COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the CommoLoCo Retirement Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by CommoLoCo, Inc. (the “Company”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are located in Evansville, Indiana.

The Plan was established on January 1, 1979 and was subsequently amended and restated as of January 1, 2008. Effective December 31, 2010, the Plan was amended to be qualified only under the Puerto Rico Internal Revenue Code of 1994, as amended (“PR Code”). Effective as of the close of business on December 31, 2012, the Plan was frozen with respect to both benefit accruals and new participation.

The Plan is a qualified, non-contributory defined benefit plan subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, the PR Code, and effective January 1, 2011, the Plan is intended to be qualified under the Puerto Rico Internal Revenue Code of 2011, as amended (“2011 PR Code”). Until December 31, 2010, the Plan was also subject to the provisions of the U.S. Internal Revenue Code of 1986 (“U.S. Code”), as amended. All salaried employees of the Company who are residents of Puerto Rico, have attained age 21 and completed 12 months of continuous service are eligible to participate in the Plan.

A separate trust is established with Banco Popular de Puerto Rico as the Trustee and State Street Bank and Trust Company (“State Street”) as the Custodian.

The OneMain Financial Retirement Plans Committee (the “Committee” and “Plan Administrator”) is appointed by the Company or its affiliates and serves as a fiduciary of the Plan. The Committee has general responsibility for the administration and interpretation of the Plan.

Contributions

The Company and its affiliates are responsible for funding the Plan and contributions by participants are not required or permitted. All contributions are paid directly to State Street. The Plan’s funding policy is for the Company or its affiliates to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company’s and its affiliates’ contributions for 2019 and 2018 were sufficient to satisfy the minimum funding requirements of ERISA.

A. Description of the Plan – continued

Retirement Benefits

The Plan was structured using a defined benefit formula providing a life annuity based primarily upon the employee's credited length of service and covered eligible compensation during certain years of the participant's employment period, subject to limits set by government regulations. Participant's criteria may differ based on their date of hire. Effective December 31, 2012, as part of the Plan freeze, certain elements related to the Plan formula, including benefit service, average monthly compensation, average covered compensation, and the normal retirement benefit, were also frozen. No compensation paid by the Company on or after January 1, 2013 will be recognized for any purpose under the Plan.

In addition to normal retirement benefits at age 65, under certain conditions, the Plan also provides for early retirement, death and termination, and spousal benefits, as defined by the Plan documents.

The employee may elect to receive pension benefits in the form of a 50%, 75% or 100% joint and survivor annuity, single life annuity, or life and ten-year certain option. If employees terminate with less than five years of continuous service, they forfeit the right to receive their portion of accumulated benefits.

Generally, employees with ten or more years of benefit services may retire early between the age of 55 and their 65th birthday, with an early retirement factor applied to the basic benefit. Other rules may apply to the frozen past service plan benefits, as defined by the Plan document.

For the years ended December 31, 2019 and 2018, the Internal Revenue Service ("IRS") maximum benefit limitation was \$225,000 and \$220,000, respectively, and the maximum compensation limitation was \$280,000 and \$275,000, respectively. Other limits under the PR Code and the 2011 PR Code may also apply.

Plan Expenses

Employees of the Company or its affiliates perform certain administrative functions with no compensation from the Plan. All administrative expenses paid by the Company or its affiliates are not reflected in the accompanying financial statements.

On October 6, 2016, the Pension Benefit Guaranty Corporation ("PBGC") made the determination that the Plan was not covered by Title IV of ERISA and the Plan did not meet the requirements of ERISA section 4021(a). That ruling was retroactive to calendar year 2011.

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan maintains periodic cash balances at Banco Popular for transaction purposes and at State Street as required by the Custodian, with any remainder invested into a short-term investment fund.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Fair Value Measurements – continued

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Short-term investments typically consist of government short-term investment funds ("STIF"), which are non-registered proprietary funds classified within Level 1 of the valuation hierarchy.
- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified as either Level 1 or Level 2 of the valuation hierarchy depending on observable inputs of the underlying investments held by the fund. There are no significant restrictions on redeeming these investments at NAV.
- Interest-bearing cash is valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2019				
	Level 1	Level 2	Level 3	Total
Short-term investments	\$ -	\$ -	\$ -	\$ -
Mutual funds	2,127,564	9,793,754	-	11,921,318
Interest-bearing cash	152,905	-	-	152,905
Total investments at fair value	<u>\$ 2,280,469</u>	<u>\$ 9,793,754</u>	<u>\$ -</u>	<u>\$ 12,074,223</u>
2018				
	Level 1	Level 2	Level 3	Total
Short-term investments	\$ 52,113	\$ -	\$ -	\$ 52,113
Mutual funds	1,721,563	8,583,885	-	10,305,448
Interest-bearing cash	203,916	-	-	203,916
Total investments at fair value	<u>\$ 1,977,592</u>	<u>\$ 8,583,885</u>	<u>\$ -</u>	<u>\$ 10,561,477</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. Certain prior year amounts have been reclassified to conform to the current year presentation.

