Plan's Level 3 assets for the years ended December 31,:

	2019	2018
Beginning Balance	$ 16,895,737	$ 15,001,829
Interest income	7,041	7,190
Purchase of investments	3,886,464	3,803,680
Sale of investments	(3,991,766)	(2,161,414)
Realized gains	43,487	20,599
Unrealized gains related to instruments still held at reporting date	246,392	223,853
Ending Balance	$ 17,087,355	$ 16,895,737

The Plan's investment in the guaranteed interest contracts is held with the Principal Life Insurance Company. The guaranteed interest contracts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity. Thus, these guaranteed interest contracts are not considered fully benefit-responsive and therefore, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contracts. The Plan's investment in guaranteed interest contracts is valued at fair value. Fair value is determined to be withdrawal value prior to maturity as reported by Principal Life Insurance Company. Contract value of the guaranteed interest contracts as of December 31, 2019 and 2018 totaled $17,092,065 and $16,917,436, respectively.

The following table presents the investments, measured using the NAV per share as of December 31,:

	2019	2018	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interests in pooled separate accounts (a)	$ 39,530,178	$ 31,038,385	Daily	Daily	n/a

(a) Funds in this category invest in a diversified portfolio of various fixed income funds, money markets, debt securities, domestic and/or international stocks to achieve a long-term rate of return.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 9, 2020, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure, except as disclosed in Note 9.

3. INVESTMENTS

All investment data contained in the accompanying financial statements as of December 31, 2019 and 2018, interest and dividend income and net realized and unrealized appreciation (depreciation) in fair value of investments for the years then ended was obtained or derived from information supplied and certified as complete and accurate by Principal Trust Company, the Trustee of the Plan.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and guaranteed interest contracts managed by Principal Financial Group, who acts as Custodian for the Plan. The Custodian is related to the Trustee. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Plan Sponsor and Participating Companies provide the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. INCOME TAX STATUS

The Plan has adopted a volume submitter plan which received a favorable opinion letter from the Internal Revenue Service dated August 8, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. INCOME TAX STATUS – cont'd.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2019 and 2018.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all contributions to the Plan would cease and all affected participants would become fully vested in their Company contribution accounts.

8. PROHIBITED TRANSACTIONS

The Participating Companies have self-corrected the late remittances noted from the year ended December 31, 2014 in October 2018. As of December 31, 2019, management is in the process of correcting all other the late remittances in addition to lost earnings in accordance with DOL and IRS guidelines.

9. SUBSEQUENT EVENTS

Coronavirus

In December 2019, a novel strain of coronavirus (COVID-19) was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern." Subsequent to year-end, COVID-19 began to spread throughout the United States. Efforts to contain COVID-19, including restrictions mandated by the Federal and State governments has caused numerous businesses to close or operate remotely in an effort to prevent COVID-19 from spreading more rapidly. As of the report date, the Plan has experienced an immediate impact from COVID-19 due to the volatility of the financial markets.

The future extent of the impact of COVID-19 on the Plan's operations including, but not limited to, further market decline and future Company contributions to the Plan will depend on future developments, including the duration and spread of the outbreak, which is highly uncertain and cannot be predicted.

Coronavirus Aid, Relief, and Economic Security Act (CARES) Provision Amendments

On March 27, 2020, Congress passed the CARES Act for President Trump's signature in order to help the US economy and workers in the midst of the Coronavirus Pandemic. The CARES Act includes numerous provisions related to retirement plans. The Plan has decided to amend its Plan to allow for Coronavirus penalty-free distributions for qualified individuals through December 31, 2020. In addition, the Plan has adopted loan provisions allowing the maximum loan amount to be taken by a qualified individual to be temporarily increased to $100,000 or 100% of a participant's vested balance from the date the Act is enacted continuing for 180 days. The Act also delays loan repayments from the date of the Act through December 31, 2020 for qualified individuals.
