The following description of the Renovo Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established March 1, 2010, thereafter fully restated effective January 1, 2016, by Renovo Solutions, LLC (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

Employees of the Company are eligible to participate in the 401(k) portion of the Plan upon reaching the age of 21 and completion of 3 consecutive months in which at least 1 hour of service is completed (except nonresident and union employees). Open enrollment occurs quarterly at which time eligible employees may begin participating in the Plan.

c. Participant Contributions

Participants may defer up to 100% of their eligible compensation through pre-tax and Roth salary deferrals, subject to the IRC limit of $19,000 and $18,500 for the years ended December 31, 2019 and 2018, respectively. Upon reaching the age of 50, eligible employees may make additional catch-up contributions limited to $6,000 for the years ended December 31, 2019 and 2018. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

d. Employer Contributions

The Company matches 100% of the first 3% of eligible compensation deferred by a participant and an additional 50% of the next 2% deferred. Participants become eligible to participate in matching contributions upon completion of one year of service and is determined every quarter. The Company may also make additional profit sharing contributions to the Plan at the discretion of the Company's board of members, subject to the limits of the IRC. No additional discretionary contributions were made during 2019 and 2018.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by OneAmerica Retirement Services, the recordkeeper of the Plan. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions and safe harbor matching contributions and the earnings thereon. Effective January 1, 2018, the Company changed from a safe harbor match to a vesting employer match. Participants vest in the portion of their accounts attributable to Company profit sharing and employer contributions and the earnings thereon at a rate of 20% for each year of service beginning at one year of service. A participant is fully vested after five years of credited service or in the event a participant becomes disabled or dies.

g. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance or partial withdrawals or installments mandated as minimum distributions by the IRC. Account balances less than $5,000, excluding balances rolled into the Plan, may be distributed in the form of a direct rollover to an individual retirement account designated by the Plan administrator.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account balance as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

i. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended. The interest rate on participant loans is determined by the Company at a reasonable rate comparable with similar loans. The interest rate on outstanding loans at December 31, 2019 was between 5.50% - 7.50% and the loans mature through 2031.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future Company contributions. For the years ended December 31, 2019 and 2018, $500 and $7,419, respectively, were utilized to reduce employer matching contributions. As of December 31, 2019 and 2018, there were $10,007 and $0 available to reduce future Company contributions or to pay administrative expenses.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework- Changes to the Disclosure Requirements for Fair Value Measurement* which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The majority of the disclosure changes are to be applied on retrospectively. The adoption of this standard is not expected to significantly impact the Plan's future financial statements.

d. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

e. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

f. Payment of Benefits

Benefits are recorded when paid.

g. Administrative Expenses

For the years ended December 31, 2019 and 2018, direct expenses totaling $45,207 and $40,769, respectively, were paid by the Plan. These fees represent transactional fees incurred that were allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

h. Revenue Sharing

The Plan has a revenue sharing agreement in place whereby fees earned by mutual fund companies are shared with the Plan based upon a percentage of assets under management and maintained in a separate ERISA account. These earnings are used for the benefit of the Plan to pay administrative expenses. For the years ended December 31, 2019 and 2018, revenue sharing earnings in the amount of $497 and $317, respectively, were included in the net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

i. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 8, 2020, the date the financial statements were available for issuance.

In March 2020, The Novel Coronavirus Pandemic or COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted. The impact of COVID-19 on the Plan's operations is highly uncertain and cannot be predicted at this time. If the financial markets or the overall economy are impacted for an extended period, the future investment results of the Plan may be materially adversely affected.

The Coronavirus Aid Relief, and Economic Security Act (“CARES Act”) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences

due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

3. Investments

Plan investment assets are participant-directed and held by Matrix Trust Company as of December 31, 2019 and 2018. Participants can direct their accounts among various mutual funds and a guaranteed interest contract.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 *Fair Value Measurements*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

The mutual funds are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the valuation hierarchy.

Guaranteed Interest Contract

The guaranteed interest contract ("GICs") is backed by the American United Life general account. Due to the nature of these contracts, they do not have specific underlying assets assigned. Since American United Life GICs are not traded on an open market and public prices are not available, fair value calculations are determined based on unobservable inputs that reflect the Plan's own assumptions about how the market would price the asset, based on the best information available in the circumstances. Therefore, the guaranteed interest contracts are classified as Level 3 within the valuation hierarchy.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019:

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 8,910,226	$ -	$ -	$ 8,910,226

Total investments	$ 8,910,226	$ -	$ 52,640	$ 8,962,866

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018:

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**

The amount of total gains or (losses) for the year included in the changes in net assets available for benefits attributable to the changes in unrealized gains or (losses) relating to assets held at the end of the reporting period	$ -	$ -

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule of assets held at end of the year was provided and certified by the trustee, Matrix Trust Company as of December 31, 2019 and 2018, and for the years then ended as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest on participant notes receivable
- Schedule of assets (held at end of year)

7. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Additionally, the Plan Sponsor is a party-in-interest to the Plan. However, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and the payment of certain Plan expenses in 2019 and 2018.

8. Tax Status

The Plan utilizes a Volume Submitter Profit Sharing Plan with CODA. OneAmerica Financial Partners, Inc. received an advisory letter from the Internal Revenue Service ("IRS") on March 31, 2014 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letters. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of December 31, 2019 and 2018.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all their accounts.

10. Reconciliation of Financial Statements to the Form 5500
