CRESCENT CREDIT UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE A – DESCRIPTION OF PLAN

The following description of the Crescent Credit Union 401(k) Plan (the “plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

1. *General.* The plan is a defined contribution plan covering all employees of the Crescent Credit Union who are age 21 or older and have completed 3 months of service with the Credit Union. The Plan is a Profit Sharing and Safe Harbor 401(k) plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor appointed an investment trustee and custodian, Fidelity Management Trust Company (the “trustee” or “Fidelity”), to hold the plan’s assets, execute investment transactions, and administer the participants’ accounts. The Investment Committee determined the appropriateness of the plan’s investment offerings and monitored investment performance.

2. *Plan Merger.* On January 1, 2020 Crescent Credit Union (the “Credit Union” or “Crescent”) merged into Sharon Credit Union. The combined entity became known as Sharon & Crescent United Credit Union (“SCUCU”). Effective January 1, 2020 Crescent employees became participants in the SCU Credit Union Plan. Assets from the Crescent Plan were merged into the SCU plan in May 2020. The Crescent Plan has not been formally terminated, but as of May 30, 2020 had \$0 in assets and liabilities and no remaining participants.
3. *Contributions.* Participants were permitted to contribute up to 100% of their compensation, as defined in the plan. The Plan is a Safe Harbor Plan whereby the Credit Union was required to contribute a minimum contribution of a certain percentage of compensation for eligible employees and may make discretionary contributions. The minimum safe harbor contribution for the years ended December 31, 2019 and 2018 was 3%. In addition, during the years ended December 31, 2019 and 2018, the employer also made a 2% discretionary profit sharing contribution. Total employer contributions in 2019 and 2018 were approximately \$260,000 and \$246,000, of which \$8,000 and \$13,000 were funded by forfeitures, respectively. Of those amounts the safe harbor contributions amounted to approximately \$156,000 and \$147,000 for 2019 and 2018, respectively and the remaining balance was the discretionary contribution. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the plan. Contributions are subject to certain IRS limitations.
4. *Participant Accounts.* Each participant's account was credited with the participant's contributions and Credit Union’s safe harbor contributions and profit sharing contributions, as applicable, as well as allocations of plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE A – DESCRIPTION OF PLAN (continued)

5. *Vesting.* Participants were vested immediately in their contributions and the safe harbor contributions plus actual earnings thereon. Vesting in the Credit Union's discretionary contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after six years of credited service.
6. *Notes receivable from participants.* Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at a reasonable rate as determined by the plan administrator. The interest rate on loans outstanding in 2019 and 2018 ranged from 4.25% to 6.5%. Principal and interest was paid ratably through payroll deductions.
7. *Payment of Benefits.* Upon attaining age 59 ½ or upon termination of service due to death, disability, or retirement, a participant was able to elect to receive the value of the participant's vested interest in his or her account in either a lump-sum amount or as an annuity for that portion of the account that represents assets transferred into the plan from the Crescent Credit Union Money Purchase Pension Plan. Hardship withdrawals were allowed under the provisions of the plan and could not exceed the amount required to meet the immediate financial need created by the hardship.
8. *Forfeited Accounts.* At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately \$8,000 and \$16,000, respectively. Subsequent to each year end, these accounts were then used to reduce employer contributions. Employer contributions for 2019 and 2018 were reduced by approximately \$8,000 and \$13,000 due to the use of these forfeiture accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, including the common collective trust, which holds indirect investments in fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

**CRESCENT CREDIT UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Plan's shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at each year end. The Morley Stable Value Fund distributes income in the form of units, and provides a constant unit redemption value. The Morley Stable Value Fund invests in fully-benefit-responsive investment contracts (FBRICs) and is presented at fair value based on its NAV. As a result, the Plan is an indirect investor in fully benefit-responsive contracts since the Plan itself does not directly invest in FBRICs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the plan were paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through the date of this report, the date the financial statements were available to be issued. See Note I for a discussion of subsequent events.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded. (Level 1)
- *Common/ Collective Trust:* The Plan uses NAV per unit to value the collective investment trust funds. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

* In accordance with Financial Standards Board Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all plan assets, investment transactions, income, and the schedule of assets (held at end of year) as of December 31, 2019 and 2018 and for the years then ended.

NOTE E– TAX STATUS

The Plan adopted a volume submitter profit-sharing plan with CODA sponsored by Fidelity Management Trust Company. That plan and related trust obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the plan has been amended since receiving that opinion letter, the plan administrator believes the plan is designed and has operated in compliance with applicable requirements of the IRC and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the plan, any person who provides services to the plan, or an employer whose employees are covered by the plan. The plan invested in shares of registered investment companies and a common collective trust managed by the plan's trustee, Fidelity. A substantial portion of the income or loss of the plan was derived from these investments. Fees paid by the plan to Fidelity for certain investment management fees were deducted from the net asset values of the investments held by the plan. Also, CBIZ Tofias was the third party administrator of the plan. Fees paid by the plan for record-keeping and investment transaction services for the years ended December 31, 2019 and 2018 amounted to approximately \$2,800 and \$2,200, respectively, plus additional amounts included as a reduction of the returns earned on the investment.

Certain employees and officers of the Company, who were also participants in the plan, performed administrative services to the plan at no cost to the plan. These transactions are exempt from the prohibited transaction rules.

NOTE G - PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As discussed in Note A, the Credit Union has merged all of the assets of this plan into a plan sponsored by SCU Credit Union. The Crescent Credit Union 401(k) Plan has not been formally terminated but as of May 2020 had no remaining assets, liabilities or participants.

NOTE H - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

As discussed in Notes A and G, the Credit Union in 2020 merged all of the assets of this plan into a plan sponsored by SCU Credit Union.
