Kentucky Trailer 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

Note A - Description of Plan

The following description of the Kentucky Trailer 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan established by R.C. Tway Company, dba Kentucky Trailer and adopting subsidiaries (collectively, the "Company" or "Plan Sponsor"). The Plan covers all employees of the Company who are not covered by a collective bargaining agreement, are age twenty-one or older, and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions: Each year, participants may contribute on a pre-tax or after-tax Roth basis, annual compensation up to the maximum allowable amount under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Plan provides for automatic enrollment of eligible employees at a pre-tax deferral rate of 1% of eligible compensation, unless the participant affirmatively elects otherwise. The Plan also provides for a 1% annual increase in the deferral rate (up to a maximum of 5% of eligible compensation). The Company contributes a safe-harbor matching contribution equal to 100% of the first 3% of compensation contributed by the participant plus 50% of compensation contributed between 3% and 5%. The Company may also make additional discretionary contributions to the Plan. There were no additional discretionary contributions for the 2019 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.
3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company safe-harbor matching contributions, as well as allocations of the Company's discretionary contributions (if applicable) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions and Company safe-harbor matching contributions plus actual earnings thereon. Vesting in other Company contribution accounts is based on years of continuous service, and participants are 100% vested after five years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator.
7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments not exceeding the participant's life expectancy. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.
8. Forfeited Accounts: Based upon Plan provisions, forfeited non-vested accounts are used to reduce employer contributions or pay administrative expenses of the Plan. Forfeited accounts totaled \$0 and \$140 at December 31, 2019 and 2018, respectively. During the Plan year ended December 31, 2019, forfeitures totaling \$164 were used to reduce employer safe-harbor matching contributions or pay administrative expenses of the Plan.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.
5. Payment of Benefits: Benefits are recorded when paid.
6. Administrative Expenses: Administrative expenses of the Plan are paid by the Plan Sponsor or Plan participants, as defined in the Plan agreement.
7. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.
8. Recent Accounting Pronouncement: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.
9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date that the financial statements were available to be issued. See Note K.

Notes to Financial Statements (Continued)
December 31, 2019 and 2018

Note C - Information Certified by the Plan's Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company and Principal Global Investors Trust Company, the custodians of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the Schedule of Assets (Held at End of Year) at December 31, 2019, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts ("PSAs"): Valued at the net asset value ("NAV") of units held by the Plan at year end provided by the issuer of the account. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through subaccounts of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. PSAs are comprised, primarily, of shares of mutual funds at December 31, 2019 and 2018, respectively. The PSAs seek to mirror the investment objectives and strategies of the underlying mutual fund for which the PSA is named. Certain PSAs are target date funds which seek capital appreciation and current income consistent with asset allocation that become more conservative over time to the specified retirement date. The investments are redeemable at the adjusted NAV on a daily basis under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E - Fully Benefit-responsive Investment Contract

Effective November 1, 2018, the Plan entered into a fully benefit-responsive investment contract with Minnesota Life Insurance Company ("Minnesota Life"). Minnesota Life maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is included in the financial statements at contract value as reported to the Plan by Minnesota Life. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Kentucky Trailer 401(k) Retirement Plan
Notes to Financial Statements (Continued)
December 31, 2019 and 2018

Note E - Fully Benefit-responsive Investment Contract (Continued)

Minnesota Life's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. The guaranteed investment contract does not permit Minnesota Life Insurance Company to terminate the agreement prior to a breach of the contract terms by the investor.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

Note F - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

All Plan investments are managed by the custodians of the Plan or their affiliates and, therefore, these transactions qualify as party-in-interest.

Note G - Income Tax Status

Effective November 1, 2018, the Plan adopted a Volume Submitter 401(k) Profit Sharing Plan Document ("Volume Submitter") sponsored by Minnesota Life. The Internal Revenue Service ruled on March 31, 2014, that the Volume Submitter, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. Prior to November 1, 2018, the Plan was based on a Non-Standardized Prototype Plan sponsored by Principal Life Insurance Company. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Kentucky Trailer 401(k) Retirement Plan
Notes to Financial Statements (Continued)
December 31, 2019 and 2018

Note J - Non-exempt Transactions

During the Plan year ended December 31, 2019, employee withholdings totaling \$4 were not remitted to the trust within the appropriate time period by the Company. This transaction constitutes a prohibited transaction as defined by ERISA. The Company remitted the withholdings and lost earnings in February 2020.

Note K - Subsequent Events

Effective January 1, 2020, the CEI Equipment Company 401(k) Profit Sharing Plan was merged into the Plan and all assets, including outstanding participants loans were transferred.

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 ("COVID-19") outbreak a pandemic. Further, the United States Centers for Disease Control and Prevention confirmed the spread of the disease throughout the United States. The COVID-19 outbreak has triggered volatility in financial markets and a significant negative impact on the global economy. The ultimate impact to the Plan and Plan Sponsor is not known at this point as the scale and severity of the outbreak, and resulting economic impact, is still largely unknown.

On March 27, 2020, Congress passed the *Coronavirus Aid, Relief, and Economic Security Act* ("CARES Act"). The Plan was operationally amended to implement certain changes provided for under the CARES Act including temporary penalty-free distributions, increased limits for Plan loans, suspension of loan repayments, and delay of required minimum distributions.

Effective May 10, 2020, the Plan was amended to discontinue safe-harbor matching contributions and implement discretionary matching contributions.
