PrimeVigilance USA Inc. Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the PrimeVigilance USA Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of PrimeVigilance USA Inc. (the "Company"), and employees of any participating affiliates, who have completed three months of service and have attained age 21. Participating affiliates include Ashfield Market Access, LLC. Effective March 1, 2016, the Plan was amended and restated to bring the Plan into compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes, specifically the 6-year pre-approved plan restatement for Volume Submitter plans. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 10, 2020, the Plan name changed from Ashfield Pharmacovigilance Retirement Plan to PrimeVigilance USA Inc. Retirement Plan as a result of the sale of the plan sponsor to PrimeVigilance USA Inc. See Note 2 for further information regarding subsequent events.

The Plan was amended and restated effective January 1, 2019. Under the restatement, the exclusion provision for employees subject to a collective bargaining agreement was removed and the maximum percentage of compensation a participant may elect to defer was modified from 86% to 90%.

Contributions

Each year, participants may contribute up to 90% of annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate set at 5% following 90 days of employment, unless they affirmatively elect not to participate in the Plan. The Company has declared a non-elective safe harbor matching contribution on behalf of all eligible employees equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may also be contributed at the discretion of the Company. The Company did not declare a profit sharing contribution for 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, and allocations of the Company's profit sharing contribution, if applicable, and plan earnings (losses). Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PrimeVigilance USA Inc. Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates from 5.25% to 7.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor contribution portion of their accounts plus actual earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested, under a graduated vesting schedule, after five years of credited service or upon Normal Retirement Age, as defined. Upon death or disability before the participant's retirement age or termination date, the participant will be 100% vested.

Payment of Benefits

Participants' benefits under the Plan are payable to participants, their beneficiaries, or their estates upon termination of employment, normal retirement (the attainment of age 65), death, disability, hardship, or upon the attainment of age 59-1/2. Benefits are payable in the form of lump sum distributions, installment payments, or partial withdrawals. Participant and spousal consent is required for distributions over \$5,000.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$10. These accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the year ended December 31, 2019, forfeitures were not used to reduce Company contributions or to pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

PrimeVigilance USA Inc. Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2020, which is the date the financial statements were available to be issued.

The Plan was amended and restated effective January 10, 2020 following the sale of the plan sponsor to PrimeVigilance USA Inc. Under the restatement, the plan sponsor was changed to PrimeVigilance USA Inc., the Plan name changed to PrimeVigilance USA Inc. Retirement Plan and Ashfield Market Access, LLC was removed as a participating employer. Effective January 10, 2020, the plan sponsor also approved the spin-off of the assets in the Plan associated with the participants of Ashfield Market Access, LLC. As a result, \$631,795 in plan assets were transferred out of the Plan on January 23, 2020.

PrimeVigilance USA Inc. Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events (Continued)

On May 14, 2020, a board resolution was signed to amend the Plan effective as of August 1, 2020 for the following:

- To change the Plan name from PrimeVigilance USA Inc. Retirement Plan to Ergomed - PrimeVigilance 401(k) Plan;
- To permit the merger of the assets in the ERGOMED USA 401(k) Plan into this Plan and to add ERGOMED Clinical Research, Inc. ("ERGOMED") as a participating employer with prior service recognized for eligibility and vesting purposes for retained employees of ERGOMED;
- That the ERGOMED plan non-safe harbor matching contribution assets and non-safe harbor profit sharing contribution assets merging into this Plan shall be merged into a frozen employer contribution source which shall be immediately 100% vested, available for in-service withdrawals upon reaching age 59 1/2, available for hardship withdrawals, and available for participant loans;
- To add an annual true-up contribution feature for the safe harbor matching contributions funded into this Plan and to update the automatic enrollment default contribution percentage to 4%.

Beginning in March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. Due to the uncertainty surrounding the COVID-19 situation, the impact on the Company's results of operations, cash flows, and financial conditions, and the extent of any impact to the Plan, cannot be reasonably estimated or determined at this time.

The Plan has implemented certain optional provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, including coronavirus-related distributions, suspended participant loan payments and increased loan limits. Required plan amendments for these provisions must be made by the last day of the plan year beginning on or after January 1, 2022.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

PrimeVigilance USA Inc. Retirement Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, determined by the Trustee, is based on the fair values of the underlying investments held by the fund less liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,744,231	\$ -	\$ -	\$ 4,744,231

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,119,505	\$ -	\$ -	\$ 4,119,505

Total investment assets at fair value	\$ 4,119,505	\$ 81,783	\$ -	\$ 4,201,288

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the Trustee of the Plan).

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Reliance Trust Company. Reliance Trust Company is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Wharton Hill Investment Advisors provides investment advisory services to the Plan. Fees incurred and paid by the Plan for these services were \$22,418 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

PrimeVigilance USA Inc. Retirement Plan

Notes to Financial Statements

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties and Concentrations of Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, two investment securities represented 28% and 26%, respectively, of plan net assets.

Note 9: Reconciliation of Financial Statements to Form 5500