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

D. Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary using a January 1st measurement date and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits was prepared by an independent actuary as of January 1, 2019, which would not be materially different if prepared as of December 31, 2018.

For 2019 and 2018, the interest rate used in calculating the accumulated Plan benefit obligation was 5.79%. For 2019 and 2018, the mortality rates are based on the Scale MP-2018 and the Scale MP-2017 mortality table, respectively. For 2019 and 2018, disability, termination, and retirement rates are based on published statistical data and anticipated experience under the Plan. Retirement age is based on retirement probability for various age ranges from ages 55 through 65. Benefits accumulated, including actuarial adjustments, include the effects of actuarial experience gains and losses.

The actuarial assumptions are based on the presumption that the Plan will continue. If the Company chooses to terminate the Plan, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

The actuarial present value of accumulated Plan benefits for the Plan was computed at December 31, 2018, as follows:

	December 31, 2018
Actuarial present value of accumulated benefits	
Vested benefits:	
Participants currently receiving payments	\$ 8,598,930
Other participants	3,814,244
	<u>12,413,174</u>
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits	<u><u>\$ 12,413,174</u></u>

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

D. Actuarial Present Value of Accumulated Plan Benefits – continued

The change in the present value of accumulated Plan benefits for the year ended December 31, 2018 was as follows:

	Year Ended December 31, 2018
Actuarial present value of accumulated benefits at beginning of year	\$ 12,706,842
Increase (decrease) during the year attributable to:	
Change in actuarial assumptions	(31,294)
Other changes	3,159
Increase for interest accumulation	707,941
Benefits paid	(973,474)
Net decrease	<u>(293,668)</u>
Actuarial present value of accumulated benefits at end of year	<u>\$ 12,413,174</u>

E. Information Certified by the Trustee and Custodian

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the Trustee and Custodian, which included total investments as of December 31, 2019 and 2018, the total investment income (loss) for the years ended December 31, 2019 and 2018, and all information included in the supplemental Form 5500 schedule H, line 4i – schedule of assets (held at end of year) and Form 5500 schedule H, line 4j – schedule of reportable transactions.

F. Tax Status

The Plan received a favorable determination letter dated March 14, 2008 from the IRS stating that the Plan continues to qualify under the appropriate sections of the U.S. Code and, thus, the related trust is exempt from U.S. taxation. The Plan has been restated and amended since receiving the determination letter from the IRS. However, the Plan Administrator believes the Plan was designed and operated in material compliance with ERISA and the U.S. Code until December 31, 2010, when the Plan was amended to be qualified only under the PR Code and funded through a trust with a situs in Puerto Rico.

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Tax Status – continued

The Plan, as amended and restated effective January 1, 2008 and the First, Second, Third, Fourth, and Fifth Amendments of the Plan, received a favorable determination letter dated February 3, 2016, from the Puerto Rico Treasury Department (“PR Treasury”) stating that the Plan meets the requirements of Section 1165(a) of the PR Code, and that the trust established thereunder is exempt from Puerto Rico income taxes. In addition, the Plan received a further favorable qualification letter dated February 24, 2017, from the PR Treasury stating that the adoption of the Sixth Amendment of the Plan, as amended and restated effective January 1, 2008, does not affect in any way the determination letter issued on February 3, 2016, regarding the Puerto Rico tax qualified status of the Plan under Section 1165(a) of the PR Code. The Plan Administrator believes the Plan has been designed and operated in material compliance with ERISA and the PR Code, and thus, the Plan is intended to be qualified and the related trust to be exempt in Puerto Rico and, pursuant to ERISA, exempt in the U.S.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right under the Plan to terminate the Plan subject to the provisions set forth under ERISA.

In the event the Plan is terminated pursuant to a standard termination and no successor plan is established, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided for under ERISA. In distributing such assets, the Plan Administrator will either (i) purchase irrevocable commitments from an insurer to provide all benefit liabilities under the Plan or (ii) in accordance with provisions of the Plan and any applicable regulations otherwise fully provide benefit liabilities under the Plan (generally, this could include providing an election to receive a lump sum or an annuity).

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits and may also depend on the level of benefits guaranteed, if applicable.

Other rules under the PR Code and the 2011 PR Code may also apply.

COMMOLOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in interest-bearing cash and a short-term investment managed by Banco Popular de Puerto Rico and State Street. Banco Popular de Puerto Rico acts as Trustee and State Street acts as Custodian for the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Risks and Uncertainties

The Plan includes investment securities that are exposed to various risks, such as interest rate fluctuations, market volatility and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that such changes in risk in the near term could materially affect the amounts reported on the statements of net assets available for benefits and the statements of changes in net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments held by the Plan.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 12, 2020, the date the financial statements were available for issuance.

Subsequent to December 31, 2019, the global outbreak of a novel strain of coronavirus ("COVID-19") resulted in widespread volatility and deterioration in economic conditions globally. Due to the disruption of COVID-19 on the global economy, the value of investment securities may fluctuate significantly and may continue to be adversely affected.
