NOTE 1 - DESCRIPTION OF PLAN

The following description of the Radio Systems Corporation Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Radio Systems Corporation and its participating subsidiaries, affiliates and locations (collectively, the Company or the Employer), who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Each year, participants may contribute up to 60% of eligible compensation, as defined in the Plan. Employees are automatically enrolled at a 2% deferral rate upon becoming eligible to participate in the Plan along with a 1% annual auto-increase rate, capping at 5%. Participants may elect to change or discontinue deferrals at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Each pay period, the Company makes Safe Harbor matching contributions to the account of each eligible employee equal to 100% of the first 5% of eligible compensation that a participant contributes to the Plan. The Company may, at its discretion, make additional profit-sharing contributions to the Plan on an annual basis. There were no profit-sharing contributions for the current Plan year. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are 100% vested in their contributions, their Employer's contributions and rollovers plus actual earnings thereon.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions or directly from participant through Fidelity Management Trust Company (Fidelity).

Forfeitures: Forfeitures are a result of amounts transferred in plan mergers and outstanding uncashed distribution checks. To the extent forfeitures are not used to reduce administrative expenses under the Plan, forfeitures shall be applied to reduce employer contributions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Transfer from Other Plan: Effective April 1, 2019, LZD, Inc. (401k) Plan was merged into the Plan, pursuant to I.F.D., Incorporated and LZD, Inc. being acquired by the Company in November 2018. The transfer of \$840,431 in net assets of the LZD, Inc. (401k) Plan into the Plan was completed on April 9, 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions or directly from participants through Fidelity, and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are based upon the closing net asset value per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2019, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total	\$ 37,181,481	\$ 37,181,481	\$ -	\$ -

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2019 and 2018, Plan investments include mutual funds managed by Fidelity Investments, which qualify as party-in-interest transactions. The Plan also holds participants loans at December 31, 2019 and 2018, which qualify as party-in-interest transactions. The Plan's payment of the 2019 administrative fees to Fidelity of \$31,371 also qualifies as party-in-interest transactions. The amount above includes payments for audit fees from the Plan assets to Crowe LLP, the Plan's external auditor that is a party-in-interest.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 7 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The investment results of the Plan could be materially affected. The ultimate impact of the coronavirus on the Plan, investment results, and the Company will depend on future developments, which are highly uncertain

and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Effective February 1, 2020, Invisible Fencing of Charlotte, LLC 401(k) Plan was merged into the Plan, pursuant to Invisible Fence South, Inc. being acquired by the Company in January 2019. The transfer of \$3,652,031 (unaudited) in net assets of the Invisible Fencing of Charlotte, LLC 401(k) Plan into the Plan was completed on February 14, 2020.

Effective April 9, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 29, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective June 30, 2020, the Plan Sponsor was acquired by CD&R Smokey Buyer, Inc. There are no current plans to terminate the Plan.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2019 and 2018, Plan investments include mutual funds managed by Fidelity Investments, which qualify as party-in-interest transactions. The Plan also holds participants loans at December 31, 2019 and 2018, which qualify as party-in-interest transactions. The Plan's payment of the 2019 administrative fees to Fidelity of \$31,371 also qualifies as party-in-interest transactions. The amount above includes payments for audit fees from the Plan assets to Crowe LLP, the Plan's external auditor that is a party-in-interest.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 7 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The investment results of the Plan could be materially affected. The ultimate impact of the coronavirus on the Plan, investment results, and the Company will depend on future developments, which are highly uncertain

and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Effective February 1, 2020, Invisible Fencing of Charlotte, LLC 401(k) Plan was merged into the Plan, pursuant to Invisible Fence South, Inc. being acquired by the Company in January 2019. The transfer of \$3,652,031 (unaudited) in net assets of the Invisible Fencing of Charlotte, LLC 401(k) Plan into the Plan was completed on February 14, 2020.

Effective April 9, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 29, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective June 30, 2020, the Plan Sponsor was acquired by CD&R Smokey Buyer, Inc. There are no current plans to terminate the Plan.

RADIO SYSTEMS CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Radio Systems Corporation Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Radio Systems Corporation and its participating subsidiaries, affiliates and locations (collectively, the Company or the Employer), who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Each year, participants may contribute up to 60% of eligible compensation, as defined in the Plan. Employees are automatically enrolled at a 2% deferral rate upon becoming eligible to participate in the Plan along with a 1% annual auto-increase rate, capping at 5%. Participants may elect to change or discontinue deferrals at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Each pay period, the Company makes Safe Harbor matching contributions to the account of each eligible employee equal to 100% of the first 5% of eligible compensation that a participant contributes to the Plan. The Company may, at its discretion, make additional profit-sharing contributions to the Plan on an annual basis. There were no profit-sharing contributions for the current Plan year. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are 100% vested in their contributions, their Employer's contributions and rollovers plus actual earnings thereon.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions or directly from participant through Fidelity Management Trust Company (Fidelity).

Forfeitures: Forfeitures are a result of amounts transferred in plan mergers and outstanding uncashed distribution checks. To the extent forfeitures are not used to reduce administrative expenses under the Plan, forfeitures shall be applied to reduce employer contributions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Transfer from Other Plan: Effective April 1, 2019, LZD, Inc. (401k) Plan was merged into the Plan, pursuant to I.F.D., Incorporated and LZD, Inc. being acquired by the Company in November 2018. The transfer of \$840,431 in net assets of the LZD, Inc. (401k) Plan into the Plan was completed on April 9, 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions or directly from participants through Fidelity, and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are based upon the closing net asset value per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2019, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2019 and 2018, Plan investments include mutual funds managed by Fidelity Investments, which qualify as party-in-interest transactions. The Plan also holds participants loans at December 31, 2019 and 2018, which qualify as party-in-interest transactions. The Plan's payment of the 2019 administrative fees to Fidelity of \$31,371 also qualifies as party-in-interest transactions. The amount above includes payments for audit fees from the Plan assets to Crowe LLP, the Plan's external auditor that is a party-in-interest.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.
