Re: Communication of Financial Statement Audit Matters - December 31, 2019

We have audited the financial statements of NYC Alliance Group LLC 401k Profit Sharing Plan and Trust (the "Plan") for the year ended December 31, 2019, and have issued our report thereon. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you for the current year. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of the Organization's Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are disclosed in the notes to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not become aware of any misstatements during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated as of the audit opinion letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Supplemental Schedules Required Under the DOL's Rules and Regulations for Reporting and Disclosure Under ERISA

With respect to the supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

During our audit, we also became aware of the following matters which we believe represent opportunities for strengthening internal controls and operating efficiency:

Census data utilized for ADP/ACP testing

While analyzing the year end non-discrimination testing (ADP/ACP testing), we noted as we did in the prior year, that the census data utilized by the recordkeeper lacks designation of owners and key employees. This information is necessary to ensure accurate results. We suggest once again that the census data be updated to include all required information.

We have discussed our observations and suggestions with Plan personnel and would be pleased to discuss them in further detail at your convenience or to assist you in implementing recommendations to the extent our independence is not impaired.

This communication is intended solely for the information and use of management, the Plan Sponsor, and others within the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

SCHULTHEIS & PANETTIERI, LLP
